Chicago, March 30.—Dr. D. K. Pearson, physician in Hinsdale, a suburb, will celebrate his ninety-first birthday April 14, by the distribution of $300,000 to small colleges and religious organizations. The money to be given April 14 will be distributed as follows: American Board of Foreign Missions, $100,000; Berea College, Kentucky, $100,000; Doane College, Nebraska, $100,000; Hinsdale sanitarium, $100,000; Highland College, Kansas, $100,000; McKendree College, Illinois, $100,000; other smaller gifts, $45,000. The total distribution will be $300,000.

"I bring to the birthday greetings of affection and devotion to the American public, while it adores the name of this ideal citizen to the attention of all readers for the first time.

Although Mr. Carnegie has called him "the prince of givers," Dr. Pearson's name has never been celebrated in a way at all adequate to the good that he has done. Just how much he has given, indeed, is not known to the public or his friends, although there are estimates which place the fortune of which the last has now been devoted to good works at $6,000,000.

What is known is that for 20 years Dr. Pearson has been making gifts of $1,000,000. Chicago, April 15.—Dr. D. K. Pearson of Hinsdale celebrated his 91st birthday yesterday by giving away $500,000, the last of $6,000,000 given altogether. He has given up his fine country home and is living in a sanitarium. Representatives of twenty-seven small colleges in twenty-four states to which he has given help were at the Hinsdale sanitarium yesterday.

"I see Jim Patten has come around to the giving point," said Mr. Carnegie. The multi-millionaire who does not give is a failure and dies a failure. Let him fix his family on a basis of $5,000 a year, then get a big piece of land and then give the rest back to the public from which he got it. I began to give thirty years ago," Carnegie concluded.

"In the college and university work and in the local work, one of my principal aims is to get America to see that the idea of giving is a part of American life and the more we give the more we prosper."

"You see, I have given nearly all to the little colleges. It is the little colleges that need help. Short of $6,000,000 I have already given Chicago $1,000,000, and I wish it were more."

"I am more left now just enough to keep me secure and comfortable for the rest of my days."

At the dinner he signed checks among others, for Berea college, Kentucky, $100,000; American Board of Foreign Missions, $100,000; other smaller gifts, $45,000.
FAST DAY PROCLAMATIONS
BY FATHER AND SON.

Sixty-five years intervened between the issue of the Fast Day proclamation by Governor Roger S. Baldwin and the issue on one for a like day by his son. Governor Simeon E. Baldwin. The present governor was 6 years old when Roger Sherman Baldwin set apart a day for public humiliation, fasting and prayer. The first proclamation was long and embraced many subjects. The last, the work of an eminent jurist, is brief and to the point. This was the fast day proclamation by Governor Roger S. Baldwin, issued at New Haven, March 2, 1844:

By His Excellency
Roger S. Baldwin,
Governor of the State of Connecticut;
A PROCLAMATION.

The appropriate observance, according to the usage of our state, a day of state seasons set apart for the review of the social conduct, and for the serious and devout contemplation of our relations, as a people, to the righteous Governor of the Universe, is a privilege and the duty of a Christian community.

I have, therefore, thought proper to recommend, and do hereby recommend, that Friday, the tenth of April next, be observed throughout this state, as a day of public humiliation, fasting, and prayer; and I do invite the ministers and people of all religious denomina-
tions to assemble on that day in their respective house of worship and sus-
tain us in our resolutions of amend-
ment;

Also, to fervently invoke divine blessings on our country, and heavenly wis-
dom to enlighten and direct all who are entrusted with the exercise of authority in our state and national governments; especially enthralling him to bring us and our transgressions and wounded for our iniquities, and who ever liveth to make intercession for his people, to present their sincere and united supplication to the mighty God, for the pardon of our many violations, individual and social, of his holy law, and for aid from on high, to strengthen and sus-
tain us in our resolutions of amend-
ment;

For some reason the explosion struck on the fourth floor and struck him a glancing blow on the head. The leg has troubled him ever since. His appoint-
ment as night watchman was made in June, 1877. In 1899, a gas explosion occurred in the building directly un-
der the north front which lifted the huge casks of granite to great heights. Mr. O'Keefe was in that. Last Decem-
ber a part of the ceiling slipped from the fourth floor and struck him a glancing blow on the head. Mr. O'Keefe has been a faithful employee and he has missed but a few rounds.

ASTOR LIBRARY CLOSES.

Was One of the Landmarks of Old New York.

The Astor library in Lafayette street, New York, one of the wonder of the city in the days of Washington Irving, closed its doors last night to booklovers forever. It will be only a short time before the last of its 300,000 volumes are sheltered in the new public library at Fifth avenue and Forty-second street, to be opened May 21. Its closing marks the passing of one of the city's landmarks.

The old library was built in 1854 from moneys bequeathed by John Jacob Astor. Washington Irving was the first president of its board of trustees. King Edward VII of England, as prince of Wales, Don Pedro, emperor of Brazil, Prince Na-
poleon, and other distinguished visitors from across the seas, passed through its portals during the days of its greatness. The building will be sold and probably used for commercial purposes.
Miss Elizabeth Woodbridge Thompson, celebrated her 100th anniversary of her birth today. She was born in New London, Conn., April 19, 1811, and for many years resided in that city. She is a descendant of Gorton Santonial, of the Earls of Chester, in 1703, and a granddaughter of Captain William Thompson, who was killed at Ridgefield, Conn., in 1777, in the Battle of the Danbury Road during the Revolutionary War. She is a direct descendant of William Brewer, the "ruling elder and spiritual leader in the congregation church." Miss Thompson retains all her faculties and is in the best of health.

James DeWolt Perry, jr., bishop of Rhode Island, and former rector at St. Paul's. It was a military wedding, the groom and his bride being in full uniform. The language of the ceremony was English, French, and Spanish, and included various expressions of love and affection, as well as promises of fidelity. The bride wore a dress of white satin, trimmed with lace, and carried a bouquet of pink roses. The groom wore a uniform of the United States navy, and carried a sword. The wedding took place amidst beautiful surroundings, with the Philharmonic orchestra playing for the ceremony. The guests were seated at many small tables, each having a floral centerpiece. The wedding was officiated by Rev. William W. Rockwell, and the service was performed in St. Paul's church. The couple will reside in New York, and the bride is a descendant of Captain John Stiles, one of the original settlers of this city. SERMON GIVEN BY BISHOP GREER.
Structure of St John the Divine in New York Scene of Devotionul Preparations. The completed portions of the cathedral of St John the Divine, a pile of massive masonry crowning Morningside heights, in upper Manhattan, were consecrated yesterday according to the rites of the Protestant Episcopal church, with solemn ceremony and in the presence of a notable gathering of clergy and laity. The impressive offices were presided over by Rev. David Hume Greer, bishop of the

country, and the fourth largest in Christmas. Although only partly constructed, it has already been 20 years in building, at a cost of $8,500,000, and it may take as much longer to complete it at a total estimated cost of $10,000,000. Seating accommodations are now provided for about 1700 persons, but, although consecrated for present use, four-fifths of the work remains to be done, and the full capacity will approach 7000. At present the interior walls stand in great part as they were laid, in jutting tiers of rough granite; the vaulted roof of the crossing is only a makeshift of ferrocement to be torn down later; the arches from which the transepts will spread are blocked with temporary concrete baffles; the flooring itself is but a cement bed, on which the mosaics will yet be superimposed; only a high of the full glory appears, and yet no noble is the harmony of the ample dimensions and so rich the promise of fulfillment that the fragment opened to the public yesterday is itself an invitation to worship.

“How has this mighty undertaking been financed?” asks Canon Robert Ellis Jones. “By the same devotion and sacrifice,” he answers, “which actuated the best of the medieval cathedral builders. The cathedral has no official source of revenue. No organized effort has been made to draw on the interest of Episcopalians, and yet gifts of all sizes have flowed in, from all quarters. Five dollars was a gift early in the year from a seamstress up the Hudson. The immense library of the city itself gave a dozen old volumes, which they are the holiest of the edifice as ready for use.

ROMANESQUE IN STYLE: the cathedral is late Romanesque traces of Byzantine influence as the architectural critic, C. Furguson, a son of the late John describes it, “so far as the in the larger sense is Gothic, it is a very early period, the transumption from the simple, to the more complex organism,” is the constructive scheme based on the arch. The mystery of light, void dim, pillared aisles has been for the solemn grandeur of a trial crossing, wherein the sanctuary mass within sound of the voice, light, from above by a term of 16 windows, surrounded a central tower. The site is the most commanding in the city, on what once was the battle-field of Harlem heights, overlooking the main plain of Manhattan, the Hudson river and Long Island sound. It occupies three city blocks, bounded by One Hundred and Tenth and One Hundred and Thirteenth streets to north and south, and Morningside drive and Amsterdam avenue to east and west. The cathedral itself is a cruciform structure 520 feet long, 135 feet wide across the transepts, having two western towers in the angles made by arms of the cross, with it central tower and spire planted on a base 100 feet square and rearing its final cross to a height of 425 feet. As the great dome of the crossing dominates the interior, so the lofty tower, soaring from the ledges of Morningside heights will dominate the exterior.
Compared With Other Churches.

The central tower of Trinity church, Boston, hitherto the most massive in America, could stand within St John’s crossing and leave three-quarters of its overall height. The dome is of almost equal span with that of the mosque of St Sophia at Constantinople and nearly 100 feet higher. The dome of St Paul’s, London, is slightly wider, but 36 feet lower. The rotunda of the capitol at Washington is of the same supercilious area, but the ceiling stands 183 feet above the floor and that of St John’s 272 feet.

The total superficial area of St Peter’s, the greatest of all cathedrals, is 227,659 square feet, a little less than double that of the next largest, at Seville Spain, which has in the Duomo of Milan, with 107,000 square feet, and fourth St John’s, with 99,500. Other notable churches are Cologne cathedral, 91,494; St Paul’s, London, 68,225; St Sophia, Constantinople, 70,000; Notre Dame, Paris, 64,108; Westminster abbey, 61,729.

The construction is everywhere designed for all the ages. The outer walls are of cream-colored granite from Lake Moh gas, N. Y., faced inside with a beautiful, soft buff limestone from Fontenay, Minn. The groined vaults above the choir will be brilliant with primary colors, and the four panels of the crossing will blaze with mosaics and gold. At its four corners stand four massive piers, supporting the ceiling and dome of the weight of the tower above. Each of them is 26 feet square, its load is 34,718,010 square feet, a little less than double that of the next largest, at Seville Spain, which has in the Duomo of Milan, with 107,000 square feet, and fourth St John’s, with 99,500. Other notable churches are Cologne cathedral, 91,494; St Paul’s, London, 68,225; St Sophia, Constantinople, 70,000; Notre Dame, Paris, 64,108; Westminster abbey, 61,729.

At its four corners stand four massive piers, supporting the ceiling and dome of the weight of the tower above. Each of them is 26 feet square, its load is 34,718,010 square feet, and it stands on concrete foundations, built 40 feet below in the living rock. Inscribing upon the piers and now visible in all photographs of the cathedral, but later to be revealed by incision by the external walls, are four flying buttresses, the heaviest ever built, which will take up the thrust of the arches and distribute their load evenly on the piers. It was not felt wise in so savage a climate as that of the Atlantic coast to expose them, constructing the only guarantee of the structural integrity of the whole, to the attacks of rain and frost, imperfection of mortar, but imperiously destructive in the course of the centuries.

No iron and no wood is used in the framework of the cathedral proper. The floors are of hollow tiling, the walls of hollow brick and the roof of tiling again, with the greater sheathing over all needed only for a weather screen. An elaborate heating and ventilating plant is already in operation. Hidden electric lights will illuminate the arches of the choir with incomparable perfection. A closely woven system of telephones will connect the vast wings for the service of the singing clergy. As the choir withdraws in the recessional its blended voices will be brought back to the kneeling congregation through sounding horns, with operatic effect. The building will be as nearly imperishable, indestructible and responsive to the needs of its allegiance as it has been possible for human ingenuity to make it.

It is fitting that the largest and most distinguished gathering of Episcopal church dignitaries ever assembled in this country is to mark the opening service of the cathedral of St John the Divine in New York on Wednesday, the 19th. That cathedral will be by far the most noble structure reared by any religious denomination in this country. Already 26 bishops have signified their intention of participating, and in addition there will be nearly 250 clergymen, 25 prominent laymen, delegates to the diocesan convention, and an augmented choir of 56 men and

CHURCH CONVENTION
IN CITY OF NEW YORK

Triennial Gathering of Clergy and Layman Representing Episcopalians of America and Missions.

SERMON BY BISHOP LAWRENCE.

New York, October 8—The Cathedral of St. John the Divine, now but a promise of future magnificence, could not hold the great throng that gathered to-day for the opening ceremony of the triennial general convention of the Protestant Episcopal church in America. Ridiculous numbers began that afternoon; this morning there was only a service of devotion.

In twenty-four years since the general convention met in New York, and not since then has there been any gathering here of the leaders of the church to compare with the triple assemblage sheltered to-day by the $30,000,000 cathedral. When St. John's is finished it will be the most costly house of worship in the world.

Entry of the Bishops.

The members of the house of deputies, 416 in number, equally divided among clerical and lay delegates, were already seated in the cathedral with several hundred invited guests, both men and women, when the 113 bishops marched from the old school house through a drizzling rain and took their seats in the church opposite. The episcopal robes and symbols of the church borne in the procession made an impressive display.

Holy communion was celebrated by Bishop Daniel Sylvester Tuttle of Missouri, presiding bishop of the denomination. He was assisted by Bishop Greer and Suffragan Bishop Burch of this city.

Sermon of Bishop Lawrence.

"Religion," said Bishop Lawrence, "is at the foundation of education, first, last and always; it gives vitality, depth and harmony to the whole character. So far as the teachers and the scholars in our schools are religious and come from religious homes there will be an atmosphere of religion in the schools. Withali, however, the variety of races, faiths and no faiths represented in the children of our public schools, we may put the thought of definite teaching of the Christian faith in the schools out of our minds. It cannot be done and it ought not to be attempted."

The suggestion that the different denominations send religious teachers to the schools and at certain hours under a voluntary system give children, separated according to sects, their religious education, was set aside as unable to meet the situation. While he expressed high respect for the parochial school system of the Catholic church, Bishop Lawrence declared his opinion that its worth was limited.

"Why should we cling to the fetish that religion must be taught under the same roof or in the same room with geography and arithmetic?" he asked. "The day and country must pass in its service over instrumentalities at hand.

Great avenues for Christian work, Bishop Lawrence pointed out, were the colleges and universities and the navy. He declared that although since 1858 the number of officers and men in the navy has increased from 10,000 to 50,000 the number of naval chaplains has remained the same—24.

"That there is rising up in this church a feeling, blind, ignorant, emotional if you will, but earnest, true and sympathetic, that the church must reach out with a stronger hand, a warmer heart and a firmer voice in behalf of social righteousness, is ground for hope. Every man and woman must share in it."
The Forthcoming Dedication of the Choir of the Cathedral of St. John the Divine

Photograph of the magnificentlyissive choir of the Protestant Cathedral that is now in process of being erected on Morningside Heights, New York.

The choir is to be dedicated April 19th. President Taft, Governor Dix, Mayor Gaynor and prominent clergymen of many denominations have been invited by the trustees to attend the dedication. The organ is located in the upper galleries on the right and the left of the choir. The organist is seen seated at the keyboard above the choir to the right. From ceiling to floor is 125 feet.

The huge granite pillars seen around the altar are used to save the vista from shrinking to the eye. The altar is built of white Vermont marble, Rosestone of Georgia, green onyx of Pennsylvania, the chapel at the rear of the altar is of red jasper; white yellow limestone from Minnesota; yellow spotted marble from Egypt; and snow-like marble from Carrara have been used in and around the altar.

From $150,000 upward, as much as $500,000, New York architects say there is no doubt that Mr. Cram is entirely within his rights though they regret the displacement of Mr. La Farge. The partner of Mr. La Farge has issued a statement warning the trustees against the proposed change.
Miss S. E. Eny Smith, of Mulberry street, was married last week Thursday to Mr. Rye, N. Y., at a dinner given by D. B. Bilatons, and was present at Smith's next morning. Mulberry street was visited by the couple, who have been married there. The wedding took place at 511 east 51st street, where the couple has lived since then. The wedding was attended by relatives and friends. The couple will reside in Rye, N. Y.

ALEXIS A. KELSEY.

In speaking of Mr. Kelsey's appointment, Louis H. Stanley, the supervisor of the district, expressed himself as being much pleased, saying that Mr. Kelsey had done excellent work as a teacher of the ninth grade in the New Park avenue school, which is under the supervision of Mr. Kelsey.

Native of Westbrook.

The new vice-principal was born in Westbrook in 1884 and graduated from the Old Saybrook high school in the class of 1901. The two years following his graduation from high school were spent preparing for college. He entered Yale in 1896 and majored in chemistry, and graduated in 1905 with the degree of Ph. D.

For the first three years after leaving college he practiced chemistry, being associated with the Winchester Repeating Arms company and the New Ipswich Arms company in New York. He then went to New Haven and Hartford Rail Pipe Company, where his background took up teaching in the New Park above the avenue school, ninth grade, a position which he has since held.

The couple were married with a large party of friends. The couple will reside in Rye, N. Y.

Mr. and Mrs. Mathews went immediately from the church to the home of E. O. Smith, 161 Pearl street, where they received the congratulations of their relatives and friends. The couple will reside in Rye, N. Y.
FORTY MILES TO GETTYSBURG.

Fifty years ago to-day, William F. Hilton of this city, department chaplain of the state G. A. R., was mustered into the service of the United States for the war with the south. On the 3d of April preceding, young Hilton achieved his nineteenth birthday. Samter was fired upon on the 12th and the thrill that went through the north was emphasized by the call of President Abraham Lincoln on the 15th for 75,000 volunteers to put down the rebellion. The following day found this patriotic youth at the enlistment office at Philadelphia, and on the 1st of April, just a half century ago, he saw his name recorded as a member of Company B, John F. Glenn, captain Twenty-third regiment of Pennsylvania volunteers.

The Times reporter looked at that faded enlistment paper to-day. It testifies that Mr. Hilton was born in Philadelphia, stood 5 feet 6 inches tall, light complexioned, hazel eyes, brown hair, and was by occupation, when enrolled, a jeweler. His discharge which came three months later, bears the signature of his company commander, John F. Glenn, and before the close of the war by his meritorious service was to arrive at the rank of colonel. After the passage of a half-century the faded piece of paper that sets forth the patriotic action of this young man in common with thousands of others, is so active that it is difficult to believe that a half century ago he was fighting the battles of his country on sanguntary battlefields.

Belonged to Birney’s Zouaves.

On the very day of young Hilton’s enlistment his regiment departed for Perryville, under command of Colonel Charles F. Daré, it having the honor of being the first fully armed and equipped regiment to leave Philadelphia. Guard duty was performed until May 28, when the regiment, which had achieved the title of Birney’s Zouaves, was assigned to the first division of the army, and participated in the campaign of that army, supporting Perkins’s battery in the action at Falling Waters, July 2, 1862, where the regiment was commanded by Colonel Thomas, later to achieve distinction as Major-General George H. Thomas. The regiment was mustered out on July 21, and two days later it was reenlisted for the three years’ service of the war, under the command of Colonel Davis P. The next day was the battle of July 3, which was head of the ad at a turn in after fourth attempt to the Perkin’s battery in the action at Fall of the rebellion. Capt John Devereaux had become colonel of the 19th Massachusetts volunteers. He was a good soldier all the way along, and at Gettysburg July 3, 1863, he led his regiment against Pickett’s charge, capturing four confederate standards at the “high water mark of the rebellion.” Capt John F. Reynolds, one of the survivors of the Salem Zouaves, thus describes this service:

In connection with the 50th anniversary of the departure of the Salem Zouaves in response to President Lincoln’s first call for troops in the civil war, a tablet was placed near the tomb of Arthur F. Devereaux, their captain, in the Broad-street cemetery in that city. Of the 72 officers and men who departed in his company, half a century ago, a dozen of the 25 survivors were present. In November, 1862, Capt Devereaux had become colonel of the 19th Massachusetts volunteers. He was a good soldier all the way along, and at Gettysburg July 3, 1863, he led his regiment against Pickett’s charge, capturing four confederate standards at the “high water mark of the rebellion.” Capt John F. At Gettysburg at the crucial moment, when Pickett’s division of Longstreet’s corps, after its magnificent charge across the open plain under our deadly artillery fire, had broken through our lines waiting to receive them, Devereux’s standing in front of his regiment, noted the breach at the moment to make through the line with his regiment,he said, “Take arms, comrades!” and rode on. Britain, April 10, 1911

To the South Congregational Church, New Britain, Connecticut.

My Dear Friends—

For some time I have had under consideration a call which has been extended to me to become the pastor of the First Church in Lynn, Massachusetts. After mature and prayerful consideration it has seemed wise to me to accept that call.

Accordingly I ask that my professional relationship with the South Congregational Church and Society be terminated June 1st.

Just four years ago in June I came to New Britain, and I shall always remember these four years spent here. The people have been kind and the work has been profitable. The personage of the church has been a pleasure to me.

MR. AND MRS. SANFORD

Over 200 Friends Greet Couple at Their Home on Bodwell Street.

"Is Matrimony a Failure?" was answered in the negative by Mr. and Mrs. Charles B. Sanford last night when they celebrated the silver anniversary of their wedding at their home, No. 67 Boursol Street. After twenty-five years of married life, and with six children and a splendid home atmosphere about them, it is no wonder that they were the hosts of about 200 admired friends who called to tender congratulations for the past and best wishes for the future.

Mr. and Mrs. Sanford were married in July, 1856, by Rev. George J. VanAlstyne of the First Methodist Church. Mrs. Sanford

The mansion on Clinton street in Albany which was the home of Gen. Philip Schuyler from 1762 to 1804, and now is to be bought and kept as a historical monument by the state of New York. is thus described in the Troy Budget: The mansion was erected for Gen. Schuyler in 1761. He spent his early married life in his father’s home on North Pearl street, but as time wore on he decided to build the handsome structure that became known as “The Palace.” The mansion has been described as “a landmark for many years, until the town grew up around it. It is now in a perfect state of preservation.

The house is about 90 feet square. The main hall within the house is about 30 feet long and 20 feet wide. At the west end of the front is the old colonial door leading to the back hall and the historic staircase which bears the mark of an Indian’s tomahawk. The floor of the main hall of the mansion there opens to the right a large northeast corner room. Directly opposite the dining-room where Alexander Hamilton and Elizabeth Schuyler were married. Then there are the study of Gen. Schuyler and the dining-room. The kitchen presently used in the cellar.

On the second floor is a longer hall than on the first and there are several bedrooms there, including the one in which Gen. Mr. and Mrs. A. S. White Surprise Their Friends, Who Are In Quandary Over Marital Dispute. (New York Herald.)

Archibald S. White, the well known financier, and his wife, who was Olive Celeste Moore, of the Bostonians Opera company, left the adjoining rooms they had occupied in the Plaza hotel a week ago, when they appeared in Cincinnati the following day. Mr. White filed a suit for divorce in Cincinnati two days ago, charging desertion and neglect of duty. Mr. and Mrs. White reap Wednesday morning at the Plaza and resumed tenancy of the quarters they had previously occupied there for an extended period.

They came from Chicago, where Mr. and Mrs. White had gone from Cincinnati. Mr. White first returned from Cincinnati to New York a few days ago and then went to Chicago, whence he and Mrs. White returned at the same time.

They entertained a large party at luncheon yesterday and took tea together in the palm room of the Plaza last evening.

Thirty of their friends were the guests of Mr. and Mrs. White last night at a beefsteak party, which lasted long after midnight and was

Mrs. White, in various interviews given since her marriage, when she was invited by managers to return to the stage, was reported as declaring her desire to live abroad except for occasional visits to the United States. Mr. White’s large interests in New York and the middle west compel his residence in this country. In this diversion of purpose and opinion those acquainted with Mr. and Mrs. White see their only clew to the solution of the enigma presented by the personal friendly relations of Mr. and Mrs. White during a period preceding Mrs. White during the season of gayeties last month, when they were daily and nightly hosts or guests at automobile parties and other forms of entertainment. They were always together, and those who knew them in a casual way at the various places of entertainment where they have often been in the last month flatly contradicted the report of an application for divorce by Mr. White. They were unwilling to believe it even when shown the dispatch from Cincinnati giving the official details of the suit filed there by Mr. White.

Mr. White is a member of the stock exchange firm of White & Co., No. 25 Pine street, which is especially known for its large transactions in bonds. He also is a director of the Windsor Trust company here and of a score of trolley, electric, water, gas, electric light and realty corporations in Cincinnati and Cleveland. He organized the “call trust” and withdrew before it got into difficulties. He has the contract for construction of the new union railroad terminal in Cincinnati, which is to cost $30,000,000, and also is interested in the Hotel McAlpin here with Charles P. Taft and Frank M. Andrews, both his intimate friends.

Willimantic, May 4.—There was a very pretty home wedding at the residence of Mrs. Emily, widow of William Ross of Chaplin, Wednesday afternoon, when Mrs. Ross’s niece, Violet Helen Bowers, became the bride of Walter Dutcher Sneekler, also of Chaplin. New Britain, May 5.—Ralph J. Mitchell, son of Mr. and Mrs. Thomas W. Mitchell of Vine street, received the pleasing information this morning through a Times representative that he had successfully passed the entrance examinations to the United States naval academy at Annapolis, Md. Mr. Mitchell will receive orders to undergo the rigorous physical examination to which candidates are subjected before admission to the institution. The mental examination was taken at the state capitol in Hartford a few weeks ago.

RALPH J. MITCHELL.

If Mr. Mitchell is successful in passing the physical examination he will be the first New Britain young man to enter the naval academy as a midshipman. Young Mitchell is in fine physical condition partly through his athletic work at the high school. He was quarterback on two of the school’s championship football teams. He also played in the field on the baseball nine. He was one of the class day speakers when his class graduated from the high school two years ago. He was employed for a short time at the Russell & Erwin Manufacturing company, but after receiving an appointment as alternate to a candidate for West Point military academy he returned to the high school and took up a graduate course. He now attends classes at the school. Mr. Mitchell took the examination for West Point and passed, but so did the Mr. Sykes, a Rockville young man to whom Mr. Mitchell was alternate. It was in view of Mr. Mitchell’s fine examination that the appointment to Annapolis was given him.
New York University Will Celebrate the Distinguished Chemist, Physicist, Historian and Philosopher, on Friday.

[From the New York Sun.]

In the old building of the New York university on the birthplace of one of the greatest universities of the world. To be amazed an of the day, it happened that the moment the horseman came to take the picture box and his leaven, he was exposed 20 minutes and the image was shown. His plate had been placed in the sun, for it was his discovery of Daguerre. It was in 1839 that Daguerre gave his process to the world, but it was not then adaptable to landscapes or portraits, but the same year Prof. Draper announced his photographic process. His discovery was recognized as one of the great achievements of the 19th century.

Draper's first camera was a cigar box and a lens made from a pair of spectacles. It took him seven minutes to take the first picture — that is, his sister Dorothy C. Draper, had to sit there, for the picture was to be taken without the least motion of the chest, for the exposure was so long. A person errors, showed so perfectly, that the time would come, as it now has, when a person can drop a coin in a slot, sit still, and a lever will be pushed and receive a very fair likeness. Prof. Draper's discovery has brought much happiness into the world and its educative value nearly can be estimated. In New York the anniversary will be appropriately observed.

In addition to the services that he rendered to the art of photography, Professor Draper helped Morse to invent the telegraph, and one of his discoveries led the way to the invention of the incandescent electric light.

Resignation of Warden Garvin

TO LEAVE STATE PRISON TO BECOME RECTOR

May 12.

Resignation Accepted.

The resignation was expected by the directors, who had consulted with the reformatory commissioners with reference to the change. Mr. Garvin's consent was finally furnished upon careful consideration. The conclusion reached by the two boards was that it was for the best interests of the institution that he was especially qualified from his experience in penal matters, and his long standing reputation to undertake the work. The directors accepted the resignation and at once unanimously passed the following:

Voted, That the directors of the Connecticut state prison, while expressing their sincere regret that his services could not be retained, would urge the appointment of such a man as Mr. Garvin to the reformatory in Connecticut to give the work a prominent place as it continues to do in the state of Pennsylvania. The directors have always recognized the splendid work done by Mr. Garvin in the office of warden in the state prison of Pennsylvania, and they wish, and predict great success in this new field of endeavor by a man who has proved himself an invaluable public servant.

Reformatory Directors Accept
Resignation and Pass a Vote.

The directors of the Connecticut
Reformatory accepted the resigna-
tion of Warden Albert Garvin, at
their monthly meeting, Thursday, to
take effect when his successor is
chosen. The directors passed the
following vote:

The directors of the Connecticut
Reformatory accept the resignation
of Superintendent Albert Garvin as
sent to the secretary under date of
June 3, to take effect when his suc-
cessor is chosen. At the same time
they desire to place on record their
full and grateful recognition of the
very valuable services he has ren-
dered the state in the several re-
ponsible positions he has held and
especially in what he has done for
this new institution.

Its very existence is chiefly due
to the advanced views he has de-
veloped and put into practice in his
long and useful life devoted to
prison management and prison wel-
fare.

The buildings are from his
thoughtful designs and are pro-
nounced by competent critics to be
at least equal to any in the coun-
try.

Under his management the disci-
pline has been admirably main-
tained, and the spirit of hope which
prevails in the institution is largely
due to his tactful combination of
firmness, strength and kindliness.

We thank him for what he has
done for it.

The directors voted to discharging
fourteen boys whose record while
in the reformatory indicated that
they would behave if let out. The
institution now has 293 inmates, of
whom 148 are in the first grade, 35
in the second and two in the third-

Give Him a Watch.

Albert Garvin, who retired as warden of the state prison at Wethersfield and to-day became superintendent of construction of the Connecticut reformatory at Cheshire, was entertained at the Hartford Club Saturday night by the directors of the Connecticut state prison and presented to them with a loving cup. Invited guests at the gathering were Warden A. Garvin, the new warden of the prison, and four members of the reformatory board. Letters of regret were received from President Morris W. Seymour of the reformatory board and from the secretary, John P. Elton, who has sailed for Europe.

All the members of the board of prison directors were present: President James W. Cheney of South Manchester, Frank C. Sumner and W. O. Burr of this city, Edward A. Fuller of Suffield, Frederick M. Salmon of Westport, Wilson C. Reynolds of East Haddam and Colonel Norris G. Osborn of New Haven. The reformatory board was represented by Vice-President Max Adler of New Haven, E. Kent Hubbard, jr., of Middlesex and Charles Hopkins Clark of Hartford.

The meeting and dinner, while being a farewell testimonial to Warden Garvin and a welcome to Warden Garner, brought together pleasantly the prison board and the reformatory board which of course bring about the best results to the state.

Post-promulga were happily inaugurated by President Cheney with a genial welcome and his choice of Director Fuller as toastmaster. Regret over the departure of Warden Garvin was expressed by Mr. Fuller, and replied to feelingly by Mr. Garvin, who said the cup would always be available for any of the number who would come to Cheshire; and all promised to "come.

Changes that had come in the institution were reviewed by Director Sumner, especially those during Warden Garvin’s regime. Director Sumner remarked that he only consented to vote for changing Mrs. Garvin instead of Mr. Gravina.

Warden Garners Resigns Place

Head of Connecticut State Prison to Leave Next Month.

Impaired Health Is Reason Given

With Institution Since 1911—Going to Southern California.

Dec. 20, 1911

Ward A. Garner, who has ten years has been in the service of the State in the office of warden at the Connecticut state prison, has sent his resignation to the board of directors. It came as a surprise to the board although it was understood that he had been contemplating such action for some time.

Impaired health is the only reason for his decision. Necessary conference and close attention to his duties had of late made inroads into his physique. For the past twenty years he has been closely confined by the prison work, and it is felt that he needs relaxation and a long rest.

Mr. Garner came to this State from the Indiana state prison in January, 1911, to succeed Warden Albert Garvin, who left to take charge of the Cheshire reformatory, and there continued to be no lack of harmony in the management of the prison at Wethersfield since Mr. Garner assumed the charge. He is not only intimate with prison management, but is familiar with the rules and policies of prison reforms, many of which have been successfully carried out under his direction at Wethersfield.

The board accepted the resignation reluctantly, to take effect the middle of January. His relations with each member of the board have been upon such a friendly basis that it is with deep regret that they are thus interrupted. The warden has made arrangements to spend the next year in Southern California, where he has relatives.

Mr. Garner ranks high as a prison authority in the country having established a fine reputation in the west before coming to Connecticut. It is the unanimous hope of the directors of the state prison that he be restored to complete health as they feel that the value which comes from prison direction would be a severe loss.

Professor Morse Weds Miss Putnam

The marriage of Professor Max Warren Morse of the faculty of Trinity college and Miss Corlies Putnam, daughter of Mr. and Mrs. Kingman Putnam of New York, took place Friday forenoon, at No. 413 West End avenue, New York city.

The ceremony was performed by the Rev. Dr. H. Pierce Nichols, rector of the Church of the Holy Trinity, who was assisted by President Luther of Trinity college. The original arrangements for the marriage ceremony were that it should be performed in the Church of the Holy Trinity, but illness in the family of the bride caused a change. The ceremony took place at the home of a friend. There was a brief reception after the ceremony and the bridal party left for a short wedding trip. They will be "at home" at No. 56 Vernon street, this city. Mr. Morse is one of the younger members of the Trinity faculty. He succeeded last September to the J. Pierpont Morgan chair of natural history, formerly held by Professor Edwards. Professor Morse is a graduate of the Ohio State university and took his doctor's degree at Columbia. He spent several years as an instructor in the College of the City of New York, before coming to Trinity.

Lawrence, of that place, were married on Thursday in All Saints' Church in Ashmount. After an extended wedding trip Mr. and Mrs. Baldwin will live at No. 25 South Marshall street, this city.

Mrs. James S. Clark, who recently sold her home in Court street to Archie D. Robinson, will leave to-day for her new home in Hartford, Ct., where she will live at 1 Fern street. Mrs. Clark will make her home in Hartford with her brother Paul Waterman, Mr. Robinson and his family who move into their new home on Court street, about the first of June.

Mr. Haughton is well known in this city and has a national reputation as an athlete. He graduated from Harvard in 1899, where he was active in all college matters. He was one of the best players on the Harvard baseball teams during his college career, and was captain of the team in his senior year. He played on the Harvard football teams in 1896, 1897 and 1898, this last year being the one in which Harvard defeated Yale by a score of 17 to 0. After graduating for two years he was head and assistant coach of the Cornell football team, and for the last three years he has been a member of the Harvard track team and the Harvard athletic association.

OLD FIRST BAPTIST CHURCH AT MARKET AND TEMPLE STREETS.

Mr. Hoadley Finds a Bit of History Concerning It.

George E. Hoadley read in THE TIMES the other day the story about the old Baptist church at the corner of Temple and Market streets, recently torn down, and sends to this office a copy of an advertisement which appeared in the Courant on March 19, 1798, as follows:

The gracious woman whose name and personality are so associated with this place, in her last will and testament left a large bequest and provided for a Board of Trustees to carry out her intentions. Her general intention is a matter of familiar knowledge. With a very tender solicitude Mrs. Colt thought of other women and wanted them to share in some of the comfort of what had been her home. Like a royal figure of Latin poetry, this lady whom I have called queen of Connecticut, herself not unacquainted with trouble, learned to help them who were unfortunate in other respects. She provided for refined and educated gentlewomen, to use the language of her will, who might be in circumstances less fortunate outwardly than her own, that this house which had been her home, should be fitted up as their abode. Herself a daughter of a clergyman, she explicitly provided that the preference should be given to the widows and orphans of deceased clergymen of this Church. Mrs. Colt's Trustees have endeavored faithfully to carry out her wishes and her intentions. I can say that I have ever and again asked myself of some particular matter, what would Mrs. Colt have thought about this? I believe that has been the thought of every member of the Board of Trustees. We have given very careful consideration to the task committed to us. Some alteration within the house was inevitable in order to adapt it to the use of a number of occupants. The work of alteration was delayed for the larger part of a year by certain labor troubles. But at last the result you have today before you. The building is arranged as an apartment house with large and small suites of rooms. All of these suites are provided with heat, electric light, gas for cooking and such other conveniences as may be necessary for independent housekeeping. Let me say that the house has been so arranged that residence shall be entirely consonant with the self-respect, privacy and independence which a gentlewoman ought to enjoy. The ladies who shall live here are not to be inmates of an institution. They are to be residents of Armsmear. Each resident, you will observe, has her own front door. We have had in mind what I am glad to learn to-day from Mr. Gross was in Mrs. Colt's mind explicitly, Hampton Court, which doubtless many of yo,

MRS. COLT'S GIFT OF HOME

FOR WOMEN DEDICATED

After considerable delay due to labor troubles and the desire to have the work carried out in the best possible manner, Armsmear, on Wethersfield avenue, was dedicated, to a certain number of trustees "for widows or orphans of clergymen of the Protestant Episcopal Church, and for other refined and educated gentlewomen," by Mrs. Elizabeth Hart Jarvis Colt, who has been finally opened for occupancy, the dedication exercises and the "house blessing" taking place yesterday afternoon.

The reception hall of Mrs. Colt's former home was literally packed with men and women interested in the project, when the simple dedicatory services were begun. Rt. Rev. Chauncey B. Brewster, bishop of the Connecticut diocese, was in charge, and made a short address explaining the project since its inception and the work that had been done since the death of Mrs. Colt on August 19, 1905. He gave a splendid eulogy of the benefactress and said that "with a very tender solicitude Mrs. Colt thought of other women and wanted them to share in some of the comfort that had been hers."

"Mrs. Colt conceived the plan," Bishop Brewster continued, "for the benefit of those who might be in circumstances less fortunate than her own had been, that the house which had been her home might be used as an asylum for others." He then spoke of the pains taken by the trustees in the accomplishment of the provisions of the will and said that it was wonderful that within six years so much of the necessary freedom to be made to transform the home into apartments for somewhat different purposes, and to provide in modern conveniences and other necessities for independent housekeeping.

"It was the aim of the trustees," said the bishop, "that the occupancy might retain the self-respect, the privacy, the independence which gentlewomen might wish to enjoy, so that the occupants might be free from the every樊扎."

The trustees have not been able to get the chapel finished yet, the idea has been to get the home open for occupancy first. When the chapel, the heart of Armsmear, is finished, it will be called St. Elizabeth's Chapel, Armsmear.

"In behalf of the board of trustees I express the hope and trust that the place might be a loving intention and generous provision of her who illustrated, so well in her own life, the spirit of simplicity and strength, of dignity and reverence, of the ability and of Christian womanhood."

Following the bishop's address, Rev. Dr. Samuel Hart, dean of the Berkeley Divinity School, gave the simple "house blessing." After the place was opened for inspection, and during the remainder of the afternoon, hundreds of people passed through the building and admired the thoroughness with which the trustees had "done their work.

When Mrs. Colt died in 1905 she left to a number of trustees her home and grounds and an endowment of $800,000 with a remainder interest in the estate, also, to provide for a residence for refined and educated gentlewomen who might need such a home, preference to be given to the widows and orphans of clergymen of the Episcopal church. The trustees went to work immediately on the building arrangements, but there have been many delays. The construction of an addition about half the size of the building, itself, on the north end, also took considerable time, but now the place is completed, save the furnishing of the chapel in the center of the building. This will not be finished for about three months, it is expected.

The trustees have made the changes somewhat in imitation of Hampton Court in England and other institutions of the kind, so that the place is really a series of apartments made into one general home.

The building, as enlarged, includes fifteen apartments for residents and one for the janitor, John W. Carter. The smaller apartments include three rooms and a bath, while the larger include six rooms and a bath. The central core, which serves the whole building, consists of a large reception hall, thirty-five by sixteen feet, with an open fireplace and a front of great windows looking on Wethersfield avenue. The chapel, which was Mrs. Colt's "yellow room," opens on the south, while in the rear is the trustees' room, which was formerly the library of the Colt home. The library as it was, has been reproduced in duplicate in the Colt Memorial building, to which the books and cases have been transported. The office of the warden, Rev. George T. Linsley, is near the chapel. The building will be used for special services of Mr. Linsley, as well as a place of worship for the occupants of Armsmear.

It would be rather difficult to find any apartments with as complete a set of modern improvements and conveniences as Armsmear. Every suite of rooms has a vacuum cleaning system, with power in the cellar and a valve and a water line running through the building affords local fire protection. The six-room suites include a drawing room, a dining room, a kitchen and three bedrooms, not to mention the bathroom and various pantries and closets for storage purposes.

Throughout its entire extent the building is finished in hard pine, but the addition is finished in oak. Corridors are of concrete, while the new building, which commands a splendid view of Colt Park, the pond and the statue to Colonel Samuel Colt, is of the finest tapestry brick. The trustees spent more than $100,000 in remodeling the place, and the use of the funds is apparent.

Except for the general appearance of the building outdoors, now in a more complete condition than it has been for the past five years, one would scarcely recognize it was the Armsmear occupied by the Colts in former years, and great has been the transformation. Inside, the only evidence of the past is the original plaster, the huge windows and the general atmosphere of the old home.
The Name of St. Elizabeth.
(Church of Good Shepherd Quarterly.)

This name applied to the new chapel at Armsmear has associations for us in three ways. These may be called scriptural, historical, and parochial and personal.

In the opening pages of St. Luke’s gospel we read of Elizabeth, who through special divine favor became the mother of John the Baptist, that she was “righteous before God, walking in all the commandments and ordinances of the Lord blameless.”

In church history there is the celebrated St. Elizabeth’s Chapel at Armsmear, which will and purpose of one who needed the administration of justice, the manifestation of practical wisdom, and patience. It would be too much to expect the individual the combination of all these traits.

I deem it as great honor that the trustees chose me to be the first incumbent of this office of warden. I cannot expect to manifest the ideal which I have described, but I deem it a privilege to endeavor to attain it in some degree. Already, I may say, during the past few months there have been opportunities to apply the principles which I have referred to in particular and special ways. Armsmear is in many respects so unique that we can get little help from the study of precedents. We shall have our own problems and shall try to solve them in the way best adapted to our own peculiar conditions.

The thought must be in the minds of all of us today that Armsmear as entered upon a career of usefulness which will continue for many generations. I must not fail to mention that we are gathered together here today upon a spot which was years the center whence was dispensed manifold blessings to all mankind, and, as this feast of the Epiphany teaches us, the light of the world.

The trustees of the Colt bequest are Rev. Dr. Francis Goodwin, Edward B. Hatch, Robert W. Huntington, Jr., and Rev. George T. Linsley. “There is a Blessed Home,” was sung and the bishop closed the service with prayer and benediction. The singing of “Sun of My Soul” ended the ceremonies.

NEW HAVEN LIBRARY.

How That Dedicated Saturday Is

Linked With the Past.

The address of Governor Baldwin

at the dedication of the Ives Memorial

library at New Haven on Saturday was

particularly interesting in its account

of the very beginning of the suggestion

for a public library there. Most of

this earlier record is here given:

The first founders of New Haven

planned for a public library and actually

set one up. Boston and New Haven are

rivals for the position of possessors of the

first library of this description established

in America.

By a will drawn in March, 1656, and

probated in 1657, was the following:

Captain Robert Keayne of Boston provided for

building a house, containing a conven-

ient room for a free library and for placer

there some of his own books as a begin-

ning. It was, he added, with the hope that the Lord might "add some others that will add to them and help to carry the work on by books of more value, antiquity, use and esteem.

The building thus contemplated was put

up in 1660 on State street. By a will, 1664,

what is now the site of the old Massa-

chusetts state house, and there the library

was maintained for nearly a century.

At the same time—and how long a time

is now unknown—before August, 1658, Gov-

nor Theophilus Eaton of New Haven

had put in the possession of Rev. John

Davenport the pasture of the town, a small but well-selected library worth about $20. At this time, it will be recol-

lected, the town and the library were

not large. What belonged to one may be said to have belonged to the other. The Davenport was really acting in the matter

of the first town library.

It was now ascertained that a college would soon be instituted at New Haven as an

other branch of the municipal activities of

town or colony, and this college would then be used as the foundation of the library. We have full cata-

gle of them, preserved in the records

of the meetings of the town selectmen held in

1670. There were about a hundred

volumes. In 1683 others, mostly in the

Latin language, were added, the gift of a

"friend" in England. In 1691 Congress

provided for the whole collection in the

schoolhouse on the Green and they were

transferred there from Mr. Davenport's

house. Three years later he appeared in

a town meeting expressing the desire that

they would consider the question of

building a library on the Eldred lot, as there

were many "books in the town." This Eldred lot was one owned

by the college that had always been handy with

the needle and had knitted lace, mittens

and stockings. She has had eight children

of whom are living. Mrs Abbie

Knowles of Haverhill, Mr. Julia Cal-

well of Fitchburg, and John Q. Pickering of Keene. She also has eight grand-

children and eight great-grandchildren.

CENTENARIAN AT KEENE.

Mrs. Hannah Maria Pickering of 404

Water street, Keene, N. H., became a

centenarian yesterday and is the only one

in that vicinity to reach that mark for

many years. She is the oldest person in

the vicinity of Keene at the present time.

Mrs. Pickering is quite feeble and is blind,

so there was no observance of her anni-

versary, except in her own immediate

family. She was a daughter of Bel-

dar of Gilsum, where she was born and

married and her home in that place until

she went to Keene to live with her son

Q. Pickering in 1898. Until she became

blind she had always been handy with

the needle and had knitted lace, mittens

and stockings. She has had eight children

of whom are living. Mrs Abbie

Knowles of Haverhill, Mr. Julia Cal-

well of Fitchburg, and John Q. Pickering of Keene. She also has eight grand-

children and eight great-grandchildren.
The public, to whom the New York public library was dedicated at New York yesterday, will enter into possession of it to-day; they saw little yesterday afternoon. The nation of the dedication exercises. Behind closed doors, to a selected audience of 500, President Taft, Gov. Dix, Mayor Gaynor and the venerable John Bigelow, president of the united foundations from which the library rises, spoke for two hours. Then the doors were thrown open for the 15,000 others to whom invitations had also been issued. Elaborate precautions had been taken to handle the crowds, but there were no crowds; the people had gone home.

The exercises were held in the vestibule, fronting on Fifth avenue, but the room was not built for an auditorium, and the acoustics proved so bad that only the fortunate few nearest the speakers' platform could hear what was being said. Rev. David Hummel Greer, Protestant Episcopal bishop of New York, made the dedicatory prayer. George L. Rives, of the board of trustees, reviewed the history of the library. Mayor Gaynor spoke in behalf of the city, and Rev. John M. Farley, archbishop of New York, pronounced the benediction. President Taft was the last speaker, following Gov. Dix, who succeeded the mayor. The president said—

"My fellow-citizens: This day crowns a work of national importance. It is the dedication of this beautiful structure for the spread of knowledge among the people marks not only the consummation of a noteworthy plan for bringing within the grasp of the humblest and poorest citizen the opportunity for acquiring information on every subject of every kind, but it furnishes a model and example for other cities which have been struggling with the same problem and points for them the true way. The accumulation of books, however rare, however great in number in a single library, without facilities for their consultation, examination and distribution is like the deposits of great veins of valuable minerals deposited in the earth, known to be there but without the means and transportation needed to make the materials available for the use of man. "It is not in the treasures of the various collections that go to make up this library that its chief value consist, wonderful as these are and much as we are indebted to the Astors and James Lenox for the money, the labor and pains expended in their gathering. It is not in the number of volumes or pamphlets or manuscripts that this library stands out far in the world, for I believe, considered from that standpoint it is only sixth or seventh, the greatest collection, but it is the facility of circulation and in the immense number of books that are distributed each year for use to the citizens and residents of New York, and it is this which this library easily takes the first rank."
Early Astor Library.

The completion of this building gives outward and substantial evidence of the perfection of the project. When the story is told of how this great organization was effected, it is hardly credible. The Astor library, founded in 1819, and begun and enriched by the generosity of three generations of the Astor family, library of rare historical books, scripts. One of the first of the society weddings of the season took place at the home of Col and Mrs John G. Mackintosh, who were well known in Holyoke and prominent in social circles, the bride having spent all her life in the city and is a member of many of the social clubs.

The wedding took place at 7:30 and the officiating clergyman was Rev. Dr. E. A. Reed of the Second Congregational church. The house and grounds were decorated for the occasion in an elaborate manner by Miss Nolan, the color scheme being pink and white. The front parlor, where the ceremony took place, had been decorated in resemblance to a chapel, painted and papered, and the ceiling garlands of greens and white spirea were hung.

The bride were former Major N. P. Avery, Frank H. Metcalfe, Charles D. Heywood, F. M. Street, Paul Stursberg, all of Holyoke, and L. P. Broadhurst of Hartford, Ct. The maid of honor was Miss Helen Gertrude Mackintosh, the only daughter of Mr. and Mrs. Charles E. Mackintosh, who herself will be a bride on the 15th, and the flower girls were Miss Ruth Whiting, daughter of Mr and Mrs. Charles E. Mackintosh, and Miss Grace Broadhurst of Hartford, Ct.

The best man was W. M. Dickinson of New York, manager of the sales department for the Otis elevator company. The wedding was witnessed by the families of the bride and groom and close friends. Among the witnesses were the members of the Westminster club, of which the bride is a member. The reception which followed the ceremony was attended by 250 guests.

The wedding party formed in the rooms upstairs and to the strains of the "Lohengrin" wedding March, played by the Philharmonic orchestra, came down the stairs and entered the front parlor, where the flowers were arranged under a mammoth arch of mountain laurel and waspia.

The bride wore a white satin gown with the veil being arranged with orange blossoms. Her only jewel was a diamond pendant and necklace. She carried a shower bouquet of Killarney roses and irises. In the dining-room Killarney roses and pink carnations were used and the ceiling was decorated with a forest-effect with green trees and from the ceiling garlands of greens and white spirea were hung.

The house was then erected on the lawn for the reception, one tent suspended from evergreen garlands along the platform having been erected on the lawn. The wedding party formed in the rooms upstairs and to the strains of the "Lohengrin" wedding March, played by the Philharmonic orchestra, came down the stairs and entered the front parlor, where the flowers were arranged under a mammoth arch of mountain laurel and waspia.

LOVING CUP FROM THE OFFICE.

Vice-President Francis B. Allen of the Hartford Steam Boiler Inspection and Insurance Company, told a Times reporter this noon that he was no longer in a position to conceal his age. On Thursday Mr. Allen reached the milestone of three scores and ten years, and he was handsomely remembered by his home office associates. On entering his private office he found on his desk a beautiful silver loving cup. The gift is inscribed with the words:

"Presented to Francis Burke Allen in respectful remembrance of his seventieth birthday by his associates, June 1, 1911."

At 4 o'clock in the afternoon members of the office force gathered in Mr. Allen's room and President Lyman B. Brainerd made a felicitous presentation speech. Mr. Allen expressed his gratitude fittingly and showed other gifts which he had received.

From the department of Maryland came a gold-lined silver loving cup, sent by Jasper M. Lawford of Baltimore, Mr. Allen's native city. The inscription is:

"So life's year begins and closes;
Days, though short rung, still can shine;
What though youth gave love and roses,
Age still leaves us friendship and wine."

Mr. Allen received about twenty-five telegrams and letters of congratulation from branch offices of the company, scattered from the Atlantic to the Pacific and several are in Canada.

A silk umbrella arrived this morning from the Gulf department of the Hartford Steam Boiler Inspection and Insurance Company. The umbrella is inscribed with Mr. Allen's name and the words: "From Gulf Department, 1911."

Mr. Allen was born in Baltimore, June 1, 1841. He entered the navy as third assistant engineer with the rank of passed midshipman. His record of engineering service in the navy is as follows: 1862, U.S. gunboat Port Royal, Potomac, James, Appomattox, Chickahominy, James River, 1865; U.S. gunboat Port Royal, East Gulf squadron; 1864 U.S. gunboat Port Royal, West Gulf squadron; 1865, U.S. ironclad Monitor; 1866, U.S. gunboat, East Gulf squadron; 1866-7, special duty, New York; 1868, U.S. flagship Desoto, West Indian squadron.

Mr. Allen entered the employ of the Hartford Steam Boiler Inspection and Insurance company in the New York department May 1, 1872. He was detailed to the home office in November 1882, as supervising general agent. He was promoted to be second vice-president of the company March 1, 1902, and William B. Franklin was made vice-president. He has been in the company's employ over thirty-nine years.

EDITOR OF CONGREGATIONALIST.

Rev H. A. Bridgman to Succeed Rev 

Dr. Dunning.

Rev Dr Albert Elijah Dunning has re-

signed as editor-in-chief of the Boston 

Congregationalist, a position he has held 

since May 2, 1880, and is preparing for a 

trip around the world. He will be suc-

ceeded by Rev Howard A. Bridgman, who 

has been connected with the paper since 

1881. The latter was born in North-

ampton, August 20, 1869, is a graduate 

of Amherst, class of 1888, and of the Yale 

divinity school, from which he went di-

rectly to Congregationalist, first as as-

sociate editor, and in 1899, on the death 

of Charles A. Richardson, as managing 

director. Two years ago Obeelia conferred 
on him the degree of doctor of divinity.

Dr Dunning was born in Brookfield, 

ct., January 5, 1844, was graduated from 

Yale in 1867, and from Andover theological 

seminary three years later. He was 

given the degree of doctor of divinity by 

Beloit college, Wisconsin, in 1887, and 

was pastor of the Highland Congrega-

tional church, Roxbury, from 1870 to 1881. 

He was secretary of the Congregational 

Sunday-school and publishing society from 

1881 to 1888, and secretary of the inter-

national and Sunday-school lesson commit-

ttee from 1897 to 1902. He was a delegate 

to the first international Congregational 

council in London in 1891. During his 

senior year at Yale he was editor-in-chief of the 

Yale Literary Magazine. He is the author of 

“The Sunday-school Library,” 

“Bible Studies,” and “Congregationalists in America.” He is a member of the 

University, Winthrop and Boston City 

clubs, and resides in Brookline.

The friends of Dr Howard A. Bridg-

man in Northampton, Amherst and all about this region will congratulate him on his promotion to be editor of the Bos-

ton Congregationalist. He has been con-

nected with that paper since 1887, and 

has steadily grown in readiness and power. Now that Rev Dr A. E. Dunning has re-

signed the chief place, Dr Bridgman is the natural successor. He inherited enthu-

siasm and a genuine interest in all that 

makes for the advancement of men, is 

tactful and very much in earnest. His 

ability has deepened with the years while 

his sympathies have broadened. The son 

of the late Sidney E. Bridgman is well 

placed for service.
WETHERSFIELD, June 1, 1911.

To the Committee of the Second Church of Christ and of the Second Episcopal Church, Hartford, and to the members of said Church Societies:

Convinced, after due deliberation, that it is high time, both for the benefit of this church, of the congregation and for myself, that I should be relieved from the duties and burdens of my pastoral relation with you and that the wisest course to that end is that of my resignation of said relation, I hereby announce and tender to you the resignation of my pastoral office on the first day of October next, or on the eleventh day of January, 1912, if you may prefer. In the step, which ecclesiastical usage and law may require for the completion of this business, you will proceed with the utmost charitable goodness and the least possible publicity. I cannot trust myself, nor is it necessary to add anything further to this time. Mindful of the associations and memories of a continuous pastorate here of nearly fifty-two years' duration, you will understand and appreciate my reticence.

Affectionately yours,

Edwin Pond Parker.

The reading of the letter was received with marked interest throughout the church and with tears in not a few cases. In commenting upon it Dr. Cooper says that while it was not difficult for him to add any words expressive of his own personal feelings he could not refrain from voicing the universal sentiment of sorrow and regret with which this communication would be received. Continuing, Dr. Cooper said:

"It marks an epoch in the history of this church comparable only with that when more than half a century ago the youthful preacher sent his letter of acceptance to the invitation to the church to become its pastor. This has been no ordinary ministry, either in duration or in quality. The beauty and blessedness of it are known to those who, through all these years, have been the subjects of it. And there are multitudes outside who have shared in its benefits—those to whom Dr. Parker has been friend and helper and inspirer in ways unknown to him, and which even his church could not appreciate. We rejoice with you in the memories of past years, and whatsoever advantage the church may now take we look hopefully forward to years to come, anticipating the continued influence of his presence among us in the exercise of a larger and more general service than ever before. The churches of this city and of the commonwealth, and, especially, his brethren in the ministry, all communions, have this part with you in a ministry which has ever been notable for its outspoken loyalty to the truth as he has known the truth, for the reverence and tenderness and singular grace of its public address and its never-failing friendliness in personal intercourse, for the breadth and comprehension of its Christian sympathy, and for its calm convictions of the things invisible which inspire a living faith and an eternal hope."

Dr. Cooper then offered prayer and closed the service with the benediction.

Dr. Parker, as his letter says, is serving his fifty-second year as pastor of the South Church, his installation having been on January 11, 1869, the anniversary of which he is expected by him as an appropriate time for his resignation to take effect. He came here the year after his graduation from the Bangor Theological Seminary, and his duties as pastor of the Second Church of Christ have been his life work. Dr. Parker was born January 15, 1836, in Calais, Me., and became pastor of the Hartford church when not quite 24 years old. He was graduated from Bowdoin College in 1859, and three years later from the theological seminary.

On January 11, 1910, the church and society observed Dr. Parker's golden jubilee, many tributes being paid to the man who had completed a half-century of service in the pastorate. There were exercises after both the morning and evening services, addresses being made by Professor M. W. Jacobs of the Hartford Theological Seminary.
and Professor Williston Walker of the Yale Divinity School. A notable feature of the exercises in the evening, over which United States Senator Morgan G. Bulkeley presided, was the reading of a letter from President William H. Taft.

Meeting of the South Church.

A largely attended meeting of the church committee of the South Congregational Church was held yesterday afternoon at the State Bank, and it was voted to request the pastor, as chairman, to call a meeting of the church to be held next week Thursday evening at 7:45 o'clock in the chapel to consider and act upon the resignation of Rev. Dr. E. P. Parker. It is customary in such cases to have the church act first and the society afterwards. A sub-committee of Arthur L. Shipman, John P. Robinson and C. H. Clark was named to bring the business before the meeting.

Dr. Parker has fully

right to retire after more than half a century continuous service of the South church. In years of many experiences he was a young man, vs which is those days. He suffered for his Dr. Bushnell. ROCKEFELLER GIFT.

Clock to Bride Whose Marriage He Had Encouraged.

Cleveland, Ohio, June 23.—A clock of alabaster, Empire design, valued at $10,000, was the wedding gift of John D. Rockefeller to Miss Harriet Scofield, daughter of Levi Scofield of New Haven, Conn. The clock was presented on June 7 to Winthrop Bushnell of New Haven, Conn. Mr. Rockefeller was matchmakers in the romance of the Cleveland society woman and the New Haven man. It was while Miss Scofield was being entertained as a guest of Mr. Rockefeller at the Hotel Bon Air, Augusta, Ga., together with the Scofield family a year ago this spring that she was introduced to Mr. Bushnell.

Mr. Bushnell, a Yale man, was a good golfer. This made him popular with Mr. Rockefeller, who saw to it from that the easterner and Miss Scofield, daughter of his old friend, Levi Scofield, were in each other's company frequently. By automobile riding, tea parties, and golf contests the man of millions encour- aged the match.

The wedding took place at the home of the bride in Cleveland, and was attended by only relatives and intimate friends of the couple. The Rev. W. W. Bostard, Mr. Rockefeller's pastor, officiated at the ceremony.

General's suit.
The marriage of Miss Serena E. Clarke, daughter of Mrs. Helena Clarke and the late William E. Clarke and Morton A. Pearl of Manchester, was solemnized at the home of the bride, No. 33 Center street, Wednesday evening. The Rev. Otis Bicker, pastor of the Fourth Congregational church, was the officiating clergyman. Irwin Waters placed the wedding march. The bride was gowned in silk batiste trimmed with Cluny lace, and she carried a bouquet of white roses. The bridesmaids were Miss Mildred Clarke of Attleboro, Mass., and Miss Dorothy Burtis of New Haven. The best man was Stephen D. Pearl of Providence, R. I., a brother of the groom. The bride was given away by her uncle, Sidney E. Clarke. The presents included cut glass, gold and silver, and many useful household articles. A large and pretty French clock was given by the office associates of the bridegroom. Guests were present from New York, Boston and Providence.

Miss Ruth Collins, daughter of Mrs. Edward K. Root of this city, and the Springfield board of trade, and the late William E. root, was married in the parsonage of St. George's Episcopal church, Stuyvesant square, New York, by the Rev. R. Scott at 4 o'clock Thursday afternoon. John Reed Kilpatrick, a senior at Yale, was best man, and Miss Alice Pass of Nyack was bridesmaid. Emmett Naylor, secretary of the Bishop's board of trade, and Mrs. Mary E. Hobbs, the bridegroom's mother, were witnesses.

No member of the bride's family, who, it is said, strongly opposed the match, was present. The congressman had no intimation that the marriage was to take place. He did not know his wife had been married.

The two have been sweethearts for school days. The bride-to-be is 22 years of age. The bridalgown was worn and reared in Lincoln. He is 27 years of age, treasurer of the Hargreaves Mercantile company, and a graduate of a military academy at Upper Alton, Ill.

BRYAN'S DAUGHTER WEDS.

Lincoln, Neb., June 8.—Grace Dexter Bryan, second daughter of William Jennings Bryan, was married at o'clock last evening, to Richard Lewis Hargreaves, a wholesale grocer of Lincoln. The wedding took place at a Fairview, the Bryan home, and the ceremony was performed by the Rev. Harry F. Huntington of Crete, who has officiated at the weddings of the other Bryan children.

Mr. Bryan met his daughter under a arch at the foot of the stairway and accompanied her to the altar. William J. Bryan, jr., of Tucson, Ariz., was best man. Miss Lilly Tyler of Virginia and Miss Helen Sewind of Lincoln bridesmaids, and the bride and groom's sister, Mrs. W. S. Stebbins of Lincoln, matron of honor.

BRYAN'S GRAND-DAUGHTER.

Los Angeles, Ca., Oct. 18.—Lillian Bryan was born Sunday to Mr. and Mrs. Richard Lewis Hargreaves at their home here. Mrs. Hargreaves is a daughter of William Jennings Bryan.
New York, June 8.—Elizur Yale Smith of Lee, Mass., was arrested by a Chicago detective at West Park, N. Y., near Kingston, several days ago and is now being held as a suspect in connection with an irregular check transaction in Chicago. It is said that his relatives would not settle the case and that he is being held awaiting the arrival of a Chicago officer with extradition papers.

Smith is the youngest son of the late Wellington Smith of Lee, Mass., a descendant of the founder of Yale University. It is said that the checks were for more than $1,000, and some of the largest and best known hotels of Chicago were his victims. The Blackstone hotel is alleged to have cashed a check for $270, and other hotels for like sums on the introduction that Smith was able to obtain.

Only a few years ago, while he was a newspaper salesman in an office in New York, Smith married Miss Annie Livingston Best, daughter of the late Samuel H. Fowler, of Lee, Mass., and a descendant of the founder of Yale university. The marriage lasted only a short time, Smith having only a small salary as a salesman, and after a few weeks the Yale-Smiths separated. Smith, who is 28 years old, disappeared. Mrs. Yale-Smith obtained a divorce and remarried a short time ago.

An Incident in London

Smith's baggage was seized and his room at the Carlton in London was locked against him in May, 1908, for obtaining credit at the hotel for $100 without informing the management that he was an undischarged bankrupt. He provided credit at the hotel for $100,000, and some of the largest and best setns were a National Guard uniform. Among his assets were a National Guard uniform, valued at $26, and office furniture.
Charles B. Kelsey's arrest in New York yesterday afternoon was on a warrant issued by Prosecuting Attorney Edwin C. Dickenson, alleging the theft of $1,000 from the company.

Kelsey, who is 38 years old, was assistant cashier of the company until January 21, when he disappeared. His disappearance was simultaneous with that of Mrs. Frederick P. Fenn, and it is said that he and Mrs. Fenn were together in New York yesterday when his arrest took place.

While Kelsey is accused of stealing $1,000, the police say that that sum is merely nominal. From other sources of information it is said that he and Mrs. Fenn were together in New York yesterday when he got a few days' leave of absence from his duties, and failed to return. A warrant was issued for his arrest early in February, but his whereabouts was not known until yesterday, and his arrest is said to have been brought about through the activities of private detectives engaged by Mrs. Kelsey, who lives at No. 47 Burton street.

Last summer the Ferins and Kelseys spent the summer in a bungalow on Talcott Mountain. It is said that when they left Hartford they went to Havana, but returned to New York, where he was arrested by detectives who got Kelsey through a decoy advertisement. He was brought to Hartford in April by Detectives Frank S. Scorto of the local force. Kelsey was held for the criminal term under $8,000 bail, which he did not furnish till he had been in jail a few weeks.

Kelsey's parents live in Haddam State's Attorney Alcorn said that as a matter of fact Kelsey's stealings from the company amounted to $7,000 or $8,000. Joseph L. Barbour made a plea for Kelsey

BARNEY RECEPTION

One of the most enjoyable society events of the season was the informal reception given by Mr. and Mrs. D. Newton Barney at their home in Farmington yesterday afternoon and evening, to mark the coming out of their daughter, Miss Mollie Barney.

The hours were from 4 o'clock until 11, and there was not a moment of the time that the spacious lawns of the Barney estate were not thronged, most of the guests being from this city and Farmington. In fact, nearly all of the society leaders from both places were present. Extra trolley cars ran from this city. There were about 2,000 guests, Mr. and Mrs. Barney and Miss Mollie Barney received, assisted by Mr. and Mrs. George G. Williams.

The Governor's Foot Guard Band played on the west lawn during the afternoon. The garden at the rear of the house was most beautifully decorated, the privet hedge which surrounds the garden, the fountain in the center, and the other natural beauties of the place being brought out to advantage by the use of electrically lighted lanterns. Supper was served by Delmonico on tables in the garden. A racquet, one of the attractions of the estate.

The living room, where the receiving was held, and the other rooms of the house were tastefully adorned with roses and other flowers. In the evening Sutherland's Foot Guard Orchestra played in the music room and there was dancing by the younger set until a late hour, the first floor and the spacious verandas being thrown open.
Mr. and Mrs. John McWilliams, Jr., of Pasadena, Cal., and Mrs. and Mrs. Philip Weston of Dalton, will give a dinner and a reception this evening at the Pittsfield country club in celebration of the wedding of the Western Hemming wedding, which will take place to-morrow afternoon at 4:30 o'clock on the east wing of the Pittsfield Country Club property on Main street. It will be witnessed.

$40,000 PAID FOR A BIG STONE PILE
Edward Balf and T. J. Long Buy Russell Property.

Edward Balf and Timothy J. Long have bought from Mrs. Gurdon W. Russell the Cedar Hill mountain range formerly owned by the late Dr. Russell, and embracing forty acres, for the most part a solid ledge of stone. About eight acres of the purchase are fairly tillable, the rest being a considerable wood growth on the surface with an underground quarry of stone—a ledge of unknown depth.

The tract adjoins on the east the tract owned and quarrled by the late D. F. Keenan, and contains the same quality of stone that has come to the city in unlimited quantities for several years. The nearness of the stone mountain to railroad transportation adds greatly to its value. Good judges say the mountain could not be depleted in half a century.

The purchasers have not determined definitely on their plan of procedure, but it is probable that stone crushers will be installed during the year. The demand for stone for street work throughout New England is greatly beyond the available supply.

Years ago Dr. Russell planned a lookout house from the elevated position, and it is still there. The price paid for the property was $40,000.

PERY BOAT COLONIAL AT SAYBROOK IS BURNED

Vessel Struck By Lightning—Autoists Must Cross River at Hadlyme.

Saybrook, June 12.—The ferry boat Colonial, which plied between this place and Old Lyme, was burned about 3 o'clock this morning. It is believed the steamer was struck by lightning during a severe thunderstorm at that time. She was insured for $8,000, which is believed to cover the loss. The boat was uncropped at the time the fire started, but the flames were seen by people on the tug Comet, and the tug lowered her a considerable distance up the river and landed her where she burned without any means of extinguishing the fire. The machinery was ruined and the hull damaged beyond repair.

An effort is being made to get a boat to run in place of the Colonial, but it will be at least two days before one can be brought here. In the meantime autoists and drivers must cross the river on the Hadlyme ferry.

The Hartford Courant
TUESDAY MORNING, JUNE 13, 1911.

THE LYME FERRYBOAT.

The lightning on Sunday was luckier than others who have sought the Lyme ferryboat. It found her and caught her. The average searcher arrives at the riverbank to discover that she is on the other side of the river, the ferrything arrived and she is no more. Her last moments were her brightest. The loss of this boat and the inconvenience it will cause suggest again, if anybody needed to have it suggested, the wisdom of constructing the bridge below Essex, which we are told will be ready for use in September.

The automobile travel on the New London route has reached such a point that the ferryboat could hardly meet the demand. Last year she carried about 14,000 machines and this year something like 16,000 was expected to be the record. The ferryboat was scarcely up to date before lightning struck her, and it is different with ferryboats and politicians. The latter benefit when lightning strikes them, for a while at least, but it's all up with the boat. So hurry up the bridge and, if we may modestly suggest to travelers through Connecticut that there is another route to New London than that via New London, we will be justified in making that assertion. Go northward until Hartford is reached, then work over by Springfield. By this deviation you will see the finest city in New England, and we don't refer to Springfield, either.

JONES-HALL.

New Haven Girl Bride of Collinsville Man.
(Special to The Courant)

Collinsville, June 13.

Carlton Benjamin Jones of Collinsville and Miss Elizabeth H. Hall, daughter of Mrs. Emily Hall of New Haven, were married at 4 o'clock Monday afternoon at St. Paul's Episcopal Church in Wallingford. She carried a bouquet of lilacs of the valley. The maid of honor wore a dress of yellow crepe, trimmed with lace. The flower girl was Loll Rule, daughter of Dr. and Mrs. Oliver T. Rule, of Stamford. The ushers were E. W. Sludant, L. W. Johnson, and G. K. Graham of Collinsville, and Dr. F. B. Smart of Wallingford.

After the ceremony a reception was held at St. George's Inn, after which the bridal couple went away on their honeymoon. They will reside in Collinsville after September 1.

TERRYVILLE, June 15, 1911
Jones-Plumb Wedding.

The home of Mr. and Mrs. Rollin J. Plumb was the scene of the wedding last week of Helen Plumb and Edward E. Jones, son of the founder of the Borden Milk Company, whose income is said to be $80,000 per year, but who has just inserted an advertisement in the Los Angeles newspapers stating that he will not disclose the history of his financial troubles if the judge will not require him to pay the witness who saved the witness.

Hearing Denied.

Mrs. Helen M. Borden, alleging she was deserted in July, 1909, by her husband, Gail Borden, of New York, brought suit for divorce in Los Angeles courts. The action was filed by Los Angeles attorneys on Friday. Mrs. Borden is at the Hotel St. Andrews, New York, but is expected in Los Angeles in a few days. She does not ask for alimony or the custody of her two children.

Denies Charges Preferred in Husband's
Petition and Defends the Name of Her Infant.

Wilmington, Del., August 2.—Mrs. Madeleine Du Pont Bancroft, against whom John Bancroft, Jr., recently brought suit for divorce, filed a counter petition. Mrs. Bancroft is the eldest daughter of Alfred I. Du Pont, the wealthy vice-president of the Du Pont Powder company. Mrs. Bancroft based her suit on adultery and denied the paternity of her husband.

In her counter action the young wife also makes the charges and allegations of extreme cruelty. She also filed an answer to her husband's suit in which she pleads not guilty to all charges and declares he is the father of her infant, several months old. Mr. and Mrs. Alfred I. Du Pont, the wealthy vice-president of the Du Pont company, were at her side in De Roy. The bride received a train for a short trip. They will return following the ceremony, Mr. and Mrs. Bancroft having the home of the bride.

The young husband is an only son of John Bancroft, secretary of the Joseph Bancroft and Sons company, textile manufacturers, of Wilmington, Delaware, will be called at the September term of the New Castle county superior court here, which begins September 17. The court in deciding the matter will pass upon the paternity of the child.

The divorce suit is the sequel to a libel case in which the husband charged his young wife with being unfaithful.

The suit and counter suit will come up at the time of the New Castle county superior court here beginning September 18. Both will be heard in open court before Chief Justice Penney and Associate Justices Conrad Luther M. Bancroft, Jr., and Woodley. The custom in Delaware is for any person seeing the court file a petition and the docket in the office of the prothonotary late yesterday.

Standard Fire.

The Asylum Hill Congregational church was crowded with society folk, both local and from elsewhere, this afternoon. The event was the wedding of Miss Genevieve Chase, daughter of Mr. and Mrs. Charles E. Chase of No. 685 Prospect avenue, and Thomas Hewes, son of Mr. and Mrs. M. Lewis Hewes of No. 944 Asylum avenue, which occurred at 4 o'clock. The bride's father, Rev. Both families are prominent, socially, and there was a fashionable assembly both at the church and at the reception which followed.

The ceremony was performed by the Rev. Joseph H. Twichell, pastor of the church, assisted by the Rev. E. M. Delmar, rector of Trinity church. The Episcopal ritual was used, and the service was marked with simplicity.

Plans for Silver Wedding.

Notable Guests are invited.

Just behind them will come the members of the cabinet. They will walk slowly out through the house to the parlor, where they will meet the others of the wedding party, and then down the lawn. Close to the fountain they will take their stand at the head of the receiving line. Near them will be stationed the band of the Marine barracks, probably divided into two sections, which will play quickstep alternately. Maj. A. W. Hart, the president’s aide, who makes the prettiest sight, will find even his well-trained voice a bit husky after the line passes if the estimates hold good.
It is probable that more than 5000 persons will shake the president’s hand. Mrs.
Taft will not stand while that many pass by, but Miss Helen Taft will step into the receiving line after her mother has welcomed the guests at the principal entrance. The White House lawns will not be the only attractive point during the evening. The Engineer band will be stationed in the East room. The dinning-room and on the east terrace a buffet luncheon sufficient for thousands of people will be served. Members of the president's family and of the family of Mrs Taft are already beginning to reach Washington. Miss Anderson, the youngest son, will accompany her from Millbury. The eldest son, will reach the White House either today or tomorrow, and "Aunt" Delia Torrey is expected to-day. Robert Taft, the president's brother, will accompany her from Millbury. Horace D. Taft and Henry W. Taft, brothers of the president, will reach the White House either today or tomorrow, and Miss Helen and Charlie Taft, the youngest son, are looked for by tonight at the latest.

The Marriage.

In June, 1878, William Taft returned from Cincinnati from Yale university, where he had just been graduated with the degree A. B.

Soon after his return to Cincinnati, and in May, 1878, he was both low and doing court reporting for Murat Halstead's Cincinnati paper at $1 a day, he aided in organizing a literary and dancing society.

William H. Taft and Helen Herron were schoolmates in childhood. She is the daughter of Ex-State Senator John W. Herron, who lived at No. 69 Pike street, Cincinnati.

By the skilful work of William Taft, the society selected the home of his trix, Miss Herron, as the place of meeting. There they met every Saturday evening. A short part of the evening was devoted to writing essays and discussing current events and the last hour of the evening was devoted to dancing.

About this time, 1880 and 1881, Miss Helen Herron was taught to write paper and aiding his father in the financial affairs. Taft went over the state, rounding up the delegates here and there for his father. But no matter where he went on these trips, he always made it a point to be home Saturday evening for the two-hour literary and dancing sessions at Nellie Herron's home on Pike street.

Bill Taft worked hard for his father, but the latter was beaten out by Charles Foster by five-and one-half votes.

Judge Herron for years took his family in the hot months of the summer to the mountains in New York. After the campaign for governor William went to the mountains to visit the Herrons.

When Taft Asked for His Wife.

It was in 1888 that Will Taft got up the courage to go to Judge Herron and ask his permission to marry Nellie. In speaking of it the President said:

"My impression now is that I considered my announcement to Judge Herron with great solemnity and as a great ceremony. I remember that while I was making my announcement to the Judge the rest of the family of Herrons were in the next room hearing about it and teasing me about it. Oh, but it was solemn for me when I went in there where the judge was, and the family, I assure you, did not make it any more comfortable."

The engagement was a long one—nearly three years. William proceed-

MISS ALLING AND MR. DAY

The South Park Methodist church was the scene of a pretty wedding this afternoon when Miss Lena Estelle Alling, daughter of Mr. and Mrs. Buel B. Alling of No. 45 Allen place, was married to Louis Everett Day of New York city. The church was profuse with decorations of palms, laurel and daisies.

The bride was given away by her father, Clinton Brainard played the wedding march and the incidental music. The Rev. B. F. Gilman, pastor of the South Park church, officiated. After the wedding ceremony an informal reception was held in the home of the bride's parents. The married couple will stop a week at Lake Champlain for their honeymoon. They will reside in New York city.

The groom is a graduate of the Y. M. C. A. Training school at Springfield, Mass., and has been assistant secretary of such institutions in various cities of the east. He is now the secretary of the Washington branch of the Y. M. C. A. of New York city. The bride is a graduate of the Hartford Public High school and of the Hartford School of Expression. She has been teaching aesthetic dancing for the last two years with much success.

FIFTH GOLDEN WEDDING

IN THE SAME FAMILY

Rev. Dr. Storrs O. Seymour, Litchfield, to Celebrate 50th Anniversary.

Litchfield, June 20.—The fifth golden wedding anniversary to be held in the same family, two of whom were in the same generation, was celebrated today by Rev. Storrs O. Seymour and Mrs. Seymour in this place.

Dr. Seymour married the sister of George C. Woodruff of Litchfield. In 1879 Mr. and Mrs. George C. Woodruff had their golden wedding anniversary and in the same year Judge George M. Woodruff and his wife reached the fifty year mark of married life. In June, 1881, Mr. and Mrs. James B. Parsons, parents of Mrs. Charles A. Simon, pastor of the First Unitarian church, performed the ceremony.

Dr. Storrs, an old and esteemed member of the Congregational church, performed the ceremony of giving the bride away by her brother, Paul Bellamy. Her wedding gown was of white satin, trimmed in duchesse lace, and her full veil was fastened with cedars, and bunches of orange blossoms. She carried the complete bouquet of bride roses and white sweet peas in her hand.

The wedding was performed in the presence of Miss Marion, daughter of the late Edward Bellamy, author of "Looking Backward." When Earnshaw was in the jangles he wrote a series of articles for Edward Bellamy's newspaper. Miss Bellamy was the proofreader and became interested in the interpellation.

Preceded by Triumphant Procession from Buckingham Palace Through Lanes of Applauding Populace and Sight-Seeers from Every Clime.

London, June 22.—King George V., eighth of the house of Hanover, was to-day consecrated to the service of the British Empire and in turn re-

Sunlight Follows Showers.

The great ceremonial passed off un-
marrub by an untoward incident. When dawn broke the skies were heavy and showers fell during the progress of the procession of the royal guests and the junior members of the royal family to the Abbey, but as the king and queen left Buckingham palace to be crowned, the heavens smiled and a flood of sunshine brightened the splendid pageant.

It was a proud day for the British empire, but of all its millions the one who perhaps had the most reason to be proud was denied by court etiquette the joy of witnessing the triumphal event. At Sandringham palace, the queen mother, Alexandra, who forty-six years ago this month gave Britain a king, awaited the news that her son had taken his place in the long line of British monarchs.

Humble Enthusiasts.

After the early morning rush of enthusiastic, mainly of the humbler classes, and great numbers of ticket holders eager to secure places of vantage from which to witness the royal prog-
Processions From Buckingham.

There were three processions, one for the royal guests, another for the Prince of Wales and members of the royal family other than the king and queen, and, third, the imperial procession.

The first was made up of fourteen carriages occupied by the royal guests and the distinguished court officials and officers attached to their staffs. The carriages were drawn by pairs of the famous bay and black horses from the royal stables, driven by royal coachmen and attended by footmen in scarlet liveries. Trumpeters and an escort of the Royal Horse Guards preceded the royal guests, few of whom were recognized by the crowds.

The spectators, however, were quick to pick out John Hays Hammond, special ambassador from the United States; the envoys from France and Germany and the crown princes. These were given rounds of cheers and there was a spontaneous clapping.

King and Queen on the Way.

Exactly at 10:30 o'clock, booming guns announced the departure of the king and queen, leaving the palace, and by a happy coincidence which, however, has become almost traditional in British royal functions, the sun suddenly broke through the clouds and the rain ceased.

Above the choir stalls were arranged tier after tier of seats, and altogether nearly seven thousand people were congregated as closely together as they could be:

Arrayed in Their Robes of State and Jewels

The chimes in the tower pealed a loud accompaniment. On the arrival at the robing room, the regalia was handed over to the hereditary bearers, who meanwhile chanting "Oh, Lord, Our Help in Ages Past," placed the crowns and jewels, lifted from the altar and cushions and in great state to the choir and transepts, led the procession of clergy and other officials.

The only unofficial American present was Charles P. Taft, with Mrs. Taft and E. Morgan and eight correspondents. Mrs. Taft's satin gown, embroidered with diamonds, was delightful. The choir screen was an orifice, where was an orifice and three male singers selected from the choral choirs of the king.

Above the choir stalls were other tiers of seats, and altogether nearly seven thousand people were congregated as closely together as they could be:

Enter the King and Queen.

The royal guests making up the first procession had been seated when at 10:20 o'clock the second procession entered. A few minutes after 11 o'clock a fanfare of trumpets announced the entrance of the king and queen. All rose to their feet.

Lining the avenue of the approach to the throne were the picturesque yeomen of the guard. First entered a little group of the clergy. Then

Historic Ceremony.

The Archbishop of Canterbury presented the king. Facing the four sides of the Abbey in succession, he announced:

"Sirs: I here present unto you King George the undoubted king of this realm. Wherefore all you who are come this day to do your homage and service, are you willing to do the same?"

As the voice of the archbishop sounding strangely loud in the impressive silence that had fallen on the august assemblage died away, the spell was broken by the blast of the trumpeters, and a mighty chorus of "God save the king" fairly shook the great edifice. Cheers followed and escaping the walls of the Abbey, were echoed and re-echoed by outside.

Then followed the various bishops sang the Litany a munition was recited.

After a brief sermon kissed the Bible and sign swearing to govern according to the laws of the land and to a Protestant religion, the reeved form of this latter deing the single departure f ditional recital.

King George Replies.

Washington, June 23.—King George of England has sent the following answer to President Taft's congratulations upon the occasion of his coronation:—

"I heartily thank you and the people of the United States for the very kind congratulations which you offer me on this great and solemn day, and for the good wishes which you expressed, for the prosperity of the British dominion and for the welfare of myself and family. I heartily reciprocate your wishes that the friendly relations between the United and my country may ever continue.

Dismal Rain at Spithead.

Portsmouth, England, June 23.—Notwithstanding a dismal, drizzling rain, both the city of Portsmouth and the fleet in Spithead were brilliantly illuminated tonight. Vessels representing seventeen nations, which had come to greet the newly crowned King, vied with the gigantic gathering of British warships in making a beautiful spectacle.

Those of Constitution Hill, overlooking the palace garden, were filled with uniformed officers from every part of the world who had come to London to honor Britain's king with their daintily dressed ladies. On one side were roya and other representatives of foreign states. In another were mil itary officers attached to the suites of these representatives, and in the front row of still another stand were naval officers of the international ships at Spithead, including Captain Gove of the American battleship Delaware and his officers. These naval visitors were attended by officers of the British navy and the naval attaches of the foreign missions and embassies.

St. George's Hospital opposite Constitution Hill and the residences around Hyde Park corner and Piccadilly were hidden by stands occupied by a bevy of uniformed nurses side by side with men and women who had paid enormous prices for their seats.
Hammond's Guests.

The windows of Stratton house and the seats on the roof were occupied by guests of Special American Ambassador Hammond. These included the Duchess of Argyll, the special ambassador's staff in full uniform, members of the American Embassy and many American women.

The early morning was none too pleasant so far as the weather was concerned. The sky was overcast and occasional drizzling showers kept the spectators in doubt whether it would be necessary to raise their arms.

The king wore a field marshal's uniform with a sash of the Order of the Garter. The queen was wearing a blue sash of the Order of the Garter. Her hat was decorated with ostrich feathers. Following the procession was a carriage containing the queen, the duchess of Argyll and other ladies and officers of the Court.

The procession reached the city bridge. As the sovereigns showed themselves on the balcony of the palace, the crowd cheered, with the appearance of their majesties.

The early morning was none too pleasant so far as the weather was concerned. The sky was overcast and occasional drizzling showers kept the spectators in doubt whether it would be necessary to raise their arms. The procession arrived at the castle, where the Scottish crown jewels are kept, and on the next day he will attend St. Giles Cathedral for the dedication of the chapel of the Order of the Thistle.

The procession reached the city bridge. As the sovereigns showed themselves on the balcony of the palace, the crowd cheered heartily the appearance of their majesties. A stirring day closed with an outburst on the part of the troops and the people in the vicinity of Buckingham palace, similar to the spontaneous demonstration made when the sovereigns showed themselves on the balcony of the palace upon their return from the coronation ceremony at Holyrood palace.

With Princess Mary, only daughter of the king and queen of England, be compelled to marry some wealthy commoner or convert member of the British realm? Will she be forced to "cook" in a union with a man without a drop of royal blood in his veins, but with an overflowing bank account, as was her Aunt the Princess Royal, mother of Princess Arthur of Connaught, who married the late Duke of Fife, or her grand-aunt, Princess Louise, sister of King Edward, who married the Duke of Argyll?

It is all a question of money. King George has put the two possibilities before his relatives: Either Princess Mary may have control of a substantial private income by the generosity of her uncle and aunt and other collateral relatives, and, in the event of her death, or if she should fail to marry within a certain period of time, she will have to elect an allowance with a small annual interest to supplement the grant of the British Parliament, and what source now stands in her way is the great sum of $1,250,000. Princess Mary will probably benefit to the extent of at least $187,500 under her grandmother's will. From her father the princess will have $25,000 when she is 21, but from her relations on her mother's side she can receive a considerable sum, including $125,000, under the will of the late Duke of Fife. The present arrangement, sums of money that is being saved up out of her $100,000 left her by King Edward and the $150,000 to come to her, in addition to the $1,250,000, is $30,000 a year, though she has expectancies.

One way and another it will be seen that Princess Mary will very likely inherit, indeed, right up to the day of her marriage, because her allowance was ex-

PRINCESS HENRY OF BATTENBERG.

There may be no one sii-0, that it will be less than $50,000, and it may be a great deal more. Princess Mary is a constant visitor to Princess Henry of Battenberg and is a great favorite with her grandaunt.

King George and Queen Mary recently have been given to understand that their daughter may inherit also some of the enormous fortune of the Empress Eugenie. It is, of course, known that the queen of Spain is the prospective heiress to net. ...in an event, the princess, as the "bride of the heir apparent," would be voted an allowance varying from $150,000 to $500,000 per annum according to the wealth of the kingdom to the sovereignty of which her husband was heir. Queen Alexandra had $50,000 when she married the late King and Queen Mary's private income was $10 or $100,000 a year. In such an event, the princess in the hands of the heir apparent, would be voted an allowance varying from $150,000 to $500,000 per annum according to the wealth of the kingdom to the sovereignty of which her husband was heir. Queen Alexandra had $50,000 when she married the late King and Queen Mary's private income was $10 or $100,000 a year.

If, however, Princess Mary marries a minor German prince, which is much more likely, she would require a larger income than $50,000 per annum. In such an event, in the absence of any further deposits, the princess would have to make do with her own hoard. King George would have to ask Parliament to grant a sufficient allowance to his daughter to enable her to maintain her position with befitting dignity.
Queen Alexandra at 69

This picture of the dowager queen of Great Britain,—wife of the late King Edward, and mother of King George V.,—was taken a few days after her 69th birthday, December 1. King George and his wife helped to celebrate the birthday of his mother at Sandringham, Eng., the country home of the former queen of Great Britain. During the past few months she has been attending social functions, having come out of her mourning and retirement.

London, Dec. 12.—The transfer of the capital of India to Delhi is largely attributable to political unrest in Bengal. The recent revolutionary discontent largely originated in Calcutta, and the task of administration on this account was rendered more difficult. Delhi, as the ancient capital, is regarded by the natives of the eastern empire as a sort of shrine; so that the change will minimize the effects of Bengalese disaffections.

Farmington Young Woman Becomes Bride of West Hartford Man.

Farmington, June 25.

One of the largest and prettiest weddings in Farmington for some time took place at the Old Congregational Church Saturday afternoon at 4 o'clock, when Miss Ruth Eleanor Crandall, daughter of Mr. and Mrs. Hervey L. Crandall, was married to Julius Philip Wessel of West Hartford.

The church was beautifully decorated and was filled to its capacity. Rev. Quincy Blakeley, pastor of the Congregational Church, married the young couple. After the ceremony a reception was held at the residence of the bride's parents, and about two hundred and fifty persons were present. The recital was done by J. B. Ryan of the Elm Tree Inn.

The father and mother of the bride and father and mother of the bridegroom received with the bride and groom in front of a bank of laurel ferns and roses.

The maid of honor was Miss Agnes Wessel, sister of the bridegroom, and the best man was William Henderson of Hartford. The usher at the church was Mrs. H. D. Deming, Jr., of Farmington, J. W. Busch, Jr., of Hartford, Carl C. Parker of Springfield, Mass., and Leonard H. Wessel of West Hartford, brother of the bridegroom. Mrs. F. L. Scott came from her summer home in Maine to officiate as organist for the occasion.

The bride wore white silk crepe meteor en train, trimmed with crystal net princess lace, with veil caught back with princess lace and bridal roses. She carried a bouquet of white roses and lilies of the valley, and wore a pair of diamond pendants, a gift of the bridegroom. The maid of honor wore a dress of pink silk crepe de chin on train and carried pink sweet peas with diamonds in her hair.

Senator Warren to Marry a Connecticut Girl.

Washington, D.C., June 20.—The engagement of Senator Francis Emory Wessel, of Wyoming, to Miss Clara Le Baron Morgan of Groton, Conn., was announced yesterday afternoon in the parlors of the Hotel Gotham. The engagement was announced on June 19, but no date was set for the wedding.

Miss Morgan has been staying at the Holland House with her mother, Mrs. John Sands Morgan, and Senator Warren came over from Washington to the Gotham, where he stays when in town, yesterday. They were made quite an object of interest by those about them.

The engagement was announced by Mr. and Mrs. Wessel's ranch, 150,000 acres. Senator Warren is the son of Senator Francis E. Wessel of Groton, Conn., one of its pioneers. He shaped the course of that territory, and for several years was territorial governor. As a soldier he was a pair of the first citizens of Wyoming. As an officer he shaped the course of his career and for several years was territorial governor.

The house decorations were white and green. The bride's gown was of white satin with princess lace trimmings and the bridal veil was held by a corsage of white sweet peas with diamond dress pins in it.

The wedding was a quiet one, owing to the recent death of Miss Morgan's brother, Mr. Wessel, recently a former United States Steel manufacturing company. Senator Warren, who does not look more than 50, confessed to the recent death of Miss Morgan's uncle, Henry B. Brown, for the recent death of Miss Morgan's mother, Mrs. John Sands Morgan, of New York city.

The news came as a distinct surprise to Washington society, of which Senator Warren is a prominent and active member. Miss Morgan has been spending much of her time during the season in Washington at the home of her mother, who is a former United States Steel manufacturing company.

The ceremony was performed by the Rev. Wilbur L. Cawsewell of St. Thomas's church.

The bride's gown was of cream lace and chiffon. The hotel parlors were decorated with flowers grouped to form a temporary chahcel under which the ceremony took place.

Congratulations were received by cable from Mrs. John J. Pershing, Senator Warren's sister, and by his mother, General Pershing, who is in the Philippines. The son of the first citizen of Wyoming, for several years has been territorial governor. As a soldier he was a pair of the first citizens of Wyoming. As an officer he shaped the course of his career and for several years was territorial governor. As a soldier he was a pair of the first citizens of Wyoming. As an officer he shaped the course of his career and for several years was territorial governor. His military record in the War of the Rebellion is high, and he wears a congressional medal of honor for gallantry in action.

Senator and Mrs. Warren will spend two or three days at the seaside, after which they will make their home at the New Willard in Washington until Congress adjourns. They will then go to Wyoming, where Mr. Warren has a ranch of 150,000 acres. Mrs. Warren is well-known socially in Washington, where she and her mother have spent several seasons and where she first met Senator Warren five years ago. He has been a widower for about nine years.
To the Editor of The Courant:

Having spent most of my life prior to 1900 in Hartford, it's natural to suppose that I should look the city over in my own eye now and then as it was when I left it. I know of some changes that have been made, and there are hundreds that I do not know of, so, if some day I should successfully alight from an aerial craft, or an express train, I dare say I would be agreeably surprised, possibly astonished at the substantial improvements made in your beautiful city. Although 3,000 miles distant, we keep pretty well posted as to the important events taking place there, as well as all over the world, and from the same sources that you do, so that anything of importance which occurs anywhere is in our papers. We came West in November, 1900, and have never made a trip East since. "Tempus Fugitis" and life here is like a summer's dream. Sometime I may see an opportunity to slip out from beneath the rays of a genial semi-tropic sun, and visit the scenic and historic highlands up among the Berkshire hills, not forgetting to make a visit among my many friends in Hartford.

I feel like congratulating your paper on the wonderful city, and especially the committee who had in charge the building of that superb structure, the new city hall, which, I believe, is certainly something to be proud of, and there is satisfaction in knowing that when all now living in the little New England state, have been scaling the dizzy heights of the starry heavens for five hundred years, the bridge will still be there to the Far West in growing and wonderfully fast. Los Angeles is now credited with having a population of 356,000, and its suburb, Pasadena, with a little over 20,000. People here are not as anxious to die as they are in some other less favored sections of the country, as there they will never find another place quite as good. Building seems to be going on rapidly all over Southern California. In Pasadena last year the building permits were a little over $2,000,000.

It will not be many years before this section will be built up from the Sierra Madre range to the ocean. Los Angeles and Pasadena are tied together by several sets of steel rails, and two are kept hot day and night—three lines of steel railway, the Santa Fe, Southern Pacific and San Pedro & Salt Lake, also three lines of the Pacific Electric railroad. It is eleven miles from central station of the two cities, and the travel between them is rapid, as both railroads have electric trains that run at frequent intervals. It is a good recreation for the farmer to engage in the pleasure resorts. In one she had something to say concerning the water question here. I wish to say that when I was a small boy I was afraid of girls. In the case of Lucius, it was—opportunity—and he improved it well, and I am glad that one who has graced this gentle brick school house into such a lucrative and dignified position.

I was very sorry to have read in your issue of the 15th of last January of the serious operation Mr. Tuttle had undergone in the amputation of a leg, and from a later account was pleased to learn that his recovery was so satisfactory. I have read with much interest a sketch of Lucius Tuttle's career as a railroad man. Lucius and I were school mates when we were about twelve and fourteen years of age, perhaps a little younger than that. Our families were then neighbors, living about a half mile north from Albany avenue on the Blue Hill road. We attended school in the little school house just a few rods southeast from what was then known as Adams Tavern. I presume quite a number of the pupils that were there then have passed over the great divide. I have somewhere the names of those present on the last day of the school of one of the terms. I now recall only a few of those present then, besides Lucius and myself; there were John and George Marks, who was then known as Adams Tavern, and Imri Wilcox, who is now I believe pastor of the South Baptist Church in the home office. I do not seem to remember the names of any of the school girls, and perhaps one reason is that when I was a small boy I was not afraid of girls. In the ease of Lucius, it was—opportunity—and he improved it well, and I am glad that he emerged from the little brick school house into such a lucrative and dignified position.

Every now and then some Hartford people stray away from home and give Pasadena a call. A short time since William B. Clark, president of the Aetna Fire Insurance Company, was doing this part of the country and taking I suppose a much needed rest. Mr. Clark and myself used to train together with the Hartford Wide Awakes in the look out tower. A large delegation of us went to the inauguration of President Harrison at Washington, D.C. The President received us in the East room and we were introduced by name, and he shook hands with each of us. It is a good recreation for the brain, to once in a while, revolve the story of our childhood and early manhood, but looking only at the pleasant pictures which we have hung upon the walls of our memory.

FOR RENOMINATION

AUGUST 21, 1924,
G. O. P. Town Committee
Wants Him to Be State
Secretary Again.

Secretary of the State Francis A. Pallotti has been endorsed for renomination by the republican town committee, and Hartford delegates to the state convention will go to New Haven ready to boom Mr. Pallotti for a second term.

Judge Pallotti was first nominated for secretary of the state in the state convention at New Haven two years ago.

Judge Pallotti is one of Hartford's best known citizens. Born in Hartford on August 21, 1886. He attended the local schools and then went to Holy Cross College. At Holy Cross he made an excellent showing scholastically and a splendid showing athletically. He was one of Holy Cross star football and baseball men, and ever since his graduation in 1908 he has returned to Worcester each fall to aid the Purple gridiron men prepare for their big game with Boston College.

Following his graduation from Holy Cross Judge Pallotti went to the Yale Law School, from which he was graduated in 1911. At Yale he was president of the graduating class in the law school, won scholarshi funds and was made a member of the honorary law fraternity, Chi Tau Kappa.

Returning to Hartford to practice his profession, Judge Pallotti immedi-ately threw himself into civic and political affairs. He served on the street board, on the Brown Club committee and as a member of the Republican Ward.

The larger class that was ever graduated from the Indian Orchard grammar school received their diplomas Tuesday at the Indian Orchard grammar school, which Dwight Clark, principal of the Indian Orchard grammar school, who is retiring after 30th year as a teacher in the city, dedicated a brilliancy of city's service, merits the congratulations and esteem of every one in the city. The people of Indian Orchard will feel especially the sorrowful grief on the side of the retirement of their venerable personal tributes, Mr. Clark has dictated his own farewell, and Mr. Clark then terms with the city, perhaps, and it is a noble surrender, and not a defeat, and the school and the city have many more years to enjoy the pleasures and the associations which his long career in this city has developed.

well-known Springfield Merchant Takes Miss Annie Olive Coolidge as His Bride. June 25, 1870.

Miss Annie Olive Coolidge, daughter of Mrs. William E. Coolidge of Agawam, and Stanford L. Haynes, manager of the Haynes & Co. clothing store of this city, were married yesterday at noon in the home of the bride's mother in Agawam. Only the immediate relatives and a few friends of the couple were present at the ceremony, which was performed by Rev. H. G. Fitch, a close friend of the couple. The couple had many years to enjoy the pleasures and the associations which his long career in this city has developed.

The Texas orchards Company, organized last June by Connecticut capitalists, has gone into the hands of a receiver, C. F. Whitcomb, of this city, and he today filed his bond of $29,000 preparatory to taking charge of the affairs of the company.

The appointment of a receiver followed upon the filing of a petition by Lewis E. Gordon of Hartford, Conn., and others, setting forth general inability to meet obligations. No statement in detail of assets and liabilities has yet been made. The company was organized with $1,500,000 capital to develop 30,000 acres in Brazoria county, and title to the land was secured. The announcement of the company was to engage extensively in orange growing. Action in the receivership matter was taken in the district court here before Judge Kittrell.
Principal Edward H. Smiley of the Hartford Public High School, who has been connected with the institution since 1890 and its head since 1895, has resigned the principalship and will retire from that place at the end of the school year, but his letter of resignation, which was written while he was in the state of Washington recently, indicated a willingness to remain as a member of the teaching force of the school, which, therefore, is not likely to lose his services. Since the receipt of the letter by Chairman A. A. Welch of the high school committee, Mr. Smiley has returned to this city, and is much improved in health. The letter of resignation follows:

Blaine, Wash., April 10, 1911.
Mr. Archibald A. Welch, Chairman of High School Committee, Hartford, Conn.

My dear Mr. Welch: Over two years ago I had a rather severe illness, resulting doubtless from overwork in connection with my duties as principal of the Hartford Public High School. I had hoped that the vacation taken at that time would fully restore my health, but I am convinced that it is my duty to ask to be relieved of the duties and responsibilities of the principalship of the school. While asking to be relieved of these greater cares and responsibilities, I wish to state that the condition of my health is now fully equal to any demands that could be made upon it by the work of an instructor in the school, and I would respectfully ask to retain my connection with the school in this capacity.

Very truly yours,
Edward H. Smiley.

This communication has been laid before the high school committee, which has accepted the resignation of Mr. Smiley, recording the same by a vote of appreciation for what he has been to and done for the school. Mr. Smiley has always retained his interest in the classics, keeping a class in Virgil up to a very short time ago, and as a teacher of Latin he has no superior. It is probable, therefore, that the committee will avail itself of the opportunity of retaining Mr. Smiley in the school in this important capacity.

Nothing has been done towards the election of a successor. R. E. Phyre, the vice-principal, has had charge of the school during Mr. Smiley's absence. As the resignation of Mr. Smiley was accepted to take effect at the end of the school year, it is probable that he will have charge of the school during a part of next term.

Principal Smiley has been connected with the local high school since September, 1890, when he came here from Springfield, Mass., where he had been a classical teacher in the high school. He is a native of Maine and was graduated from Colby University, Waterville, Me., in 1875. After his graduation from college he was principal of an independent high school which was started in that place. He was at the head of the school until 1884, when he went to Springfield, where he remained until he became connected with the Hartford school, and thus during more than thirty-five years spent in teaching, he has been connected with only three schools.

Mr. Smiley came to the Hartford Public High School during the principalship of Joseph Hall as a classical
It is our pleasure to announce the election of Mr. Charles Sedgwick Robbins as Assistant Cashier of the Company. Mr. Robbins is a native of Hartford, and has been connected with The Travelers Insurance Company in various departments for over 25 years. During his service he has been cashier of the Philadelphia Branch Office, and represented the Company at Abilene, Kansas, in the Real Estate Department. He has now for many years been in the Accounting Department at the Home Office, and his promotion comes as a reward for long and efficient service.

Mr. Robbins is a 32d degree Mason, a member of the Mystic Shrine and a member of the Society of the Sons of the American Revolution.

CURTIS GUILD IS BACK.

JUNE 6, 1913.

Curtis Guild, who recently relinquished post of American ambassador to Russia, arrived in Boston yesterday on the liner Cincinnati, accompanied by Mrs. Guild. He appeared to be in excellent health immediately announced that one desire regarding politics was to be only as a private citizen.

Guild said that the Paris papers made a mystery of his return by way of Carlsbad, where he stopped for several weeks. "I was taken ill in Russia," explained, "and the doctor recommended me to go at once to Carlsbad to the cure. I cabled to the state department explaining the situation and whether I should ask to have my resignation accepted at once, or should for leave of absence. The department acted in the kindest fashion, giving me the leave I should have applied for, and pay. The department added, however, that my successor probably would appointed before my leave was up. Actually I cabled again asking whether I should take my farewell of the emperor or going on leave and was instructed not to. I did take my farewell and—for some good reason—the appointment of not only the ambassador to Russia, but of all the ambassadors was held at Washington. I should have retired my post, but having said farewell, that would have been awkward to the least. So I came home."

Four days ago. He discovered theft this morning. It is understood that $44,000 of the credit had been cashed alone and Mr. Guild has telegraphed his bankers to stop payment of rest. He is unable to remember or not he himself took out spent some of the $1,000 cash. Guilhard believes it almost impossible on the present clues to find the thief, who he believes to be professional hotel thief.
The first marriage of a graduate of Trinity College in the class of 1911 was on Thursday afternoon, the day after commencement, when Richard McDonald Nelson, jr., and Miss Evelyn Miller Humphrey of Milton, Mass., were married in St. John's Church, Milton. The ceremony was performed by Rt. Rev. Richard M. Noel of Albany, N. Y., father of the bridegroom. The best man was Frank Brainerd of Portland, a classmate and member of the same fraternity as the bridegroom. Miss Ruth Humphrey, sister of the bride, was the maid of honor and the ushers were John Nelson, a brother of the bridegroom, F. Maxon of Detroit, a classmate, and M. Warren of Albany, N. A special train from Boston carried the guests to Milton following the ceremony Mr. and Mrs. Nelson held a reception at the home of the bride's father. The bridegroom was a prominent

He Married to Cover Up a Previous Unlawful Relation and Friends of Renounced One Took Revenge.

New York, November 25.—The story is told in a personal letter to the World signed "C. of the charges which have caused the Rev. F. P. Farrar to be deprived of his office of private chaplain to King George V. of England. The writer states that it was perfectly well known to members of the court of King Edward VII that Chaplain Farrar had maintained "an unacknowledged union with a young woman of obscure position, and the transgression was dulycondoned so long as King Edward lived. But circumstances changed when George ascended the British throne, with a queen who is described "a source of terror, omnipresent and omnipotent, a citadel of unlimited principles useless to besiege." Then Chaplain Farrar sought to put himself into favor by his marriage with Miss Davis of Philadelphia, but the plan was not a success. The World's Informant says:

It has been understood in England that the first he knew of Miss Davis was a letter, the story of Farrar's past life. They had been friends almost from childhood and had exchanged frequent letters for two years. She was a few years older than the chaplain and was willing to undertake the task of helping him to adjust his life to the narrowest limits decreed for the court by the new king and queen. But when the whole story is out it will probably appear that the marriage is responsible for the chaplain's disgrace, the exposure having been made to Queen Mary as a revenge by the friends of the woman Farrar had determined to renounce.

A London sensation of special interest in America has been caused by the dismissal by King George and the subsequent disappearance of Rev. Frederick Percival Farrar, the king's domestic chaplain. A picturesque phase in his career, the hall to which he was accustomed, and the throne to which he was attuned, have disappeared from his life. But the new king and queen are present and omnipotent, a citadel of laws useless to besiege. MANY FRIENDS GREET

MR. AND MRS. STANNARD
July 8, 1911

Greeting their Fiftieth Anniversary of Their Wedding Yesterday,

Mr. and Mrs. John S. Stannard of No. 1406 Main street, who completed fifty years of married life yesterday, celebrated the event by a dinner in the afternoon at which between twenty and thirty of their intimate friends and relatives were present, and by a reception in the evening when many of their friends in this city and from other places came in to congratulate them.

A reception was given the couple last Wednesday evening in Grand Army Hall, Mr. Stannard being a past commander of Robert O. Tyler Post, A. F. & A. M., which was a more formal recognition of yesterday's observance, though despite the extreme heat yesterday's was a pleasant one. Among those who were present yesterday were Mr. Stannard's brothers, Captain E. F. Stannard from Staton Island, Horace F. Stannard, with his wife from Brooklyn, with Postmaster and Mrs. H. G. Linsley of Bradford, Mrs. B. A. Hotchkiss a sister of Mr. and Mrs. Stannard also of Brad- ford, Mr. and Mrs. John Manwaring of Brooklyn, N. Y., and Mrs. H. A. E. Stannard of Saugatuck, with other relatives, a sister of Mr. Stannard, who lives in San Francisco, being present.

Grand Army men from this city and from East Hartford were present, among them being Isaac Barrows, whom Mr. Stannard dragged from a burning barn on the Emmetsburg turnpike during the third day's battle at Gettysburg. The comrades were able to compare notes as to the weather yesterday for Gettysburg was a hot day in various ways.

During this anniversary week, Mr. and Mrs. Stannard have received many gifts, the members of Robert O. Tyler Post sending a cut glass lunar globe set and D. C. Rodman Post of East Hartford giving silverware. Several gifts of gold coin were also received and among the other articles were a shawl furiously knitted by Mrs. Stannard, and a large bunch of white carnations from Ivanhoe Chapter, E. O. E. S., of which Mr. and Mrs. Stan- nard are members. Most of all they value, apparently, the good wishes which came to them from their friends.

BOOK AGENT IS ALMOST 100.

Veteran Canvasser-Still Spry Enough to Do Good Day's Work.

Montclair, N. J., June 29.—George Clinton Palma, who will be one hundred years old on July 9 next, was in this city yesterday canvassing for subscriptions for books. He boasts he is the oldest book agent in the world. In proof he is still able to do more than the work of a young man, Palma says he has sold 1,000 books of fiction in the last two months. The man who can cast his mind's eye back almost a century, is only slightly gray. Time, however, has stooped his shoulders and wrinkled his features, and his step is not so brisk as it used to be.

"I cast my first vote for Andrew Jackson," Palma said yesterday. "I have a son 73 years old. He lives in Odessa, N. Y. My father was a large land owner near Elmira. He was a friend of Governor Clinton, who be-queathed to him 400 acres of land because he bestowed the name of the governor on me.

The old book agent now lives in Elmira. He is staying temporarily.

Under the Russian law Miss Frothingham is the only wife of Count Tolstoy, notwithstanding the fact that her marriage was performed "by order of the court.

In the days of my youth I was said to be the most beautiful girl in Europe. I am now only slightly gray. HOTTER, BUT KEEP COOL.

It is hotter today than yesterday, although Monday still holds the banner for the highest temperature in Hartford. However, a difference of a degree or two means very little in such a torrid atmosphere as has prevailed in this locality since Saturday. The lowering of the humidity has helped to make today seem less warm than yesterday, but the mercury before noon was at a higher level than for the corresponding hour yesterday. Observer Neifert will be a very popular man among Hartford citizens if his prediction of cooler temperature for tonight proves true.

Local showers are assigned as the reason for the relief. Let's hope it is true. Keep cool anyway.

San Francisco, July 20.—"I am a victim of the suffrage movement," said Dr. Lee De Forest, wireless telegraph inventor, yesterday, in announcing that he had brought a crosssuit for divorce, which is on the next docket of the superior court, against Norah Blatch De Forest, daughter of the militant suffragist Harriot Stanton Blatch, and checks sent from here in the last year have been returned. Let- ters accompanying the return of these checks had been sent from Dr. De Forest, and in due time after his marriage to the beautiful and talented daughter of Mrs. Blatch, when a child made its appearance on the scene, he was given to understand by his militant mother-in-law that his presence in the family was no longer necessary or desired.

The desire for a legal separation on the part of the wife—a divorce could not have been secured in New York state—was expressed a month ago in the service of papers in such an action by Dr. De Forest at the former home of the Blatches at Shoreham, L. L., where he had gone to visit his baby daughter.

On learning that his wife was determined to seek a legal separation from him, Dr. De Forest returned to San Francisco, where he has established a residence, to begin his action for absolute divorce, for which desertion and neglect are causes in this state.

The papers in the case will be opened only on order of the court. The plaintiff refuses to make known the nature of the charges brought against the defendant, Dr. De Forest, to be responsible for his marital unhappiness, that he has prevented a reconciliation with the woman from whom he seeks legal separation other than to state that everything is at an end between them.

His Checks Returned.

"Why, when we came back from our honeymoon of six months in Eu- rope, Mrs. Blatch endeavored to persuade her daughter to take up her residence in the Blatch home instead of with me in the apartment I had provided in Riverside Drive," said Dr. De Forest to-day. "And two months before the child was born my wife was taken to a place in New Jersey by her mother, without my consent, and I was not allowed to be with her at the time of the birth of our child."

"As soon as its birth, when it was found to be a girl, Mrs. Blatch offered me $5,000 if I would release all my rights and interest in it. I was not very flush with money just then, owing to financial difficulties the wireless people were having, but I retained my interest, non-canceling though it was—in my baby. But I have not been allowed since its birth to contribute to its support or to that of my wife and checks sent from here in the last year have been returned. Let- ters accompanying the return of these checks state their contribution to his support, will be offered in evidence when the case comes up for trial."

Mrs. Blatch's ideas for her daugh- ter's future include nothing that does not spell suffrage. And, in fact,

HIS WARNING TO YOUNG MEN.

"Don't Wed a Suffragette.

"My wife and daughter have been dedicated to suffice," concluded Dr. De Forest, "and while I deplore the publicity that has attended the filing of my suit, I hope it will act as a deterrent to other young men who may be contemplating a marital trip where there is suffrage in the blood." Mrs. De Forest is a graduate of Cornell and is said to be the only woman to pass the portals of that university privileged to bear the designation "C. E." after her name. At the time of her marriage to the inventor, February 23, 1908, she was connected in an important capacity with the city service board of New York City. At present she is a civil engineer in the service of the Bradley Steel company of New York. Her mother owns $6,000 worth of stock in the company.

The Blatches have lived on Long Island for fifteen years, where, according to the statement of the plain- tiff in the action Mr. Blatch keeps the house, keeps the peace and acts as a valet to his militant wife."

BLAMES WIFE'S MOTHER.

Inventor De Forest Files Suit for Divorce From His Wife.

Harriot Stanton Blatch of New York, suffragist leader and daughter of Eliza-abeth Cady Stanton, is declared her son-in-law, Dr. Lee De Forest, scientist and wireless inventor, to be responsible for the suit for absolute divorce filed at San Francisco Tuesday against Mrs. Nora Stanton Blatch De Forest. The suit follows a suit for separation filed by Mrs. De Forest at Shoreham, L. I., June 17. The grounds named in the San Francisco suit have not been made public.

De Forest declares Mrs. Blatch is re- sponsible for his marital unhappiness, that she has invented a reconciliation with his wife and has nullified all his efforts to induce Mrs. De Forest to join him in California. Mrs. Blatch is president of the league for self-supporting women, and Mrs. De Forest is a fully qualified hy- drolic engineer.

Announcement has been made of the marriage of Miss Florence McLaughlin and Alden Wells, on July 10 by Rev. Dr. J. T. Hunting- ton at the bride's home. They will live at No. 57 Allen Place, Hartford. Mrs. Wells is soprano soloist at the Second Congregational Church here. She will resume her duties after a two weeks' vacation.
IVORYTON PEOPLE AWAY SIX MONTHS, TRAVEL 26,000 MILES.

IVORYTON PEOPLE ON THE WAY TO AUSTRALIA.

Mr. and Mrs. Comstock and Daughter Expect to Eat Christmas Dinner in City of Sydney.

Special to The Times, Ivoryton, November 19.

Robert H. Comstock, president of the Comstock, Cheney & Co., of this place, and Mrs. Comstock and the daughter, Ethel, left town Saturday and are now on their way to Australia. They went from here to Boston, thence to Montreal, leaving that city Monday over the Canadian Pacific railway for Vancouver, B. C. At Vancouver they will take steamer for Sydney, Australia, touching at Honolulu, H. I., on the way. They expect to reach their destination just before Christmas.

The Comstocks go to Sydney to visit Mr. and Mrs. Frank Smith. Mrs. Smith was before marriage Miss Belle Kelsey of Ivoryton, a sister of Mrs. Comstock. The party expects to be away until next spring.

Mr. and Mrs. Comstock and daughter and Miss Kelsey spent the winter of 1910-11 in South and East Africa, traveling nearly 20,000 miles from the time they left their home here until they returned, which was in March, 1911. A remarkable feature of this long trip was that all the drinking and cooking water which they used during the entire period of about six months was taken with them from Connecticut. They did not experience a day of illness during the journey.

It was while they were on this trip that Miss Kelsey met the man who is now her husband. He was then an engineer in South African diamond mines, and a few months later came to Ivoryton to claim his bride. Since then the couple have removed to Australia, and Mr. Comstock and family are on their way to fulfill a promise made some time ago to visit them.
Miss Isabel Kelsey of this place and Frank Smith of Johannesburg, South Africa, were united in marriage at the home of the bride's sister, Mrs. Robert H. Comstock, at 3:30 this afternoon by the Rev. Percy Earles, rector of St. John's church in Essex. It was a very large wedding, more than 250 guests being bidden to it, and to the reception which immediately followed. The house was beautifully decorated for the ceremony.

The bride was attended by Miss Ethel Comstock, daughter of Mr. and Mrs. Robert H. Comstock, as bridesmaid. The best man was Professor Herbert Smith of Princeton university. Guests came from Hartford, New York, Boston, Philadelphia, New London, Cambridge and many other places.

The นาย, officiated and made a brief address in which he wished the contracting parties happiness and expressed the felicitations of the municipality.

The prima donna was divorced from her former husband, Julian Story, in the spring of 1897. The baritone, who has been associated with the bride professionally, was married from his wife, Mrs. Elsa Neumann De Gogorza, last year.

EAMES CANONICAL MARRIAGE.

Follows the Civil Ceremony of the Day Before.

Paris, July 12.—The civil marriage of Mme. Emma Eames and Emilio de Gogorza was followed to-day by a religious ceremony at the Catholic church of St. Pierre-de-Chaillot. This service also was private, only the required legal witnesses being present. They were those present yesterday: William Francis Warden, a painter; Farichild Blair, a composer for the baritone, George Armstrong, a banker, and Ernest Arnaux, a lawyer for the prima donna.

MME. EAMES'S MARRIAGE.

Report That the Church Does Not Regard Her Marriage to Storey Binding

(Paris Special Cable Despatch to the Sun.)

As it is apparent that a controversy has arisen concerning the status of the marriage recently of Mme. Eames, the celebrated singer, to Emilio de Gogorza, the baritone, the statement is made on authority here that in the eyes of the church neither had ever been married before. Mme. Eames was never baptized, and as a consequence she is looked upon as an infidel.

Such being the case her first marriage is not regarded as binding. For this reason she was entitled to embrace Catholicism and marry Gogorza. The latter, it is pointed out, was married previously to a magistrat, and this ceremony is not recognized by the church.

In view of this the attitude is taken that the church is concerned only with the marriage of Mme. Eames and Gogorza which took place on July 12, the report that Mme. Eames paid a large sum for a dispensation is untrue.
A PARIS correspondent of the New York American last night obtained confirmation of the special cable from Paris that Mme. de Gogorza has decided not to throw away her former husband. Although she refused to be seen when an American reporter called at her home on Wednesday afternoon, Mme. de Gogorza's mother, Mrs. Neumoegen, by telephone, said: "My daughter and her family are no longer interested in the affairs of Madame Emma Eames and Mme. de Gogorza. If you have any doubt about the truth of this statement, I advise you not to believe it."

"You can rely on me for the truth, and I will give you the facts if you want them." The American correspondent then asked: "Are you sure no divorce has taken place?"

"I am not sure, but I know that Mme. de Gogorza has not decided to divorce."

The American correspondent then asked: "Are you sure no divorce has taken place?"

"I am not sure, but I know that Mme. de Gogorza has not decided to divorce."

The American correspondent then asked: "Are you sure no divorce has taken place?"

"I am not sure, but I know that Mme. de Gogorza has not decided to divorce."
Julian Story were dead, but it shall not be lawful for the said Julian Story to marry again until the said Emma Eames shall be actually dead.

"If I wish to marry again, I will marry," Julian Story is quoted as saying after he received word of the court order. He did marry in July, 1909, Mrs. Elaine Bohlen, who only a short time before had secured a divorce from Murray Bohlen of Philadelphia.

Emilio de Gogorza, the present and in the eyes of Roman Catholic authorities only husband of Emma Eames, is an excommunicate. He has frequently made concert tours with Emma Eames. He was married to Eliaf Neuman in 1906, and was sued for divorce, naming Mme. Eames as a "psychic correspondent." She also sued for divorce, naming Mme. Eames as "psychic correspondent." She also sued Emma Eames for $100,000 for alienating her husband's affections. Both these suits were dropped and last year De Gogorza secured a divorce in France.

Mrs. Eames on her visit in London before her marriage to Gogorza received instruction in the Roman Catholic faith and only a few months before her last marriage was received into that church. It was necessary for her to prove her previous marriage void according to canon law before she could marry again, and it was said she secured the advice of the archbishop of Westminster. The Vatican passed on her case, submitted, and the latter part of June she got a dispensation from interpellation—in effect a decision that she had not been previously married according to ecclesiastical standards.

Emma Eames de Gogorza has announced that she and her husband will give a series of concerts in America. The first is at Spokane, Wash., on October 21. They will give "Otello" in New York on December 6 and will produce "La Tosca" on December 12. The concert tour is scheduled to last from January to June.

The Pauline privilege is a concession promulgated by St. Paul, explained a Catholic clergyman last night, and allows under certain conditions the dissolution of a marriage contracted by two unbaptized persons. The conditions are, first, that one of the persons becomes a Christian and the other a Christian in the second, that the person remaining unbaptized leaves the company of the baptized person and refuses to live with her or, if remaining to remain, is an incentive to sin for the Christian.

"Even if these two conditions exist, the baptism of one of the persons is not a contract a second marriage 'without interpellation' the person remaining in unbelief. This interpellation is a formal and judicial act by which the baptized person asks for a declaration from the person remaining in unbelief if he or she wishes to become a Christian, and of the person he or she is willing to continue married, but without any insult to the Creator.

"For just such reasons the Holy See can dispense with this interpellation. When the dispensation is granted the Christian can validly contract a second marriage and the previous marriage becomes null and void."

No dispensation among Catholics is null and void from the very beginning, because the church has laid down certain conditions as absolutely essential for the validity of the sacramental character of matrimony. One of these is that the marriage be performed by a priest. In the case of the Pauline privilege the church does not grant a divorce. It is merely the annulment of a marriage contracted outside the pale

QUEER CASE OF JOSEPHINE JOY.

METHODS OF PROCURING MONEY.

Seeks Aid of Government Witness in Smuggling Cases.

The New York Times is authority for the statement that Mrs. Almer V. Sturtevant, known on the vaudeville stage as Josephine Joy, whose home and that of her husband are in this city, is the woman who has been seeking financial aid of Helen Dwellen Jenkins, the chief government witness in the case of William R. Collins on charges of smuggling diamonds into this country, now before the federal grand jury. The circumstances have made a good deal of comment in New York. Mr. Sturtevant, who formerly was with the Massachusetts Mutual Life Insurance company and later became the representative of his wife on the stage, recently hailed in Pittsburgh a suit against Willis B. Sterling, a wealthy Eric. Pa., manufacturer, alleging alienation of his wife's affections. According to the Times article Mrs. Sturtevant, who before her marriage was Josephine Gibbins, and is now living in Passaic, N. J., attempted to persuade Mrs. Jenkins to help her secure money by sensational methods or to lend herself.

According to a Times interview with Mrs. Sturtevant, she admits having prepared to file suit some two years ago against a prominent Boston broker, but dropped the suit on his payment to her of $25,000. This man, according to the story, was Charles H. Bond, the cigar manufacturer, helped pay Mrs. Sturtevant's musical education at the Boston conservatory of music before she went on the stage. The Boston broker and Mr. Bond were directors of the conservatory. The Times says that Mrs. Sturtevant first approached Mrs. Jenkins by telegram on the 3d, asking her to call upon a certain telephone number in Passaic and promising "valuable information." Mrs. Jenkins did so and was told by Mrs. Sturtevant that she could be of assistance to Mrs. Jenkins. Later Mrs. Sturtevant wrote Mrs. Jenkins, asking her to "call on Mrs. Passaic saying that she "must" see her. Still Mrs. Jenkins made no move to go to Mrs. Sturtevant, and the telephone and telegraph messages and communications increased. Mrs. Jenkins sought advice of Deputy Surveyor Parr, who worked up the case against Allen and Collins.

It was finally arranged that Mrs. Jenkins wanted $10,000 from Skelley to go.

Wedding Ends Lawsuit. 13

Action for damages of $10,000, which Miss Sadie L. Kelly brought Wednesday against William Skelley, for an alleged breach of promise of marriage was called off yesterday. Skelley and Miss Kelly were married last night. She alleged in the complaint that Skelley had twice asked her to marry him and that she had consented, and that, although she often asked him to keep the promise, he had always refused. The complaint called for an attachment of Skelley's property to the extent of $10,000. It stated that he had no property his body was attached and he was committed to jail in default of $10,000. The wedding ended the lawsuit and the writ, which was made returnable to the superior court on the first Tuesday of September, will never be returned to court. Skelley was released from jail last night after the marriage ceremony, which was performed down town.
G. M. LANDERS TO WED MRS. SHEFFIELD?

Miss Amanda Anderson Leaves Mrs. Landers' Home for Europe

Employ. July 18, 1916

Persistent rumors in circulation about the alleged attention paid by ex-Mayor George M. Landers of New Britain, secretary and treasurer of Landers, Frary and Clark, to Miss Amanda Anderson, one of the best-known Swedish young ladies, exclusive of Yale society, that she was the wealthiest woman in Connecticut, have now assumed tangible shape in a well-defined report to the effect that their marriage is to take place abroad at a very early date. According to the report, now in circulation, the Hardware City's ex-chief executive has sailed for Europe on the same steamer as Miss Anderson, and they are to be married soon after they reach Paris.

The reports were printed yesterday by the New London Courant and the New Haven papers.

In view of the positiveness with which the report is given, a "Courant" reporter called at the home of Mrs. Grace M. Landers, the ex-mayor's mother, on East Main street, New Britain, to see if she desired to be interviewed in regard to her son's credit matrimonial intentions. Mrs. Landers' maid told the reporter that Mrs. Landers was in poor health and had excluded herself from all visitors. She kindly consented to give Mrs. Landers the message and said she would call the reporter by telephone, giving Mrs. Landers' answer. Later a message was received over the wire that Mrs. Landers had nothing to say about the report.

No one else in New Britain or in New London seemed to be in a position to speak with authority in regard to the reported approaching wedding, but both cities are alive with rumors about the ex-mayor's intentions.

Coupled with the reports of the ex-mayor's approaching wedding are sensational stories of a threatening breach of promise suit by one of the best-known Swedish young women in New Britain, Miss Amanda Anderson, who is 24 years old, but has so far been a companion to Mrs. Landers. One report is to the effect that Miss Anderson received in settlement as a close secret for years afterwards. It is believed that he only regarded her at that time in the light of personal friendship, and no attachment was formed. Miss Sanford a few years later married Victor Thorne, one of the ex-mayor's classmates. The marriage took place in 1899 and was one of the leading society nuptial events in Connecticut at that time. The bridegroom is a brother of Brink Thorne, the famous Yale football player, and was prominent in his college life. George Sheffield's college chum, was his best man at the wedding.

The stir which was created may be easily imagined, when a story afterwards, young Thorne's bride was married to his closest friend, George Sheffield. Mr. and Mrs. Sheffield occupied a beautiful home at No. 47 Pequot avenue, New London, known for miles around by the name of Shore Acres. Here they entertained on a lavish scale for several years and Mrs. Sheffield's house parties were famous in the social colony of the fashionable seaside resort. Prominent society men from foreign capitals are reported to have been her guests at these delightful social functions.

Later it became known that an estrangement had sprung up between Mrs. Sheffield and her husband, and he separated from her to be near his business. It culminated in divorce proceedings, resulting in a secret hearing and the granting of a decree about two months ago. Mrs. Sheffield received the custody of her minor children with stipulations as to certain visits that they should make their father.

About that time rumors were circulated that Mr. Landers would marry Mrs. Sheffield in a week or two after the divorce, but it didn't materialize, and it was said that her lawyers had...
Since then there have been rumors that strong influence has been brought to bear by powerful friends of the ex-mayor to break up the proposed wedding.

Mrs. Sheffield is generally reputed to be the wealthiest woman in Connecticut in her own right. She is reported to have been left $6,000,000 by her father. The foundation for the Sanford fortune was laid by her grandfather, who was president of the Adams Express Company. Mrs. Sheffield has one of the finest homes in the Pequot colony. It is said that the Sanford estate is out of Mrs. Sheffield's hands of a trustee, and that the Pequot colony. SUPREMI T UR OF SCHOOLS.

Until recently Superintendent of Schools in Baltimore, Md., Which Office He Held 11 Years—Will Begin Duties Here September 1.

James Hixen Van Sickle, for the last 11 years head of the school system in Springfield, Ill., was yesterday elected superintendent of schools in Springfield to succeed Wilbur F. Gordy, whose resignation was recently announced. Mr Van Sickle wired his acceptance of the appointment last afternoon, and the deal was made up with a quick wave of the hand, and the city of Springfield was quick to recognize his appointment.

Mr Van Sickle is in every respect an educator of merit. He had been much sought after as a lecturer before educational bodies. He has given a course of lectures on school administration before graduating classes of schools of Chicago, Yale and Cornell universities, and since 1909 he has been director of the courses in school supervision and administration conducted at the summer school of the South in the University of Tennessee at Knoxville. During his entire administration as school superintendent in Knoxville, which began when he was graduated and stood for a higher salary for teachers and secured a steady increase in such salaries. He is always in the forefront of the fight for larger and better schoolhouses and yards. He contended for a broader sphere for the public school and introduced into the city an efficient manual training and other progressive lines of work.

While in Baltimore he received numerous offers of positions in other cities, and in some cases at a large increase in salary, but his belief in the possibilities of the Baltimore schools induced him to remain. He has given a comrade of lectures to the leading educational experts in the United States on the subject of school administration, and the schools in Baltimore have been well managed in the meantime. President Invites Japan to Get Abroad the Arbitration Wagon.

President Taft invited Japan, through the nation's guest, Admiral Count Togo, at a dinner at the White House in Washington last night in honor of the Japanese naval hero, to join the United States, Great Britain and France in the great world movement for international peace.

Rising from his chair between Admiral Togo and Speaker Clark, the president offered a toast to the emperor of Japan. Then, turning to Count Togo, the emperor said:—

"I would indeed fail in my duty and be untrue to my own deepest convictions did I not take this occasion of the first public welcome to you as our national guest to express my own appreciation, and that of the American people, of the broad and humanitarian view taken by his majesty, the emperor of Japan, and the imperial Japanese government in so generously and readily affording, in the most positive and solemn manner, that no consideration of selfish interest should obstruct the progress of the great world movement for international peace as exemplified in the general treaties of arbitration between the United States, Great Britain and France, signed on the day of your-arrival in this country. I gladly acknowledge this important part which Japan has played in facilitating this noble achievement by its prompt and unreserved recognition, in the recent Anglo-Japanese agreement, of the great moral principle of arbitration, and I enter the hope with confidence that the time may not be far distant when Japan will see fit to take an active part in the movement now so auspiciously inaugurated."

In inviting the emperor of Japan, the president said:—"To one who has shown himself a great ruler, who has given all of his time and energy and intellect to the progress of his country and the preservation of the interests of the world, whose wisdom and power in the selection of great men to accomplish great tasks, has lifted Japan to a place among the first nations of the world—his majesty, the emperor of Japan—the toast was drunk standing."

Count Togo acknowledged the toast through Comdr Taniguchi, his aid. He said:—"Mr President: It is my pleasant duty and great honor to convey to his majesty, the emperor, my auguest sovereign, the most kind words proper just said for him. As for my words fail to express what I feel deeply at heart: I can only say that I thank you most heartily for the honor you have done me."

The dinner was held in the state dining-room and the magnificent gold service was used. The tables were decorated with red gladioli. After the dinner, a reception was held in the east room at which several thousand people were present to express what I felt deeply at heart: I can only say that I thank you most heartily for the honor you have done me.
Admiral Togo

Concludes Tour of This Country and Sends Thanks For Reception.

Niagara Falls, Ont., Aug. 20.—As Admiral Count Togo, the Japanese naval hero, motored over the upper steel arch bridge today, gazing intently at the misty cataract, and the swirling river below, he concluded his official tour of the United States. He entered Canada unofficially, being received only by Japanese Consul General Nokomura of Ottawa. After a rest here tomorrow the admiral will continue his journey to Vancouver from which point he will re-enter the United States by rail for a private visit.

TENDERED BANQUET AT SEATTLE.

Japanese Count Expresses Appreciation of Courtesy on American Soil—Sails for Home To-day.

The final celebration on American soil in honor of Admiral Count Heihachiro Togo took place at Seattle, Wash., last night when 100 business men sat with him at a banquet given in his honor by the chamber of commerce and the Consular club. Admiral Togo reiterated his appreciation of the courtesies extended him and his gratitude for the good will shown him as a representative of Japan by the American people. Seated with the Americans at the table were many prominent Japanese. Mayor George A. Dilling presided and toasts were responded to by Rear-Admiral W. H. H. Soutberland, commander of the 2d division of the Pacific fleet, Judge Thomas Burke and Consul Takahashi.

Admiral Togo spoke in his native tongue, his address being translated by Comdr Taniguchi, his aid. He said: "On the eve of my departure from your hospitable shores I am happy to take advantage of this occasion to say once more that nothing could be more cordial than my reception which your government, as well as all classes of your people have been so good to accord me everywhere I visited as the guest of the nation during my stay in your great republic. Especially have I been deeply impressed and exceedingly gratified by the great honor President Taft was pleased to confer upon me in your capital city of Washington. For all these honors, hospitality and friendship I fail to find words which may give adequate expression to my feelings of profound gratitude. I can only say, however, that it is my most pleasant duty to carry home with me those evidences of great good which have been shown toward me by your government and people, and I can assure you that they doubtless will be highly appreciated, not only by my government, but by the whole Japanese nation." Admiral Togo will sail for Japan on the steamship Tamba Maru to-day.

Admiral Togo spent Sunday in Vancouver, B. C., as the guest of Consul Yada and Consul General Nokomura. A delegation of business men called and presented an address of welcome. As the day was Sunday, the only entertainment in his honor was a reception given him in Dominion hall.
SPRINGFIELD, TUESDAY, AUG. 8, 1911.

Justice Knowlton Leaves the Bench.

The retirement of Chief Justice Knowlton from the state supreme court will meet with sincere regret throughout the commonwealth. It has been known for some time that he had suffered an affliction of the eyes which was preventing him from taking an active part in the work of the court. But it had been hoped that this was temporary or that it might be overcome as a hindrance in the consultation of authorities and the writing of opinions; for though the chief justice has passed his 72d year he has held to a remarkable degree the rugged appearance of middle age.

But if his strength were otherwise unimpaired denial of the full use of his eyesight might alone determine the course he has now taken. He had not accustomed himself to the use of that modern contrivance, the typewriter, and all that goes with it in the way of transcribing assistance. He had been schooled to more careful and self-assuring methods. He was habituated to study the precedents with his own eyes and to expound the principles of law in a given case with his own unaided voice or in his own handwriting. He could never probably with satisfaction to himself delegate any part of the work in preparing opinions to helpers; and thus there follows a regretful retirement from the work he has loved so well and to which his life has been so successfully devoted, as a result of weakened eyesight if for no other cause.

This is not the time to present an estimate of this eminent jurist’s character and work. But what has been said points to the distinguishing trait of exceeding care, thoroughness and conscientiousness in all the labor to which he has given himself. And beyond this he has what Emerson called “the restraining grace of common sense” which is “the mark of all valid minds”; the judicial quality in a notable degree; a broadly grounded understanding of the principles and development of the law; and a capacity to reason out a case simply, clearly and convincingly. His opinions running through the Massachusetts reports for nearly a quarter of a century will attract the law reader for their clarity and logical force which makes them comparable for unlabored perusal and understanding with those of his great predecessors in the state chief justiceship, notably Isaac Parker and Lemuel Shaw.

This newspaper and this community will be deeply grieved by the loss of his advice and counsel. He has been a great force here for righteousness, order, good government and sound civic causes; and we may now hopefully expect from him an even greater measure of service as wise counselor in our community life than he has been hitherto able to present to the country.

The Knowlton Portrait

Presented to the County.

By Glowing Tribute From Bar—Notable Address by Dr. Eliot at the Meeting of the Massachusetts Bar Association.

High honor was paid to Springfield’s eminent jurist, Marcus Perrin Knowlton, former chief justice of the Massachusetts supreme court, by the members of the Massachusetts bar association Thursday afternoon, when a portrait of Justice Knowlton by Miss Irene E. Parmelee, was presented to Hampden county by the state bar association. The portrait was unveiled in the large court-room of the county court-house, where it is to hang, and was formally presented by the association as Attorney-General Swift.

President Clifford called the meeting to order and in opening the ceremonies said that the members might feel in a congenial atmosphere when they recalled the eminent lawyers, of whom he named several, who had called Springfield their home. He said that the members were assembled to do honor to one who by long judicial service in the highest judicial position had earned their respect and gratitude, and then called upon Attorney-General James M. Swift as chairman of the portrait committee appointed by the association last year. Mr. Swift described the steps by which the portrait was secured and paid for, and concluded by saying that at a later appropriate occasion a portrait of Chief Justice Holmes will also be presented to the association.

Mary Victoria Wesson Unveils the Portrait.

With the closing words of Attorney-General Swift’s address Miss Mary Victoria Wesson, the four-years-old daughter of Mr. and Mrs. Frank H. Wesson, drew the cord releasing the curtains which draped the portrait and amidst a burst of applause every man in the room rose to his feet in honor of the judge whose likeness was revealed. A hush after the applause bore more thoroughly the honor and respect accorded to Judge Knowlton and then President Clifford spoke briefly, accepting the report of the committee in behalf of the commonwealth. He said that he wished to express his recognition not only to the committee who had secured the portrait and to the giver, but as well to the artist who had painted it, Miss Irene E. Parmelee of this city. He said that no one could justly question Chief Justice Knowlton’s place in our judicial history and then gave the custody of the portrait to the county commissioners of the county of Hampden.

County Commissioners Charles C. Spellman, in behalf of the board and of the citizens of the county, delivered the speech of acceptance.

Following Mr Spellman’s speech of acceptance, President Clifford introduced Attorney William H. Brooks, president of the Hampden county bar association and vice-president of the state association. Mr. Brooks has been engaged in practice in this bar for more than 35 years, and he was therefore well qualified to speak of Chief Justice Knowlton’s personality. He recommended reference to those characteristics which have earned for him both honor as a man and as head of the judiciary of this commonwealth. District Attorney Callahan, Attorney H. W. of Westfield and Lawyer A. G. Teens of Holyoke followed with addresses.
FORMER CHIEF JUSTICE MARCUS P. KNOWLTON.

GOING TO NEWPORT

Springfield, Mass., Aug. 31.—John Edward P. Geraghty and his bride, who was Julia French, daughter of Mr. and Mrs. Amos Tuck French of Tuxedo and Newport, whose elopement a short time ago stirred society circles, will return to Newport within two or three days where Geraghty will resume the automobile business.

Mr. Geraghty is considering the leasing of a house on Gibbs avenue, in a fashionable part of Newport, and will make his home there with his wife.

Mr. and Mrs. Amos Tuck French are on file at Newport, carefully over thirty years old, and have not been guilty of sufficient ability to do so, and has been guilty of other gross misconduct and wickedness, repugnant to and in violation of the marriage vows.

There was also a postal card addressed to Mr. Bliss, dated New York, July 11, 1877, in which the writer (E. H. This letter was accompanied by a tintype, but the plate had become so badly rusted by its long stay in the old liquor that the faces of those who sat for the picture were entirely obliterated.

Only a Brick.

After having thoroughly digested the contents of the different letters, attention was turned to the package which was supposed to contain in the primer old spiritus frumenti packed away so carefully over thirty years ago. The outer wrapper, a copy of the court papers was taken off, and also the second one. There was only one more wrapper between Mr. Callahan and his price. This, like the others, was removed with care, when lo and behold the old liquor had mysteriously evaporated into thin air, the flask which contained it had dissolved. No sign of its place nothing remained but a nice fat brick of the vintage of '34, snugly posing in the folds of the Hartford Times.

Mrs. Abby Van Ingen Celebrates Her Birthday Anniversary.

(Special to the Courant.)

Suffield, Aug. 13.

About forty friends and neighbors of Mrs. Abby Van Ingen gave her a surprise this afternoon at her home on Hastings Hill in this place, the occasion being the 90th anniversary of her birthday. Mrs. Van Ingen said this afternoon that she never dreamed of so many of her neighbors calling. She received several handsome bouquets of flowers. Mrs. Van Ingen was born in Suffield, Aug. 13, 1821, the daughter of Allen and Olive (Allen) Rading. She was from a family of six children. Her mother died at the age of 97, and her father at 91. She was married to Dr. James L. Van Ingen, a physician and surgeon of Schenectady, N. Y., September 18, 1849, in Trinity Church in New York. She went to Schenectady, where she remained until the death of her husband, thirty years ago. During the war her husband was hired by the United States government as a special surgeon for the Eighteenth Regiment, New York Volunteers, and did duty in this office throughout the war. After his death in 1881, she came to this place to take care of her father, at the old homestead, where he only lived a year afterwards. She is a member of the Episcopal Church in Schenectady, N. Y. Mrs. Van Ingen is a great reader and has a keen sense of humor.

WOMAN 103 READY TO DIE.

But Mrs. Van Rensselaer Believes That She Will Live to Be 110 Years Old.

Saratoga Springs, August 15.—‘I am not sorry that I have lived so long, but I do not want to live much longer. I shall welcome death as a long-sought release.”

The speaker was Mrs. Margaret Van Rensselaer, of No. 52 Marvin street, this city. She is the daughter of George J. Van Rensselaer, and little difficulty in recalling her past life, and in good health. She has a wonderful vitality, and on Sunday afternoon at the Episcopal church and Sunday-school, Mrs. Van Rensselaer came to Saratoga Springs, eighty years ago.

“I was born in Montreal, Canada, August 15, 1808.” I did not go to school because the country had few schools, but I did work hard every day since I was 10 years old.

“My life has been a simple one and my work as simple. I established a home and worked hard for it until I buried my husband and my seven children. Only one of them, Olive, is living. I still live in that home and do all my own work, because I love work, and work to me means health. I have felt so well the last ten years that I believe I will live to see my one hundred and tenth birthday.”

He and his nine-year-old daughter, Marion, who will live with them, will come to this city the latter part of the week. They will make their home at once at No. 328 Wethersfield avenue.

PEARL ST. STRUCTURES

WILL BE RAZED SOON.

Following Purchase of Property Adjacent Electric Light Company by Messrs. Austin C. and Samuel G. Dunham.

A couple of the “Hartford beautiful” will be pleased to hear of the purchase by Austin C. and Samuel G. Dunham of the ramshackle property between Nos. 278 and 290 Pearl street, and the assurance that the old structures which now clutter it will be razed to the ground as soon as possession is given, which is called for September 1. This property has an extension of sixty-eight feet on Pearl street and runs back towards Asylum street 100 feet. It is in a pocket surrounded by property of the Hartford Electric Light company. While Austin C. Dunham is president of the Electric Light company, the purchase is an individual one, Mr. Dunham told a Times reporter to-day, but he added that should the directors of the Electric Light company desire the property at some future time before it is improved and the new owners turn it over for the cost price with interest attached.

The property is entered upon the tax list as belonging to Julia S. Coffin, Anna P. Allen and Florence D. Spaulding in equal parts, and is taxed for $1,000. It is handled by Julian S. Allen as trustees of the Pierson estate. There is a connection between the former owners and the Coffins of Warner Locks, who are interested in power development of the Connecticut river, and it is doubtful that they would have consented to a straight up purchase of the Hartford Electric Light company.

The structures on the lot have not been very pleasing for some time, and Hartford people will be glad to know that they are to be razed. The site is on a hill in line with other improvements proposed in the appearance of property adjacent to the banks of the Park river. The electric company has been bothered by the huge rodents who have their habitat in this vicinity, and the first move of the new owners will be to eliminate them.
His first appearance with this organization was in 1887, in the role of Jack Hammerton, in "The Highest Bidder." The next year he had the leading role in "Lord Chumley," written by MILLER and "The Sister Girl," "The Z e n c h," "Cousins," "Antigonus," "Mark."...

SOTHEBN AND MARLOWE TAKE FURNISHED HOUSE HERE.

Residence of the Late John D. Browne
To Be Their Home During Hartford Engagement.

During the stay of E. H. Sothern and his wife, Julia Marlowe, in Hartford, from Thursday to Sunday, they will have a luxurious home, as the residence of the late John D. Browne, president of the Connecticut Fire Insurance company, No. 19 Kenyon street, has been rented to Mr. and Mrs. Sothern for the three days. Julia Marlowe is not in the most robust health and while she is in Hartford for her appearance in Shakespearean repertoire with Mr. Sothern directed, she desires quiet relaxation and freedom from visitors and callers. Having this in mind Mr. Sothern directed his agent, Ramsey Morris, to rent a quiet furnished house for their sojourn in Hartford, instead of engaging a suite at any of the hotels. Mr. and Mrs. Sothern, of course, could excuse themselves from callers at a hotel, but in their leisure hours during their Hartford engagement they want to wander in the open and the home of the late Mr. Browne will make them an ideal headquarters.

A retinue of servants will attend to the wants of the Sotherns, but there are to be no house parties, and the endeavor of Mr. and Mrs. Sothern will be to have pure comfort, undisturbed in their three days' retreat. The Browne residence has been leased to other parties for a period of two years from June 1, and the Sotherns are unusually fortunate in finding so nice a house that they could rent furnished for their short stay. It is said that Mr. Sothern gave $200 for the three days' lease.

A Norwich Woman Takes the Veil.

Mrs. Gertrude Lanman Disposes Of Her Property And Will Enter A Convent.

New York, August 21.—Mrs. Gertrude Haile Lanman, a widow, came to this city yesterday from her home in Norwich, Conn., to be received into the Convent of the Sisters of the Reparation on East Twenty-ninth street. She is a woman of intellect and is said to be wealthy. The social circles in New York in which Mrs. Lanman was welcomed will be no less surprised than that in her home town, where she was a social arbiter, to learn at the conclusion of three weeks of prayer and meditation she will begin her novitiate. "I have tried all the pleasures that the world has to offer," Mrs. Lanman said, in parting with one of her dearest friends, "All are unsatisfying. My happiness henceforth will lie in following in Our Lord's footsteps and in humbly trying to do His work in laboring for others."

Disposed of Her Wealth.

In keeping with the Scriptural injunction that it is "easier for a camel to pass through the eye of a needle than a rich man to enter the Kingdom of Heaven," Mrs. Lanman has disposed of all of her belongings, art objects, her beautiful residence, Glenbower, one of the finest in Connecticut; in fact, all of her possessions except some property, the income from which will be devoted to philanthropy.

It was known to society both in this city and Norwich that Mrs. Lanman contemplated some radical change when she sold her home recently and took up her abode in two rooms at the Haile club in Norwich, an organization for working girls which she founded four years ago. She confided in none, however, the fact that she planned to take the veil. She declined even last night to discuss her decision, although she will to-day begin her spiritual retreat. Mrs. Lanman is the widow of William Camp Lanman, who was a nephew of Commodore Lanman. Her father was Dr. A. B. Haile, and on her mother's side she comes of the Mays of Savannah, Ga., a southern family of distinction and wealth. Her conversion in the fall of 1909 to the Roman Catholic church attracted much attention.

Sold Her Treasures.

The foreword of her renunciation of the world, it now develops, was the sale of her magnificent residence facing the park at Lincoln avenue and Washington street, Norwich. She next disposed of her limousine car and other accessories of a pretentious domicile. Friends were next surprised when she offered to them her collection of rare lace, which she had assembled during years of travel and residence abroad. They eagerly purchased them. Previously less comment was caused by her disposing of some of her splendid jewels because it was known that the proceeds were devoted to the maintenance of the Halle club. During the past week she has sacrificed the finest of those remaining—a diamond and pearl brooch, a diamond scarab, a string of rare pearls, and so on.
MRS PRINCE'S 90TH BIRTHDAY.

May Take the Veil Abroad.

It is understood that Mrs. Lanman's vows on taking the white veil two years hence will probably be made in one of the European houses of the order, either in Rome, Belgium or England. Meantime, she will assist the New York nuns in their charitable work for the poor, the aged and destitute children, teaching, sewing, etc. Mrs. Lanman received from her husband's estate a generous fortune, and she also inherited the wealth of her father and of her mother. It is that part of her private fortune invested in securities which Mrs. Lanman will retain and devote to philanthropy.

Since her baptism as a Catholic Mrs. Lanman has spent many weeks at different times in retreat with the Sisters of the Reparation, whose obligation is to pray at frequent times during the day and night before the Blessed Sacrament in the convent chapel in reparation for the sins of the heedless, unthinking world.

After taking the white veil it may be two years before Mrs. Lanman takes her final vows and assumes the black veil.

Had Helped in Tuberculosis Crusade.

John F. Gunshanan of the state tuberculosis commission informs the Times that Mrs. Lanman was one of the first to take up the organized fight against tuberculosis in New London county and that she rendered very effective services in that line. Mr. Gunshanan says that she invited him to Norwich to address meetings and that she was a veritable host in all varieties of philanthropic work.

Generations of the Prince Family.

of West Springfield and her daughter, Mrs. George B. Davis, sculptor, who for many years has made his home in Paris. The wedding took place in a pretty little church on an estate in Shropshire, Eng., the home of a friend of the bride. Mrs. Bagg and her two daughters, Louise and Ethel, have lived abroad for some 20 years, or since soon after the death of Dr. Bagg, who for several years in the late '80s had his office and residence at 224 State street, on what is now city library property. He was a son of Col Aaron Bagg of West Springfield and a brother of Aaron Bagg of that town and E. P. Bagg of Holyoke. Previous to locating in Springfield he had been a surgeon in the navy. His wife, a cultured Philadelphia woman, went to Paris with her daughters soon after his death about 1889 and liked the city so well that she made it her home. Her children were educated there and Louise lived much ability as a sculptor and in other branches of art. The family had known Mr. Rosales, who is a professional sculptor, for many years. Some 10 years ago he came to this country and visited this city, making a pleasant impression on those whom he met here. Mrs. Bagg's home is now at 2 Rue Pierre Charon, Paris.
The house is 73 years old, having passed through the family of a Kansas man, who lived at Junction City in that state. When he died, the homestead, with only a narrow parcel of land now—so great had been the encroachments of the fast growing neighborhood—fell to his wife, Mary Purington Seymour, who conveyed it later to Miss Harriet E. Seymour.

Miss Harriet E. Seymour removed to Winsted, August 22.—William E. Parsons, son of William C. Parsons, a summer resident of New Hartford, and Miss Myra Matthews were married in the village of New Boston in the southern Berkshire town of Sandisfield, Mass., yesterday. They wanted the marriage kept a secret until Saturday, they told the town clerk who issued the license and others. The knot was tied in the Congregational church at noon by the Rev. Lewis G. Spooner of New Marlboro, Mass. The couple motored to New Boston last Friday to get married, it is said, but no minister could be found and arrangements are understood to have been made to have a clergyman at the New Boston church at noon yesterday to perform a wedding ceremony.

Mrs. Clara Louise Kellogg Strakosch, the former noted singer, who lives in New Hartford and Mr. and Mrs. William C. Parsons, also of New Hartford, accompanied the bridal couple to and from New Boston, the party making the trip in Mrs. Strakosch's automobile. Mrs. W. C. Parsons is a sister of Professors Seymour at Yale university. The bridegroom is an architect in the Philippines in the government service and the bride has resided with Mr. and Mrs. Strakosch for five or six years. The couple met for the first time on July 3 last when Mr. Parsons came home on a vacation.

New York, Aug. 26, 1911.

This is the first public intimation that there was parental objection to the marriage of Miss Matthews, who is a ward of Mrs. Carl Strakosch (formerly Miss Clara Louise Kellogg, the American opera singer), and Mr. Parsons, who is the chief consulting architect for the Philippine Islands. It also explains why the marriage took place just across the state line in Massachusetts instead of at the beautiful home of the Strakosches in New Hartford. Miss Matthews was a minor and could not be married in Connecticut without her father's consent. Mr. Matthews is a well known newspaper man of New York and was one of the two civilians permitted to accompany the Atlantic fleet on its trip around the world. He is also known as a public lecturer.

It is said that the haste in the marriage was due to a fear that Mr. Matthews would get out habeas corpus papers and try to get possession of his daughter and take her to his home in New York thus preventing a wedding until next March, when the bride will become of age.

Mr. Matthews's wife, who died ten years ago, was a favorite cousin of Mrs. Strakosch, and her daughter Myra has lived with her for the last six years, going to Europe with her winters,

Mr. Parsons is a man of middle age. Mr. Matthews was willing that an annulment be sought but opposed in
Mr. and Mrs. Henry D. Rogers passed their golden wedding anniversary today, and but for the health of Mrs. Rogers, a celebration of the event would have been held at the Rogers home in Main street. As it was, many of their friends, and the associates of Mr. Rogers, during their life in this town, called during the afternoon and left congratulations.

Mr. and Mrs. Rogers were married by the Rev. Dr. Dwight Ives, then pastor of the Second Baptist Church, who has since died, at the home of the bride's parents in Suffield. Today, there are just two people living, who were present at their wedding, Mrs. Sarah L. Spencer of this place, and Mrs. Charles Ives of Conway, Mass.

Mr. Rogers was born in Suffield, in Boston Neck street, November 16, 1835, the son of Richard Clapp Rogers. He attended grammar schools of the later attended the She Mass., Academy. He left the tobacco business and in 1866 took the job as pointed buyer for Luther Peck, secretary and treasurer of the Five Cents savings bank, thence to further employment as a leaf tobacco dealer in Hartford, where he is still. It has often been said to be the oldest tobacco buyer in the world, but no one else seems to claim to that title. Mrs. Rogers's maiden name is that of Andrus, the daughter and Eleanor Smith An

Believe She Has Gone Permanently to Further Suit For Separation From Husband

Henry D. Marsh, assistant treasurer of the Five Cents savings bank, pleaded not guilty to the charge of assaulting his wife and then left the court house. The troubles of the married life of Henry D. Marsh and Mrs. Edith S. Marsh are once more calling for the attention of the court. Mrs. Edith S. Marsh presented without an attorney her case against Henry S. Marsh, assistant treasurer of the Springfield Five Cents savings bank, in superior court of common pleas county, a law lecturer in the town.

A decree nisi of divorce was issued by the superior court Friday in favor of Edith S. Marsh, resident against Henry D. Marsh. Mr. Marsh is to have the entire care of the children, but Mrs. Marsh is to have the right to see them at reasonable times. The court orders that Mrs. Marsh may not attempt to secure the custody of the children and that no word shall be written by either of them, which will tend to alienate the children from the other party, but ordered to pay alimony.

BRATTLEBORO, AUG. 23.

Miss Eleanor W. Mather Marries Lieut Denys Crapon of Lyons.

An elaborate home wedding took place at 4:30 o'clock yesterday afternoon at the home of Prof and Mrs. Williston L. Walker on Linden street, when Mrs. Walker's sister, Miss Eleanor Worthington Mather of New Haven, Conn., was married to Lieut Denys Crapon of Lyons, France, by Rev. Frederick Greene of Middletown, Conn., following a ceremony at 4 o'clock in St. Michael's Roman Catholic church. The bridal march was played by Leitssinger's orchestra and the bridal party was escorted into the dining-room, which was handsomely decorated with garlands of laurel, golden-rod and other wild flowers by Hopkins. Heirress to Millions Elop es with Salesman.

Daughter of Colonel Swope, Whose Murder Is Laid to Dr. Hyde, Weds Girlhood Love.

Colorado Springs, Col., August 29.—It was learned Monday that Miss Lucy Lee Swope, daughter of Mrs. Margaret Swope and heiress of the Swope millions in Kansas City, who is spending the summer here, had eloped with William B. Byrne, a shoe salesman.

The young woman confessed to her mother that she and Byrne went in an automobile to Pueblo, Col., and were married there by an Episcopalian minister. They returned the same evening and the bride kept her secret until yesterday.

Byrne is known as "Handsome Bill Byrne." Mrs. Swope was bitterly opposed to the match. Byrne is about 35 and Mrs. Byrne is 25. The attachment between them started in Kansas City ten years ago.

Mrs. Byrne was one of the principal witnesses in the trial of Dr. B. C. Hyde in Kansas City last year for the murder of Colonel Swope, multi-millionaire. She was in Europe shortly before an epidemic of typhoid fever broke out in the Swope family. On her return Dr. Hyde accompanied her from New York. She was stricken with typhoid soon after her arrival. The prosecution attempted to show that typhoid germs were administered to her in a cup of water which Dr. Hyde gave her on the train.

She will testify at the second trial of Dr. Hyde here next October.

HARRY N. ATWOOD.
Aug. 24, 1911.
Boston, Own Flying Wonder, Whose Career Has Been Meteoric—Long Flight Record Holder.

Boston takes a deeper personal interest in Harry N. Atwood, who has just completed making the world record for cross-country flying between St. Louis and New York, than any of the other aviators entered for the Harvard-Boston meet, because, in the first place, he is a native and resident of Boston and, secondly, because his achievement as a daring air sailor during the last four months that he has been in the profession have attracted the attention of the entire world. For the meet Atwood has entered a 35-horse-power Burgess-Wright biplane, product of the factory at Marblehead.

Harry N. Atwood was born in 1881 and still lives at 47 Elmwood Street. He is the son of S. S. Atwood, who is the wife of a clergyman, Taunton. Although he did not fly until last May, when he attended the Wright school at Dayton, Ohio, after 18 hours, he had personal experience for only an hour and 55 minutes. Atwood has since made a plane history by his daring flights, in which his mastery of the air has been demonstrated over again. He will not be old until November.

Atwood's first public flight, graduating from the Wright school, was made at the Atlantic field May 29 immediately after his return from Dayton. On the same day he made 120 miles in a series of flights, on many of which he carried a passenger. In June a series of the most wonderful flights ever seen in New England of them unsurpassed an equal one.

On June 7 Atwood flew water from Atlantic to New London and return and then from Swampscott and return. On this day he made other flights over the bay and ocean in carrying a passenger on occasion. He flew from Waltham, passing over Boston and later flew from Waltham to New Haven, N. H., and thence to Pittsford, N. Y.

June 30, Atwood started and flew to New London, where he created a great sensation by flying over and following the Yale boat crews in their annual regatta on the Thames.

July 1, he flew from New London to New York city and after exhibiting in the latter place continued on to Atlantic City, where he gave exhibitions and then flew to Washington, where he landed in the House grounds and was congratulated by President Taft.

Atwood gave exhibition flights in Baltimore and other places and August went to St. Louis, leaving that city on the 14th on his historic cross-country flight to New York, the success of which, including the breaking of the world's record, was part of aviation history. Atwood is a cool, courageous flyer, who has proved equal to every emergency which has yet confronted him. He was educated at the public schools in Roxbury, the Roxbury Latin school, from which he graduated, then entered

University After 275 Years to Have a Student of the Founder's Name.

Cambridge, Mass., August 30.—For the first time in Harvard university's 275 years of existence the university will be attended by a Harvard. Lionel Be Jolly Harvard of London will sail for Boston next month and will join the class of 1915.

Harvard has been looking for a Harvard for a long time, but this is the first time that one has been found, and what is more, there is no doubt that he is a member of the original John Harvard family.

John Harvard died in 1638, two years after the university bearing his name was founded at Cambridge. Thomas Harvard was his second cousin. The Harvard who is coming to America is descended from Thomas Harvard and prepared for college at the same London school at which John Harvard prepared for Emmanuel College, Cambridge, 300 years ago.

Mr. Harvard's father, who is London representative of the Leyland and Birmingham Rubber company, with which he has been connected for thirty years, wrote that financial obstacles had compelled great disappointment to ambition to attend Emmanuel at Cambridge, which Joel attended, and that he had entered the office of marine insurance brokers. A little inquiry by a special among those in authority and among a few Harvard resulted in prompt and assurance that a few interestates would provide a full care for the tuition and the young man during his course.

Boston, September 1.—John Ellerton Lodge Completes Sick-bed Romance.

Washington, April 17.—If Senator Lodge's son, John E. Lodge, marries Miss Mary Connolly, a Boston professional nurse, who nursed young Lodge during the winter, the family here will be greatly surprised, for Senator Lodge has received messages from both the young people concerned denying the rumors of the engagement announced in the Boston Post and stating that the interview purporting to have been given out by Miss Connolly was pure invention.

John Lodge is Senator Lodge's third child. He is a graduate of Harvard and devotes most of his time to the study of literature and music. He is 24 years old.
GIDEON WELLES RESIDENCE.

1878. Probably the most pleasant years of his life were spent in this home on Charter Oak Place among his old friends, and stories are still told of his frequent visits to the office of the "Hartford Times," with which he was once connected.

Men of such national importance would attract attention in any city and doubtless he had his share of honor in Hartford during the nine years which elapsed between his return from Washington and his death. He did not live to see the wreck of one of the enterprises with which he had been connected, the Charter Oak Life Insurance Company, and many of the actors in the great drama in which he played a part outlived him. Lee died before him, but Grant outlived him for almost a decade and Sherman and Sheridan for even a longer period.

The Welles family continued to occupy the residence for some years after the death of its head, and then the property was sold, passing through the hands of a number of owners from 1882 to 1900, when it was purchased by John E. Morris, for many years with the Travelers Insurance Company and for some time its secretary. Mr. Morris died on May 30 of this year and the property has been sold by Mrs. Morris to St. Peter's Church. The property has a frontage of 100 feet on Charter Oak place and is nearly 300 feet deep, with a gangway running through to Main street. It is understood that the church corporation does not expect to use it at present, but will hold it against future needs.

Brandt, Jr., upon the piano, accompanied by Adolph A. Brandt and Edward C. Brandt upon violins. The bridegroom is a salesman for the Stevens-Duryea Company, automobile manufacturers. After a brief trip that will include Boston, Mr. and Mrs. Miller will reside in Springfield, Mass., where they will be at home to their friends at No. 40 Windsor street after October 11.

Dr. Alfred Ernest Richards, son of Alfred T. Richards of No. 15 Townley street, left to-day for Seattle, Wash., where he is to become instructor at the University of Washington, having been appointed last June. Dr. Richards, who has made an exceptional freshman school graduation from Yale, will new duties at Seattle with his week.

Dr. Richards has been in modern languages at Princeton past five years. He has followed his graduation in 1898 with a post-graduate that awarded him the degree of arts. Then he went abroad after three years of work under the direction of gifted professors. Kuhn, he got the degree of doctor of philosophy. At Munich Dr. R was in various branches of literature, his thesis being Book; and at his graduation the magna cum laude, of college honors, was awarded.

Dr. Richards has been last in dramatic art and an actor with the Yale stage. He made many plays, the German students, and fitted him for a position at Princeton, and later the same time at Seattle.

WILL LEAVE MORGAN FIRM

Willard D. Straight to Retire October 1, and Take Up Study of International Law.

This began in China, where the young diplomat first met several years ago, after Mr. Straight had just been rescued from marrying another prominent young woman—Miss Mary Harriman. The story goes that Miss Harriman had accepted the devotion of the handsome young diplomat, but then he learned that her fortune was about to break the news to that little iron man, E. H. Harriman, when he entered his home at Arden one day and found them together.

Harriman Barked His Suit.

"How are you, Straight?" the railroad wizard said, offering his hand. The younger man took it. "Now, Straight," went on Harriman, "I admire you very much. You are a bully fellow. And I think you have a great future in store. But I'm going to be frank with you and tell you this: don't want you for a son-in-law."

The young diplomat was stunned, but finally recovered enough to thank the railroad magnate for his franker his reply was received with the usual hostilities which beset the financier.

A wedding ceremony to hulk of his fortune, approximating the home of $5,000,000, to his wife, Dorothy Payne Whitney, and Mrs. Whitney Straight, testing that the couple who several days ago were married in Geneva, Switzerland, for the right-hand man at J. P. Morgan & Co., and that they are to be an international business, is expected to be an event of major importance in far eastern affairs.
The wedding ceremony of Miss Mabel Terry Allen, only daughter of Mr. and Mrs. Everett B. Allen of 942 Longmeadow street and Warner Rockwell Buxton of Springfield, which took place in the historic Old First church, which, although it had held many similar scenes, never held one more beautiful than that of last evening. The decorations were by Osterman & Steele, and were arranged to give a fine effect. The back of the altar was flopped with a shower of white asters and asparagus, as asters were the only flowers used. It might well be called an aster wedding, for an immense basket of white asters, the handles tied with white ribbon, was placed on each side of the altar. The choir stalls were also banked with palms and the railing entwined with asparagus. The gloomy weather of the day only added to the effect of the lighting. Buxton thought it as it brightened the decorations and the handsome gowns of many tints made a cheerful sight.

The organist was the groom's brother-in-law, Robert W. Kellogg, who gave a pleasing organ recital while the guests were assembling, and as the wedding party entered and passed down the north aisle, the organist played the "Lohengrin" prelude, heard.

The ushers, who were Robert Medlicott of Longmeadow, Ernest Pottle of New York, Charles D. Bowere of Springfield, and Rollin Jennings of Bennington, Vt., led the way. The maid of honor, Miss Blanche Buxton, a sister of the groom, who preceded the bride, was very attractively attired in pink marquisette over white panne satin entrain with rose point lace and sea-pearl trimmings. A large bouquet of pink asters. Miss Allen, escorted by her father, came last, and made a very charming bride. She was gowned in white satin entrain with rose point lace and sea-pearl trimmings. Mrs. Dana Buxton. After many congratulations and good wishes, there was an hour or two of sociability, while refreshments were being served by Barr. Mr. and Mrs. Buxton during the festivities took their departure amid showers of confetti. The destination of their wedding trip was not made public, but they will be at home at 9 1/2, 36 Woodside terrace, Springfield.

The number of valuable and beautiful gifts which have been sent to the Allen home the past week speak well for the popularity and many friends of the bride and groom. Besides a large number of vessels, china, cut glass, silver, rings, pictures and linen, they received 10 shares of Crocker & McElvain paper stock of Hapkyn & Company, a handsome dining set and a number of gold coins. The bride's gift to the maid of honor was an imported head handbag. The groom gave his folding silk umbrella, and the ushers received handsome leather card cases. Mr. Buxton is the only son of Mr. and Mrs. A. J. Buxton of Springfield. He graduated from the central high school in the class of 1906, and was subsequently a student for two years in Harvard university. Afterward he was in business for a time in Bennington, Vt., and New York city, recently has been associated with his father in the L. A. W. novelty company. The bride was graduated with the same class as the groom, 1906, of the central high school, and the following year was graduated from Abbott academy, Andover. She was a student at Wellesley College last year, and then completed her studies with a year's course in domestic science at the Pratt institute, New York. Miss Allen afterward was very successful in the work of dietitian in St Paul, Minn., and Hartford, Conn., resigning on account of her coming marriage.

Four hundred and fifty invitations were issued. Among the guests from a distance were Mr. and Mrs. Frank Pope and daughter, Miss Olive Pope, Mr. and Mrs. Edward F. Borger and Dr. Rollin Jennings, all of Bennington, Vt., Dr. Ernest C. Higgins, who was in business for a time in Bennington, Vt., and New Haven, Ct., Miss Lottie Rae of Bedford, N. Y., Miss Mabel Rae of Hartford, Ct., Miss Maggie Bond of Reading, Miss Alice Webster of New York, Miss Helen Allen of Hudson and Miss Gladys Dudley of Whitinsville.

Miss Cornelia Frances Jefferson, granddaughter of the late Joseph Jefferson, the actor, and Carrington Howard, son of John R. Howard of Montclair, N. J., will be married on Saturday, September 9. Miss Jefferson, who is a daughter of Thomas Jefferson and Mrs. Jefferson, is a native of Springfield. After his graduation from Williams college in 1897, Mr. Jefferson secured his services. He is 42 years of age, and has been vice-president of the department, Mr. Rowe was in the Boston office of the Employers' Liability Company of London in 1903, when the Aetna secured his services. He is 42 years old, and married, and lives at 17 Fern street. Ernest C. Higgins, who has been assistant secretary of the Accident and Liability department, has been promoted to the vacancy caused by Mr. Rowe's promotion.
The Rev. William Frye English, Jr., the groom, is a graduate of Dartmouth College, 1908, and the Hartford Theological Seminary in the class of 1911. Soon after graduation he received a call to the Westbrook Congregational Church, which he accepted. Is that the kind of men parents who love their children should select or approve as their husband? Surely they must know the laws of New York state have forbidden this man to marry again during the lifetime of his first wife. Here is a man who has a reputation—well, let us pass over his reputation—the fact is the man has been adjudged guilty in a court of law. "Surely these parents, even if they profess no religion, must recognize the law of the land. They must not only know the law forbids this wedding, but they must even now be discussing ways and means to avoid this.

John Jacob Astor Rendered Distinguished Service in War With Spain and Built Many Hotels.

April 14, 1912.

Col. John Jacob Astor, the American head of the Astor family, was a member of many clubs. He put up and owned more hotels and skyscrapers than any other New Yorker. At one time he was a director in twenty or more large corporations, including railways. His fortune has been estimated at from $100,000,000 to $200,000,000.

Born at the old Astor estate at Ferncliff, Rhinebeck-on-the-Hudson, July 12, 1864, he was the son of William Astor, a grandson of William Y. Astor, and great-grandson of the original John Jacob Astor. The house in America Astor spent his early years at Paris, where he lived in 1888. Three times Harvard he was married to Miss Ava L. Willets, but they had no children. Vincent Astor, who is 10 years old, was the only child of the marriage. Colonel Astor owned large hotels, among them, on the site of which was added to the Astor House, the St. Regis, and the Astor. He also owns the Astor House.

In Army at Spanish War

When the Spanish War broke out Colonel Astor volunteered to raise an infantry regiment with a keel of $100,000, and he was made a military inspector, with the rank of lieutenant-colonel. He served in the battery, which was the first mountain battery organized for the American army. It was later sent to the Philippines for service. The colonel was commanded by Governor Morton in the Spanish War, and the rank was later conferred on him.

Counsel for the family made public last night the will of John Jacob Astor, as drawn in New York city in September last, only a few days after his marriage to Miss Madeleine Talmage Force, and approximately seven months before he perished in the wreck of the Titanic.

There was an ante-nuptial settlement which she accepted in lieu of dower rights. The amount of this has never been made public. Rumors have placed it at $5,000,000.

The colonel gives the trustees minute directions relative to making investments following almost word-for-word the instructions of similar nature left by his father, William Astor. All bequests are made tax-free, the taxes to be paid out of the residuary estate. As to proper investments, he cites, among other things, real estate, railroad securities, and the public debts of the United States, New York, New Jersey, Pennsylvania and Ohio. The most important provisions of the will are as follows:—
1. To his son, William Vincent Astor, outright the following property: (a) All the lands and personal property at Rhinebeck, N. In his lecture, last evening, Dr. H. F. Stoll brought forcibly to the attention of the public the dangers of tuberculosis. He declared this state is far behind other states in providing barriers to this menace and he said that it is quite as desirable to stop imports of diseased cattle as to provide for consumption's victims. Of course, the doctor is right. A bill is pending for a rigid supervision of all cattle brought into the state, but report has it that the only favorable consideration the measure will receive will be the minority report. While appropriating hundreds of thousands of dollars for caring for the sick the state refuses to adopt measures that will bar a most fertile source of infection. Dr. Knight of the tuberculosis commission in an interview in the Times sometime ago pointed out the evil of infected cattle.

With the announcement that Miss Florence Hopwood, one of Minneapolis's society girls, is to become the wife of Charles G. Gates, American millionaire, whose name was made famous in Paris, according to an announcement made by her father.

The two became engaged earher in the summer, and Mr. Gates was called to Paris by the illness of his father, according to Mr. Hopwood.

When he went, the rest of the family followed him, and Mr. and Mrs. Gates visited in the summer and when the two young people were married at Amberth and Smith colleges respectively. Both were members of the classes of those institutions.

Immediately after graduation last year Miss Hopwood visited for a time with the Carters in Massachusetts, and later in the summer came home.

During the rest of the year society did itself proud in attempting to entertain the bride-to-be of the ink manufacturer's son. But she was too strenuous and in the early winter last year Miss Hopwood's physician ordered her to French Lick, Ind., to recuperate. There she met and became engaged to Charles G. Gates, and it did not become definitely known till this spring that the Minnesoites had rejected Mr. Carter.

During last June, Mr. Gates was a Minneapolis visitor, presumably on financial matters in connection with the house of Gates, but in fact to visit his fiancee. Auto rides were the order of the day and night, and when not thus engaged Mr. Gates talked glibly of stocks and bonds and the financial market, but never breathed a word as to his future bride-to-be, and Miss Hopwood was as mum-mum as ever.

Yesterday on a special train, the marriage was to have taken place.

Mr. Gates' gifts to the bride included a large white Indian diamond ring, a massive chest of silver containing over 300 pieces, and a large white Indian diamond ring.

The property is on the east side of the street, and a large mansion in an early style stands well back from the sidewalk. The building is mainly of wood and is painted in a dark gray. It contains about a dozen rooms, but in the recesses of Congress has also done much literary and editorial work for the paper.

Ernest Howard will be succeeded on The Republican staff for the past dozen years, for a considerable period as dramatic editor and for the past year as Sunday and assistant literary editor, has also resigned, and will be succeeded in the position of Sunday and assistant literary editor by Richard Hooker, who has been the paper's Washington correspondent for the past half a dozen years, but in the recesses of Congress has also done much literary and editorial work for the paper.

James Brewer Corcoran, who has been a member of the Republican staff for the past dozen years, for a considerable period as dramatic editor and for the past year as Sunday and assistant literary editor, has also resigned, and will be succeeded in the position of Sunday and assistant literary editor by Richard S. Brooks, who has been the general news editor for a number of years. Mr. Brooks, in turn, will be succeeded by Bradley Williams, who has been his principal assistant as telegraph editor. Mr. Corcoran is an unusually versatile and charming writer, whose dramatic criticisms were especially enjoyed by readers of the paper. It is to be expected that his marked literary skill will be exercised in the future in general literary work.

THE JEWELLS.

To the Editor of The Courant:

Having noticed letters published in your journal relating to the Jewell family, I am inclined to give to your readers correct history. Pliny Jewell, when he first came to Hartford to become a resident, took a tenement in the brick block on the corner of Church and Trumbull streets. He had a daughter who had taken a position as teacher in the Bracre Seminary. Sometime before he came with his family, I was then a salesman in the house of Spencer & Co. to a late ex-Lieutenant Governor Julius Catlin was a partner. The business was in the building on the corner of Main and Asylum streets. I had been introduced to the daughter who had been in the store at various times, for shopping with the school girls, one of whom after a time became my wife.

One day that I never shall forget a gentleman with a very honest-looking face came in the store. I had the privilege of waiting on him. He asked me if the house dealt in household goods. I replied in the affirmative, I said, "But goods would you like to see?" He replied, "Carpets." I invited him into the carpet room. He selected from there different patterns, gave me the size of the room and I cut them to fit. I asked him if there was any other goods he desired. He said he needed other carpets. At the same time he replied he couldn't spare any more money in that line at the present time.

He then remarked that he was fitting up a house on Church street to take some of the school girls in the seminary to board. I asked him what number and street. He gave me the number on Church street. I said that the location was in the block where I was boarding. Mr. Spencer and his family occupied a tenement on the same block. I had become quite interested in my customer of short acquaintance. I said, "If you need more goods, why not erect them now? I will give you credit." He replied, "But I am an entire stranger. How dare you trust me?" I said, "I have known you a long time and know you are a good man." He replied that he had, "I am somewhat acquainted with her. She has done some trading here." Mr. Spencer looked at the entry he had said, "You have a daughter teaching in the store. Why have you not?" He replied that he had, "I am somewhat acquainted with her. She has done some trading here." Mr. Spencer looked at the entry he had said, "You have a daughter teaching in the store. Why have you not?" Negotiations for the purchase of No. 287 Windsor avenue, consisting of a large three-story brick building and considerable land, was Saturday from Thomas E. Pringleton, N. J., to the Aaron Club of this city. After remodelations the building will be the club's home. The Aaron Club, a year old and has fifty members, is the Hebrew people in business and professional life. Since the club has been in existence, it has been a building where it might have a permanent abode. After hunting a new home, the club has decided at No. 287 Windsor avenue, a new home will receive a hinging at New Year's.

The house is set back from the highway on ten frontage of ninety-two feet, and a depth of seventy feet in the rear to the Spring Grove Cemetery. The house is surrounded by fruit trees among others. The front entrance to the house is by brownstone steps across the front of the house. The building is brick to the roof. The roof is covered with a composition of tar and gravel. The building contains eighteen to twenty rooms. The first floor will receive as few alterations as any floor will. It has the largest rooms. All the rooms on the upper floors are small. Their partitions will be torn out to rebuild the second and third floors into a large hall with a lofty ceiling. The first floor will be occupied by the reception room, parlors, offices and diningroom. The reception room will not be greatly changed. It is on the south side, and is provided with a huge chandelier. It has an alcove with a library in it and a huge fireplace. The floors and ceiling are in excellent condition. Back of this reception room is a smaller room to be assigned for the use of the officers, and to be equipped with three desks and other office furnishings. On the front of the first floor and on the right side is a somewhat smaller room with chandelier and fireplace, leading into a room behind it that was evidently used by the past owner as a diningroom, as it has a large china closet. The dividing wall will be ripped out and the two room plans joined. More details will be given in the next issue.

Negotiations for the purchase of No. 287 Windsor avenue are now in progress. The house is a large three-story brick building and considerable land, was purchased from Thomas E. Pringleton, N. J., to the Aaron Club of this city. After remodelations the building will be the club's home. The Aaron Club, a year old and has fifty members, is the Hebrew people in business and professional life. Aaron Club Property Sold at Auction

The house was originally the residence of Samuel Cowles, father of Walter G. Cowles, a vice-president of the Travelers Insurance Company here. Walter Cowles lived there for a time, and sold the place to Mr. Smith. The Aaron Club, organized in October, 1910, then bought it, altering the house for club purposes.

On account of war conditions the club directors decided to dispose of the property.

Mr. Doty said yesterday that there was no other bidding of consequence. The winning bid is far below the market value of the place, estimated at more than $25,000. The club directors have advised a more central and less expensive location. It is said that a suite of rooms will be rented, pending more permanent negotiations.

John P. Nielsen of No. 27 Preston street owns the Aaron Club house at 257 Windsor avenue today, formerly the residence of Thomas E. V. Smith. The club was auctioned off on the premises yesterday by Samuel C. Doty. Mr. Nielsen paid $23,104 for the property. He said last night he bought it for investment purposes.

JOHNs-PRATT CELEBRATES. Oct. 7
Organized 25 Years—Presentation to President Hatch.
The Johns-Pratt Company, one of Hartford's flourishing industries, celebrated its silver wedding anniversary with a dinner on Saturday, organized in 1886, "to learn the business." Two years later in 1888, he had "learned the business." The position he held until 1892, when he was elected president and treasurer of the company, which office he has filled to the present time. He is in a good measure responsible for the business success that the Johns-Pratt Company has met with during the past decade and more. Mr. Hatch is a Hartford man, born and bred. He is a graduate of the Hartford Public High School and of Trinity College. Since he attained his majority, many honors have come to him, and he has been elected to membership of many local clubs, including the Hartford Club, the Hartford Golf Club, the Twentieth Century Club, the Country Club, the University Club, and St. John's Lodge of Masons.

As Mr. Hatch has never aspired to political offices, he has never been a candidate in local politics. Last spring, when Mayor Edward L. Smith made him the new republican member of the board of water commissioners, in which office he will serve until 1914. 

IMMEDIATELY AFTER THE CEREMONY A WEDDING DINNER WAS SERVED AT THE SUMMER RESIDENCE OF THE BRIDE'S PARENTS IN GRAVE COURT, FOLLOWED BY A RECEIPTION. LATER MRS. AND MRS. BLAGDEN LEFT FOR THEIR HONEY-MOON, AND UPON THEIR RETURN THEY WILL MAKE THEIR HOME AT SEVENTH-SIXTH STREET AND FIFTH AVENUE IN NEW YORK CITY.

Charles Hopkins Clark’s Anniversary.

—Notable Names in Hartford Journalism.

A few of the friends of Charles Hopkins Clark, editor of the Hartford Courant, found out that to-day marks the fortieth anniversary of the beginning of Mr. Clark’s labors on the Courant and bouquets of handsome flowers were sent to him. Mr. Clark was at his desk an unusual task, his robust health and vigorous style still undiminished, and as he said to the Times representative, “I have no intention of handing in my resignation to-day.” He looks and is fit for many years service at the editoral helm of the Courant.

FORTY YEARS AGO.

When Mr. Clark, a Yale graduate, 23 years of age, joined the staff of the Courant, newspaper making was a different business than it is to-day and news gathering was done by a few men. At that time the late General Joseph R. Hawley was the editor in chief and the late Stephen A. Hubbard was practically the managing editor. Charles Dudley Warner, novelist and author, was the editorial writer. Albert S. Hotchkiss was city editor and city reporter. The city news being gathered by one man in those days. William H. Goodrich and the late Arthur L. Godfrey were the business managers at that time and the late D. E. Clapp, now of Auburn, N. Y., was the regular night editor, handling the telegraph and stenographic news. Mr. Clapp remained about a year after Mr. Clark joined the Courant.

Charles H. Adams, at present an editorial writer on the Courant, was on the paper before Mr. Clark, but went away for a short time, again joining the staff shortly after the arrival of Mr. Adams and Mr. Clapp, all the first year’s associates of Mr. Clark on the paper, had passed into the unknown.

The first regular work that Mr. Clark did on the paper was in getting together a story of the Chicago fire of 1871. About seventy-five relatives, friends and guests attended the reception given by the couple in the house in which they have spent all of their married life but six years, which time Mr. Andrews was employed in a clock factory in Ansonia. The home has been in the Andrews family for 250 years. Among the guests were three who witnessed the wedding ceremony fifty years ago. They were Franklin A. Andrews, a brother, and James N. Bishop of this place and Mrs. Fitch Bishop of Avon, a sister.

The Andrews home was prettily decorated with autumn foliage and yellow chrysanthemums. Leading from the front door to the street was an arch built of autumn leaves and which contained a row of Japanese lanterns on each side.

Mr. and Mrs. Andrews received $100 in gold besides many other valuable gifts. They were married October 3, 1851, at Avon, by the Rev. Mr. Murphy. Mr. and Mrs. Andrews were the children of Dr. Charles and Maria G. Chapman. Robert Chapman, Mr. Andrews' father, was a Revolutionary soldier.

The oldest son, Rev. Edward M. Champion, was born in Farmington in 1813. He is now a prominent clergyman in another state. Mr. and Mrs. Andrews have eight grandchildren. A son, George H., and a daughter, Harriet C., died some years ago. All the members of the family, except three of the grandchildren, were in attendance at the anniversary.

Mr. Andrews has been identified with the mercantile interests of the city of Newington, where he was born, and in which he has devoted his life. He was for thirty-six years the deacon of the First Congregational church, in which Mr. and Mrs. Andrews worshipped for years in which they have lived. They have been the leading citizens of Farmington for many years.

Rev. Joseph Hooker Twichell of this city, son of Mr. Twichell, pastor of the Avenue Congregational Church, accepted the pastorate of the First Congregational Church, Milford, N. H., and was installed pastor of the same Sunday evening.

The installation exercises were held in the large auditorium of the First Congregational Church, Milford, Conn., where Dr. Twichell pronounced the benediction.

Rev. Mr. T. D. Tuttle received the young preacher.

The Rev. Dr. John Brownlee Voorhees, pastor of the Asylum Hill Congregational Church, Hartford, extended the right hand of fellowship to Mr. Twichell, and conducted him to the pulpit. At the close of the installation service, Rev. Mr. Twichell passed his arm tenderly beneath that of his father, and conducted him to the pulpit, where Dr. Twichell pronounced the benediction.

The Rev. Edward Twichell Ware, president of the Atlanta University, Atlanta, Georgia, and a cousin of the Rev. Joseph H. Twichell, said the prayer. Professor Alexander Merriman of the Hartford Theological Seminary gave the charge to the pastor and the Rev. Mr. Smith of Poughkeepsie, N. Y., a classmate of Mr. Twichell at the Hartford Theological Seminary, made the next prayer. Another classmate, the Rev. Mr. Parker of Suffield, read the Scripture, and Rev. Mr. Melrose, a classmate, concluded the exercises.

Rev. Mr. Twichell, who has been of old enough yet, I go down once a month to the meetings, and that is all," he said.

Chief Eaton was born in Hartford on December 1, 1831. On Saturday, April 5, 1851, he joined the fire department and there were but few fires in Hartford from that time until his retirement on December 2, 1893, that he was not at, and most of the bigger ones he can recall easily, with all the attending dangers. Chief Eaton never failed to maintain the reputation of being a curbstone fireman. He got his training in fire fighting in a day when the firemen had to get into the smoke, and did all that training always stayed a safe distance from the firemen. He never sent a man into a place he would not go into himself, but that was not coming for a timid fireman, for Henry J. Eaton
In October, 1863, two more were bought, one for No. 4 in November. It was some forty miles an hour in those days, but we used to put them out just the same. The reporter asked if the old blood did not still run in his veins, and make him feel like going when he heard an alarm. Chief Eaton celebrated the anniversary last night with a reception at his home, No. 36 Magnolia street. He meant it to be a quiet sort of celebration for members of his immediate family alone, but a delegation of the Erree Volunteer Firemen's Association of Hartford happened to drop in on a visit during the evening, and the former chief's eighty-eighth birthday anniversary celebration took on larger proportions than had been planned.

After he had fairly finished receiving the congratulations of his visitors, Foreman Frank D. Adams, of the association made a short speech, at the conclusion of which he presented to the chief a solid gold chain and charm. The charm was inscribed: "Presented to Chief Henry J. Eaton on his eighty-eighth birthday, September 6, 1881."

Ex-Chief Henry J. Eaton.

"But what is the use of telling you all these things, and having them printed," exclaimed the chief with some emphasis, interrupting his most interesting recital. "People will read it who think they know all about me and say that I'm a liar. I remember a lot of things that happened years ago that other people have forgotten. I remember when I was a little boy, and not many people can remember that That was in 1835 in the South Church—then I was 5 years old. Every other day an old friend came to me and asked me if I remembered the old rhyme that used to go around like this:

"Henry Eaton went to meetin,'
"To hear the preacher pray,
"And Dr. Hawes put out his claws,
"And scared them all away."

"Dr. Hawes was the minister who baptized me. I had not heard those old lines for fifty-five years. I have one daughter was born to Ohio union, Phydant's Church. Hells sufficed, and the narrow belt of the old state house, now City Hall, sometimes pealed forth the alarm. Instead of sliding down brass poles in engine houses and jumping into the boots when an alarm was sounded, as they do in the present day, the department members dropped their firemen's work wherever they might be, would run to their engine houses, and draw their apparatus to the fire, just as they do in some places today. Nowadays, if a fire company cannot get under way toward the fire within thirty seconds from the time the alarm begins to strike, it is dead slow, or even worse than that. That was something that was never dreamed of in early fire fighting days. All these things seemed very recent to Chief Eaton yesterday. In 1851 the revolution in the fire department began. It began with the advent of the first steam fire engine that the city took well, and in 1863 another one arrived. It was old No. 3, and is now reposing in the fire department morgue, at the spare barn in back of No. 1 house on Main street. It was shown in the recent parade and, as then, was hand drawn. The idea of steamers took hold of the city, and in 1863 another one was bought for No. 2 on North Main street. In 1863 two more were bought, one for No. 1 in April, and another for No. 3, in June. It seemed department then. No new apparatus was secured the next year, but the permanent department had its birth in December, 1864. The department consisted of horses for the engines, and hose wagons, a driver, and an engineer for each engine company. An old engineer had a steam engine which the old sack and bucket brigade was relegated to history. During these years Mr. Eaton was assistant engineer for the department, from 1851 to 1854.

The next big change came in January, 1852. Chief Eaton has been married twice. His first wife was Miss Lorena Haynes, to whom he was married on April 14, 1856. She died in October, 1852. Chief Eaton was married a second time to Miss Caroline Ramsden, the ceremony being solemnized on September 6, 1858. His family alone, but a delegation of the Erree Volunteer Firemen's Association of Hartford happened to drop in on a visit during the evening, and the former chief's eightieth birthday anniversary celebration took on larger proportions than had been planned. Another Aviator off for Pacific

C. P. Rodgers Starts From Sheephead Bay—Lands in Middletown, N.Y.

New York, Sept. 17.—C. P. Rodgers, third aviator to start on the transcontinental flight for the Hearst prize, rose to a height of 4,000 feet from Sheephead Bay at 1 o'clock this afternoon, swung over the woods west until he merged into Jersey. He drove a wireless message to the mayor of Middletown, saying he would land at 3,000 feet from the ground, west until he was less than a mile away. He said to have the speed of 5 miles per hour. Flying over Long Island, he crossed the Brooklyn Bridge and then turned and dipped close to the ground, then turned and dipped closer to the ocean, crossing the pier and falling into the water. He landed in the wreck. His nose was broken and his body badly smashed. He lived but a few moments.

Airman, Who Was First to Cross Continent, Falls at Long Beach, Cal.

Long Beach, Cal., April 3.—Capt. Braith P. Rodgers, the first man to cross the American continent in an aeroplane, was killed here almost instantly late today when his biplane, which he had been soaring over the ocean, fell from a height of 200 feet and buried him in the wreck. His nose was broken and his body badly smashed by the engine of his machine. He lived but a few moments. Rodgers for a week past was making daily flights here and had taken up with him many passengers, both men and women. Today he started from his usual place and soared out to sea, then turned and dipped close to the ocean, crossing the pier and falling into the water. He landed in the wreck. Reaches Pasadena and Will Fly Out Over the Pacific Today.

Started From New York: 45 Days Ago—Actual Flying Time 3 Days, 10 Hours 4 Minutes.

Calbraith P. Rodgers,

Passadena, Cal., Nov. 5.—Calbraith P. Rodgers, the aviator, approaching a successful completion of his ocean-to-ocean jaunt, soared into Pasadena at 4:10 p.m. today on the last part of the thirty miles from Pomona, and from an altitude of several thousand feet landed at Tournament Park.

Tomorrow he expects to fly out over the Pacific and thus make his epoch-making feat really an ocean-to-ocean flight.

Rodgers appeared in the sky line shortly after 3 o'clock. He was sighted first by telescopes from the Solar Observatory on Mount Wilson and when word was flashed down the mountain by telephone it brought 20,000 persons to Tournament Park.

Flying at a height of about 5,000 feet, Rodgers hovered over the city for a few minutes, then circled in a wide spiral and volplaned down. His landing was a signal for a rush by the crowd and he was literally mobbed.

Rodgers started on the last dash of his flight from Banning, Cal., a little town out in the desert, where his arrangement for a rest was made. He started limn Sheepshead Bay race track for his trip to Tournament Park.

And Some Things Which Distinguish It.

[From the Brooklyn Standard Union]

The United States now has its first intangible air line from coast to coast. The first Scott Paper Co. Speed Line never laid out by engineers and not yet subject to regulation by the interstate commerce commission. It was completed today by Calbraith P. Rodgers, who has been steadily advancing from comparative obscurity since September 17, when he started from Sheepshead Bay race track, to establish a route through the wilderness of the air.

The remarkable feature of the trip, Number 12, one unique in the annals of transcontinental travel, is that man went the entire distance from the Atlantic to the Pacific alone. Not one mile of the more than 8000 miles which he has flown did he have pushed a companion.

Pedestrians have left their footprints in the air in all the comforting solace which the plains isolation so often affords the fretted mind. Rodgers, and weary body.

His machine worked splendidly in this long flight longest of all aeroplane trips, and they, like the nerves matched the metal of his motor for harmony of action and endurance. Rodgers, number 6, has earned a high place in the history of record breaking.

The flier arrived over Boston at 1:37 p.m. at an altitude of 1,000 feet and he kept this height until he neared Pomona, twenty-one miles from Pasadena. He remained there until after 2 o'clock renewing his supply of gasoline of the leaky type near leaving his biplane with the ballast in the air and flying his machines from salt water to salt water. Rodgers, and weary body.

PRINCESS PATRICIA OF CONNAUGHT.
DUCHESS OF CONNAUGHT.

Wife of Victoria's Third Son and Daughter of Prussian Dukes of Pommern.

London, March 15—The Duchess of Connaught died yesterday, during the last few days the relatives and friends knew her case was hopeless. In the latter stages of her illness oxygen was frequently administered.

It is thought that the complication of broncho-pneumonia would have been overcome but for the strain on the patient's already taxed system caused by the wound in London in 1913. During the afternoon the duchess was conscious and able to recognize members of her family who were gathered at her bedside.

Princess Louise Margaret Alexandra Victoria Adelina, born July 24, 1859, daughter of Prince Charles of Prussia, and granddaughter of King George I of Prussia, married Prince Arthur Williams Patrick Albert, Duke of Connaught, the third son of Queen Victoria, March 12, 1879.

The Duchess of Connaught was attacked by peritonitis in Quebec in June, 1911, when the duke was governor-general of Canada. She was removed to a hospital in Montreal and recovered. The following January she had another attack in Ontario and was again taken to Montreal. During convalescence the duke and duchess returned to England and in London on April 28 the duchess underwent an operation for removal of the vermiform appendix. In Chelmsford part of the appendix and a portion of the ileum were in character; in order to remove them a wider operation was performed and widespread adhesions of an inflammatory nature.

In October, 1911, the duchess returned to Quebec, but her illness was reported as far from good. In October, 1912, she underwent an operation for removal of the vermiform appendix. It was a singular and solemn ceremony at Banff, Alberta, when, on July 14, H. R. H. the Duke of Connaught was made a chief of the Stony Tribe of Indians. The duke and duchess, with Princess Patricia, met the chiefs in feathers, paint and beadwork, with many braves, squaws and papooses. Chief George McLean read an address of welcome, interpreted by Rev. John McDougall, D. D., and presented the duke with the insignia of chieftainship. The chief also placed a medal around the duke's neck and invested him with a chief's "bonnet." The medal bore a view of Queen Victoria, and, on the reverse, the Law—"to police, advise and assist an Indian. Mr. R. K. Luxton read an address and presented the duke with a white brocaded panne over silver casings of importance. Her gown was white.

The ceremony was performed by the archbishops of Westminster and other bishops resident in the province. The cereals were George and Queen Mary, and a great assemblage of members of the Royal Family and representatives of the British and foreign governments, friends and relatives of the Duke and Duchess of Connaught, and Mrs. John W. Davis were present. The prince of Wales made a special visit from the continent to attend the funerals. The Duke of Connaught has been governor-general of Canada.
NEW BRITAIN, Monday, Oct. 16.

One of the most notable weddings held in this city in recent years took place Saturday evening at the home of Mr. and Mrs. Edward N. Stanley, No. 59 West street, when their daughter, Miss Helen Cordelia Stanley, became the bride of Arthur Henry Harrop of this city, formerly of Toledo, O. Owing to the prominent social connections of the young people the union between the two families aroused the deepest interest in local society circles and few local weddings have equaled and none have surpassed it in beauty and brilliancy.

Six hundred and seventy invitations were issued to the wedding reception, including leading families of this city and relatives and friends from all parts of the country, forming a distinguished company of guests. The invitations to the ceremony were limited to relatives and intimate friends of the bride and numbered about one hundred and fifty.

The ceremony was performed at 7 o'clock by Rev. Dr. James W. Cooper of Hartford, who was for twenty-five years pastor of the South Church, assisted by Rev. Herbert A. Jump, the present pastor. The young people stood behind a bower of Southern smilax, with a huge bunch of pink chrysanthemums. The curtain effect from the bower was carried out throughout the house with exquisite taste. In the reception room, where the ceremony took place, and the living and music rooms were banked with chrysanthemums with a delicate touch of green supplied by maiden hair ferns. The dining room table, in particular their setting, was a huge bunch of Killarney roses. The centerpieces were fringed with ferns. The front staircase was wound with southern smilax, with a large cluster of chrysanthemums. The family windows were decorated with crepe de meteor trimmed with tulle. The front stairway in leaving the house at the close of the reception, was clasped with a pearl crescent pin worn at her wedding.

The maid of honor wore pink chiffon over messaline trimmed with shelled roses and real lace. She carried a bunch of Killarney roses tied with pink ribbon. The bridesmaids were embroidered imported pink chiffon over pink messaline, trimmed with pearl and coral pendants. The beautiful wedding presents were described as follows:

**Beautiful Wedding Presents.**

The wedding presents filled the two front rooms and were a choice and very valuable collection. Over four hundred wedding gifts were received. The bride's parents gave her a handsome set of flat silver and Mr. Stanley in addition gave her a certificate for five shares of American Hardware Corporation stock. The mother of the bride gave a check for $100. The bride's aunt, Miss Carrie Stanley, the bride's aunt, gave her $100. In addition to the other gifts were a Khiva bokhara rug from Mr. and Mrs. Clarence A. Earl, the bridegroom's brother and sister; a mahogany library table from Mr. and Mrs. J. Harry Skillen of Brookline, Mass., and a handwoven rug from Mr. and Mrs. Walter Kirkbride, of Toledo, O., also brother-in-law and sister of the bridegroom; a royal bokhara rug from Mr. and Mrs. Frederick Platt, and the bride's sister, Helen Platt; a Kashan rug from Mr. and Mrs. William H. Hart; an original Whistler picture of the Thames River from Rev. Dr. and Mrs. J. Harry Kirkbride; a coffee percolator and complete set from Mr. and Mrs. Charles F. Smith. A Whistler work which attracted particular attention owing to its historical relations in the family was a towel, from which raised and then, upon was placed the bride's great-grandmother, Elizabeth Stanley, who was married in 1801, the gift of the bride's great-aunt, Miss Emily Stanley, of Toledo. Mr. and Mrs. Walter Harrop of Toledo, O., Mr. and Mrs. Walter Kirkbride of Toledo, O., Mr. and Mrs. J. Harry Skillen of Brookline, Mass., members of the bridegroom's family.

The young people left on an extended wedding trip, and on their return they will reside at No. 31 Lincoln street.

Mr. Harrop is a representative of the Corbin Screw Corporation. He came to this city about ten years ago and he has made a host of friends here. He is a brother of the Rev. Dr. Edward N. Stanley, vice president of the Corbin Screw Corporation. The bride is the daughter of Treasurer Edward N. Stanley of the State's Bank of New Britain, and a member of one of the city's oldest and most highly respected families. She has always been very popular in local society circles.
New York Man Is Married In This City.

MISS BARTLETT HAS AN ANNIVERSARY

Ten Years Ago.

Just ten years ago Miss Caroline Bartlett took up mission work in Hartford at the old Morgan Street Mission, and Mr. and Mrs. Oclcott B. Colton gave a small reception for her last evening at their house where she met the teachers who were to be her associates in god work. The old Morgan street mission building has disappeared in the march of improvements that are continually taking place and now it is the Village Street Mission over which Miss Bartlett presides. It was there last evening, that she was joined by many of her associates, and she met a decade ago under the Colton roof.

Not all of the old friends were there. Two of the teachers of those days are missionaries now, some of those invited were out of town and unable to come, and good Mr. Gillette, who was expected to send some word of greeting to his friends and former associates, died a few days ago. Miss Bartlett spoke of him and his work in her few informal words of greeting, and she also gave an especial welcome to the husbands and wives of the teachers of ten years ago who were invited to the party, ex-officio. Some of the songs that were most in favor in the mission were sung by the assembled company, and some very brief and informal remarks were made. Mr. Colton, who Miss Bartlett said always did anything that was asked of him for the mission, spoke of the present work of the mission.

Previous to the singing and speaking refreshments were served and there was a general talking-over of old times and new among the guests.

The residence of F. W. Stickle at the Junction was the scene of a home wedding at high noon on Saturday, when Lula Evelyn Stickle, a daughter of Mr. and Mrs. Theodore Stickle of Hartford, and Miss Marion Roberts, a sister of the bridegroom, were married in yellow silk and carried a bouquet of yellow chrysanthemums. Martin W. Moran of Hartford was best man. The bride’s gift to the bridesmaid was a pin set with amethysts. A reception followed the ceremony, which was attended by some fifty guests from Hartford, Waterbury, New York and New Jersey. Autumn leaves, palms and chrysanthemums formed the decorations. Mr. and Mrs. Low will spend their honeymoon in Vermont and will make their home in New York, where Mr. Low is employed as a traveling salesman by Rogers & Co. Kinahan Cornwallis, a great grandson of the late Bishop Brownell of the Episcopal diocese of Connecticut, was married to Gertrude, second daughter of Mr. and Mrs. A. E. Bowden of Colworth in Bedfordshire, and London at the Church of the Holy Trinity in London, on October 14. The ceremony was performed by the Lord Bishop and the Church of London is in Great Britain’s Sudan civil service and is the eldest son of Kinahan Cornwallis of New York city.

There are 70 acres in Mr. Choate's Prospect Hill "plantation," which he acquired in 1885. In that year he built the spacious brick villa, where the reception will be held to-day. To the estate Mr. Choate early gave the name of "Naumkeag," an Indian word known to his ancestors in Salem as "a haven of rest." The hillside is laid out in terraces, winding paths and shady lanes with here and there little summer houses and fountains. Most beautiful of all the landscape features is the Italian garden with its rows of evergreens.

The most notable golden-wedding celebration held in Western Massachusetts in many years was that of former Ambassador and Mrs Joseph H. Hundreds of guests came to bring congratulations, and many at a distance sent messages of good will, among these being President William H. Taft and King George. Distinguished Lawyer Was Too Ill to Receive Callers.

New York, Jan. 24.—Joseph H. Choate, former Ambassador to Great Britain, was 80 years old today. He was born in Salem, Mass.

Mr. Choate lies ill at his home with a cold he caught last night at the dinner given the Duke and Duchess of Connaught and the Princess Patricia by the Ambassador and Mrs. Reed.

The aged lawyer received scores of telegrams and gifts. The hall of his home was filled with flowers. All who called today received the same message—that Mr. Choate is so ill that he believes it best to receive no one.

Mr. Choate's Career.

Joseph Hodges Choate has long been recognized as one of the foremost lawyers in the United States and he has been connected with some of the most noteworthy cases during the past half-century, but his service as ambassador of the United States at the court of St. James from 1889 to 1896 makes his fame international. "Mr. Choate is a native of Salem, where he was born January 24, 1832. He was graduated at Harvard in 1852 and Harvard law school two years later. He began the practice of law in Boston. He soon went to New York, where his legal attainments soon made him prominent. Mr. Choate was president of the New York constitutional convention of 1884, and in 1897 he was a candidate for United States senator, but failed of election. In 1899 President McKinley named him as ambassador to the court of St. James, as the successor of John Hay, and he served with distinction until 1905. C. H. WICKHAM HEADS
WADSWORTH BRANCH
Paper on Declaration of Independence by Leverett Belknap.

MANY SIGNED IT WHO WERE ABSENT JULY 4.

The annual meeting of the Colonel Jeremiah Wadsworth Branch, Connecticut Society of the Sons of the American Revolution, attracted a large number of members at the home of Dr. George C. F. Williams at No. 990 Prospect Avenue last evening. Dr. Williams, who has been the leading spirit in the growth of the local branch, declined to serve as president for another year, owing his activities as president of the state society. Captain Clarence H. Wickham was elected president. An instructive and interesting paper was read by Leverett Belknap on "The Story of the Declaration of Independence."

The nominating committee, consisting of Charles Hopkins Clark, John M. Barker Jr., Maiga H. Whaples, Rev. Mr. Belknap began his paper by giving the preliminary history that had to do with the resolutions in the Continental Congress that resulted in the Declaration of Independence. The colonies instructed their delegates to propose independence, many of them doing this in June, 1776. New York did not instruct her delegates until after the proclamation was adopted by the Congress. Richard Henry Lee of Virginia, whose request for his colony to propose independence, moved his famous resolutions June 1, 1776, and the Congress seconded his motion. The resolutions were not formally considered until July 1. Only July 2 the committee was prepared to receive the resolutions. It was named Thomas Jefferson was the chairman of this committee and drafted the greater part of the document. R. K. Livingston of New York was one of the committee of his state had given no instructions and the delegates were excused from voting. Mr. Belknap thought that Mr. Livingston was not even present on July 3.

July 4 was a hot day and the Congress had an all day session. Swarms of flies from a nearby livery stable came and went through the doorways of the delegates. Among whose names appear upon the document are many who were not present July 4. Among these were George Washington, Oliver Wolcott, and William Williams of Connecticut, Charles Carroll, who had not even taken his seat as delegate at the time, and Richard Henry Lee, the proposer of the resolutions.

John Adams was the leading spokesman for the Declaration. John Dickinson of Pennsylvania spoke against it, thinking the time not yet ripe. The vote of the Pennsylvania delegation at first was against it and South Carolina was against it. Many signed it August 2. The New York members signed after the New York provincial directory directed them to do so, July 9. Copies were sent to the different states. Delegate McKean of Delaware did not sign for considerable time. One authority says that he did not sign until 1781. A copy received by Connecticut in 1777 does not contain his name.

An interesting medal was exhibited by Mr. Belknap which belongs to Mrs. Edward Payson Hammond of this city who is a descendant of two of the signers of the document. Mr. Willing of Pennsylvania, was present July 4, but his name does not appear on the document, but was not present July 4.
